**DDK:**

Welcome one and all to Night Two of DEFIANCE Road! We saw some unreal things last night and some amazing matches, but I truly think the best is yet to come! Tonight, we see the Unified Tag Team Titles up for grabs in a three-team ladder match! The Saturday Night Specials defend the gold against two of the best teams to ever do it! Los Tres Titanes and the Pop Culture Phenoms! The WARCHAMBER with Lindsay Troy looking to finally end her issue with Cayle Murray!

**Lance:**

And so much more! Conor Fuse goes up against the man who has anointed himself as synonymous with DEFIANCE, former two-time FIST Oscar Burns! The Southern Heritage Title is potentially on the line if three-time former Favoured Saints champ and Breakout DEFIANT of the Year, Rezin, lasts fifteen minutes against Scrow! Dex Joy takes on Arthur Pleasant in a match where it is No DQ rules apply only to Arthur! And Mushigihara wants revenge for his tag partner, David Fox, when he takes on Search Party Cyrus!

**DDK:**

But to kick off the show, it's the same people who kicked off Night Two of Acts of DEFIANCE in a hell of a physical battle! Henry Keyes goes one-on-one with his rival of the past six months, Alvaro de Vargas! After fighting to a double count-out on DEFTv 163, this match was made with Falls Count Anywhere! Tonight, this months-long grudge ends now and there MUST be a winner!

**Lance:**

That match starts... RIGHT NOW!

The bell rings to officially kick off the high-energy show as Darren Quimbey stands in the ring ready to announce the show!

We see a large number of Faithful cupping their hands to their mouths imitating propeller sounds!

*♪ "Airship Pirate" by Abney Park ♪*

Instead of the pure red beacons of light that often accompany a Henry Keyes entrance, we get pulsing glows that alternate between red and deep blue, and we hear a HRUMMMMMMMMM of some kind of engine. Emerging through the curtain first is a pair of wheels, attached to a long brass cylinder, before finally we see a begoggled Henry Keyes driving a Very Steampunky single-passenger "car".

**DDK:**

This guy...he really likes to be riding something to the ring, doesn't he?

**Lance:**

We all remember LitterGate and the pirate ship from past events, but whatever the hell THAT thing is, it looks pretty custom-made to me!

Some dark smoke sputters out of the back as he stops the vehicle on the stage and he stands up, fashioning a navy leather coat and a pair of black driving gloves. A Plague Doctor hustles out from the back as Keyes steps out of the vehicle, removing his coat, gloves, and goggles. He places them in the arms of the waiting Plague Doctor, who pops open some kind of back trunk on the car and tosses them in. The doc hops excitedly into the driver's seat and slowly steers it around to the back as Keyes power walks to the ring.

**DDK:**

Henry Keyes has said for weeks now, he wants this to be the last chapter of this brutal saga he's had with Alvaro de Vargas.

**Lance:**

I for one am going to be a little sad to see this feud end - there have been some HELLACIOUS matches over the last six months, not to mention the drama and personal stakes! It's been must-see television!

**DDK:**

The Faithful will recall that this all started when Better Future Talent Agency was rejected by Conor Fuse many moons ago, and they placed the blame squarely on Conor's buddy, Henry Keyes. It's been nothing short of all-out WAR since then.

**Lance:**

I think we can all agree Conor made the right decision though, right? Rejecting Better Future?

**DDK:**

Indeed - he's in a feature match later tonight against Oscar Burns, and it's clear he's climbed the ladder very effectively on his own.

Once Keyes gets settled into the ring, Abney Park fades out. Out comes Tom Morrow, in a blue and white-striped business suit looking dapper for the evening. He turns on the BFTA-branded headset against his face and it is fed into the speakers of the arena.

Look at Alvaro. A new look for him tonight, dressed to fight. All business tonight.

**Lance:**

As dangerous as Alvaro was before, this is a far cry from the man wearing tiger gear for months, that's for sure. He attacked the arm of Keyes with that chair viciously on the last episode of DEFtv and you have to wonder how that will come into play here.

Alvaro looks up at Keyes... Keyes back at Alvaro.

***DING DING***

Both men run right for one another and much like where they left off at DEFtv 164, they both go right to exchanging blows to the delight of the crowd!

**DDK:**

Here we go to kick off Night Two and we're already going for broke! Keyes and ADV throwing punches!

The two rain down on one another quickly, but it doesn't last too long before Keyes fires another shot and wins the first exchange. He carefully keeps his left guarded before swinging with his right... but both men have the same idea at one time and CRACK one another with big lariats! Neither man goes down right away...

Alvaro gets a lot less glamorous as Tom Morrow watches from ringside, ADV pounding away on Keyes. After taking a few seconds to rain down punches, ADV curses at Keyes under his breath in Spanish before pulling the Airship Pirate up and then whipping him across the ring. He measures him up and then charges for a corner clothesline... but Keyes side steps out of the corner! Alvaro is dumped head over heels and then stumbles up to his feet, only for Keyes to run at him and then fire off a huge European uppercut! He strikes ADV across his jaw with two more big uppercuts and then grabs his leg, arm over... this time with a big fisherman's suplex out of the corner!

**Alvaro de Vargas:**

**Lance:**

Now what's he doing?

Alvaro goes under the ring and gets a chair. He slams it on the ground to let the people know what's about to happen to Keyes while he's still slumped over against the railing. ADV has a sinister intent about him as he brings the chair up... But Keyes gets a foot up first and kicks him square in the stomach!

**DDK:**

Keyes saved himself at the last second!

Sure enough, the two are CHOPPING the daylights out of one another in the crowd near a six year old kid wearing a tee shirt with a big hamburger on it and a sign that says "I LOVE WRESTLING!". Mom and dad try to protect the earnest young recapper. ADV and Keyes continue until ADV finally trades chops for a rake of the eyes! He slugs Keyes with a straight right and has him stumbling back to the crowd. ADV looks down at the kid.

**Alvaro de Vargas:**

Don't meet your heroes, kid! Cause El Sol Dorado just might cripple them!

ADV angrily curses at Slater in Cuban Spanish, slapping three times on his hands. He gets up and drags Keyes with him as the two start to fight their way through the back. Tom Morrow is still hanging around ringside, watching the brawl continue with ADV dragging Keyes via a headlock and then delivering a few sucker punches for good measure. He battles over to where both men end up concessions!

Keyes gets the back of his head palmed and shoved past a line of hungry people before ADV slams The Airship Pirate's face onto the counter. Just to be the dick that he is, The Cocky Cuban takes a bottle of water and then takes a swig before spitting the water in Keyes' eyes!

**DDK:**

Come on! That's disrespectful... AND unsanitary!

Keyes is doubled over and then ADV grabs his taped arm, then SLAMS it against the counter again! The Airship Pirate is in a bad spot when he works it over again by cranking the arm and then dropping another elbow into the joint! When Keyes is on a knee, ADV takes the rest of the water and dumps it on his head! He tosses the bottle, then steals some fan's popcorn... then dumps that all over Keyes as well.

**DDK:**

This is degrading! Come on!

He kneels over and grabs the jaw of Keyes before SLAPPING him, inducing a loud chorus of jeers!

ADV crashes over the counter and takes a nasty tumble back to the other side!

Keyes taking back control of the fight! ADV tried to lock himself and Keyes in that elevator to end this, but Keyes has different plans!

Another camera crew catches a foot kicking Alvaro out of the elevator and onto the upper decks of the WrestlePlex with the echoes of the Faithful still loudly! Henry Keyes and a very reluctant Brian Slater exit the elevator. Keyes has a bloody lip from somewhere in the scuffle, but now looks like he's in kill mode.

**Lance:**

Alvaro has wanted this rematch with Keyes for a while now... and I think that he's going to regret that decision momentarily!

Keyes charges and then tackles Alvaro right into a wall, but ADV grabs him by the neck and neck with a front facelock to try and control Keyes. He punches away with his free arm at Alvaro's side, but El Sol Dorado throws a quick pair of knee lifts up and then shoves him back against the wall. Nearby the elevators is the entrance to the Boss' Skybox and next to that, a hefty-looking fire extinguisher!

**DDK:**

That's a peek near the doors of our main Skybox! Typically reserved for high-paying clientele. That's the same one 24K used to frequent, but now I understand a few Favoured Saints execs are occupying for the moment!

**Lance:**

ADV doesn't give two squirts about that... he's eyeing that fire extinguisher!

He breaks the glass with his elbow and takes out the extinguisher while Keyes is still pressed against the opposite wall.

**Lance:**

Ooof. That's gonna be a fine or jail time if you break those and it's not an emergency.

**DDK:**

Maybe so, but... AHHH! KEYES FIGHTS BACK!

The Faithful EXPLODE when Keyes CHARGES towards Alvaro and tackles him right into the door to the Favoured Saints' private skybox, sending both men to the floor and ADV dropping the weapon he planned on using! Various onlookers start to scatter from the box when Brian Slater comes in and tries to apologize.

**DDK:**

Keyes looks up and sees the Favoured Saints CEO Daniel Davidson with his wife and young son watching the show.

ADV sits up happily and then grabs a beer from behind the counter like an asshole before opening the Skybox window to LOUD jeers from the crowd. He starts pretending to bathe in their jeers and pours a swig out over his own head in victory!

**Alvaro de Vargas:**

I told you, pirata dirigible! Yo gano! I. Win.

ADV takes a victory swig and sees Morrow. He grabs two more beers from the skybox and brushes right past him to get out the door of his skybox to celebrate perhaps his biggest singles win in some time! Morrow shakes his head, but does look happy that his charge won as they go off.

**DDK:**

What a violent way to open the show! Falls Count Anywhere ends with Alvaro de Vargas settling his months-long grudge with Henry Keyes, finally pinning him one on one to end this rivalry. We won't hear the end of this, will we?

## YOU WERE WARNED

**Lance:**

I don't know, but we're going to be switching gears shortly. But... wait...

The crowd starts to clap as Keyes shows a glimmer of life, stirring from the splinters of the shattered snack table. Referee Brian Slater offers his assistance to Keyes, which Keyes shakes off as he slowly rolls to his hands and knees. Then to one foot, and after another pause, to both feet, his eyes betraying a man clearly in major pain that doesn't want to show it. As Keyes looks out from the box, he winces as he raises his right fist for a moment towards the crowd to a rousing show of appreciation and support, keeping the towel over his head.

**DDK:**

It's amazing to see this man conscious, let alone pulling himself up under his own power! He fought through an absolute war tonight!

**Lance:**

It had been a charging big boot that had taken Keyes's face off. A boot from a man we were warned about for months now.

***Corvo Alpha.***

**Lance:**

...he's here!

Before Keyes can regain his footing, the brute presses his advantage. Clubbing forearms rain down. Keyes actively tries to block each one, but reacts just a moment too late each time. Keyes absorbs shot after shot after shot, and soon he is unable to defend himself at all. Corvo shoves a couch out of his way before snatching Keyes by a leg.

**DDK:**

Henry Keyes has been through a WAR tonight... and now Corvo Alpha... is he going to kill him??

Alpha cinches his leglock a little deeper and drags Keyes towards the wall. With strength and power a man his modest height shouldn't have, Alpha swings the lifeless body of Keyes around headfirst into a nearby vending machine. On cue, the green light of the machine flutters before dispensing a Vernor's ginger soda that falls on top of Keyes's unmoving head. Alpha, Leviathan Unleashed, pulls Keyes into a half crab as DEFsec starts streaming into the owner's box. Keyes is so worn down from the brutality that he couldn't tap even if he wanted to, which he surely would if he were fully conscious.

**Lance:**

We have a situation on our hands here, thankfully security is here to de-escalate this brutal assault...

He throws Keyes's leg down, pie-faces the first security guard so hard that he takes out another DEFsec behind him, and he levels a third with a boot. Snarling and spitting, Alpha pulls Keyes to his feet and brings them both towards the edge of the owner's box. The camera cuts to a far shot. The spotlight shines bright on the owner's box as the crowd noise grows with a rising tenor of fear and anticipation.

**DDK:**I don't like ANY of this... *NO!!*

More DEFSec appear on the scene, but they pause, yelling at Corvo to stop as he approaches the ledge. The animal doesn't hear them. He doesn't look down...instead, with zero hesitation, he grabs Keyes in a chinlock and charges forward – a running bulldog off of the balcony. The capacity crowd holds its collective breath, a gasp felt at home. Seconds feel like hours as they plummet...

***CRASSHHHHHHHHHHHHHHH!!!!***

They tumble out of camera-shot with the crash and the fans groan in shock and horror, an electric murmur that steadily hums over the moment. We hear several high-pitched screams. The camera pans to several members of the Faithful - some with their hands over their mouths, others with their hands on their heads. No one seems to know how to process what just happened. We cut to Craig Hamburgers, who is seen clinging tightly to his dad, head buried in his side. Poor dad tries comforting his son to no avail.

**Lance:**

NO! NOT HENRY!!

*HOLY SHIT! HOLY SHIT! HOLY SHIT! HOLY SHIT!*

We cut to a running camera shot arriving at the scene of what would otherwise appear to be a horrific car crash. Alpha has driven Keyes face first through a platform stacked with production equipment on the lower level. Wires, broken boxes, sparks, and camera equipment cover the men as nearby producers and technicians flee the scene. Laying broken and shattered within, Henry Keyes is frighteningly unmoving. His entire head is buried through a section of an equipment box. In the background of the shot, we spy a figure seated at the foot of the disaster in a folding metal chair. As if he'd been expecting them, Lord Nigel Tricklebush tips his bowler cap towards the unmoving Henry Keyes. After a moment, Corvo Alpha somehow emerges in one piece and Nigel rises to his feet with a strange grace. Offering a golf clap to the gladiators at his feet, his champion lives...

**DDK:**

SOMEONE GET THEIR ASS TO HENRY KEYES RIGHT NOW! HE NEEDS MEDICAL ATTENTION!

**Lance:**

This is...I...I don't even know.

Alpha scowls, his ugly face smeared in globs of sweaty black paint. His hairy chest smeared with red, Corvo Alpha seems to feel the Faithful around him for the first time. In pain, broken himself, he fights to stand to his full height, eying the fans with disdain and a strange curiosity... before sharing with them the closest thing he has to a broken smile.

*♪"Electric Funeral (Instrumental) by Black Sabbath ♪***DDK:**

How is Corvo Alpha on his feet?!? What have we just witnessed?! CAN SOMEONE GET TO HENRY KEYES, PLEASE??

The camera pulls tight on the still-unmoving body of Henry Keyes, mangled and dismembered. Medical staff, including Iris Davine, finally rush to his aid and begin the delicate process of checking him out and loading him onto a stretcher. Iris shouts at the nearest cameraman to go away as soon as she sees Henry's face for the first time. The camera spins to find the perpetrator. Lord Nigel places a black-gloved hand on the heaving shoulder of his charge with approval. Alpha drops to his knees, exhausted, in pain and enthralled.

Corvo Alpha has COME for DEF Road... and Henry Keyes has paid the ultimate price. Who will be next?!?

*"AND PLEEAASE WHEN III GO OUT WITH YOOUU!*

*"DOON'T PUUT ME ON DISPLAAYY, 'cause..."*

Three REAPERS wrap the straight-jacketed Rezin up with a heavy metal CHAIN and padlock it tight. Even though the footage is black and white, we can see by their builds that they're the ever unpopular trio of Reapers Magenta, Cyan, and Chartreuse.

*"You don't own me.*

*"Don't try to change me in any way.*

*"You don't own me.*

*"Don't tie me down 'cause I'd never stay."*

The camera continues zooming out, never cutting. Reapers zip Rezin up into a body bag then place him into a trunk, which gets padlocked. The slow continuous zoom reveals the doorway as the Reapers exit and shut the door behind them, barring it shut.

*"III DOON'T TEELL YOU WHAT TO DOO!*

*"III DON'T TEELL YOU WHAT TO SAAYY!*

*"SO JUUST LEET ME BE MYSEELLF!*

*"THAAT'S AALL I ASK OF YOOUU!"*

The continuous shot zooms out through the hallways as the Reapers douse the floor using cans of gasoline. We eventually back out through the front door of a decrepit house, as the Reapers lead a trail of gas over the threshold and bolt the door behind them, effectively sealing off the house. Over the PA, Lesley takes it home.

*"I'M YOUNG! AND I WANT TO BE YOUNG!*

*"I'M FREE! AND I LOVE TO BE FREE!*

*"TO LIIVE MY LIIFE THE WAY I WAANT!*

*"TO SAAY AND DOO WHATEVER I PLEASE!"*

The Reapers walk a few paces away from the front porch before one of them casually drops a match at the end of the gasoline trail. Within a matter of moments the house lights up into a BLAZING INFERNO...

*"Cause... you don't own me."*

On cue, "The Escape Artist" Rezin steps into the frame, having seemingly escaped from his confines. With the burning house serving as his epic backdrop, he casually lights up a spliff, takes a drag, and delivers into the camera a CLOVEN HOOF KICK -- and it cuts to STATIC!

## THE BELTS ARE SO HIGH

We're backstage where Christie Zane stands in front of a DEFIANCE banner. Dressed for the occasion, Zane smiles into the camera.

**Christie Zane:**

Ladies and gentlemen... my guests at this time... DEFIANCE Unified Tag Team Champions... The Saturday Night Specials!

We can hear a cheer rise up from the audience in attendance as Brock Newbludd and Pat Cassidy step into view, each dressed for competition later in the night but not sporting their belts as they are currently hanging high above the ring.

**Christie Zane:**

Brock, Pat... you've gone to war for those championship belts since winning them, but there is no doubt that tonight - in a three-way ladder match - this is your greatest challenge. Are you prepared for the intensity of this match - especially considering you will be up against people you consider friends?

**Brock Newbludd:**

Christie, this PPV right here marks the one year anniversary of SNS making their PPV debut in DEFIANCE and we kicked things off by handing The Stevens Dynasty an ass whippin' that sent runnin' straight back to the doublewide. Fast forward one year later and here we stand as not only the tag team champions of DEFIANCE but also the number one tag team in the world. And that's one-hundred percent, bullshit free, facts.

Newbludd raises a fist up and Cassidy is quick to bump it with one hand as he nervously runs his other one through his hair.

**Brock Newbludd:**

The deck is stacked against tonight, we know that. But, that's just fine with us because we wouldn't have it any other way. Great teams rise up to great challenges, and tonight we're going to take care of business just like we did all of last year. SNS is going to climb that ladder just like we climbed through the ranks of the tag division, and when we reach the top, we're taking that gold home with us. LTT and PCP may be our friends but they're also in our way, and we're going to do what we have to do to get them out of it. No hard feelings, guys, but the SNS Express slows down for no one once that bell rings. Ain't that right, Cass?

As Brock is speaking, Pat Cassidy is fidgeting his right hand and looking off camera - uncharacteristically distracted. Christie turns to Pat, expecting him to chime in per usual. Since he's looking off into the distance, it takes him a second to realize that Christie is trying to address him. He figures it out and shifts uncomfortably from left to right as he speaks into the microphone.

**Pat Cassidy:**

Yeah. That's *right*.

Christie looks confused at the usually talkative Pat Cassidy being so abrupt. She shrugs it off and turns back to Brock.

**Christie Zane:**

What about the nature of the match - it's a ladder match which you have to believe favors the high flying competitors like Elise Ares, The D, and Minute. You guys aren't exactly known for your aerial tactics - what's your plan going into tonight?

**Brock Newbludd:**

Tonight isn't about who can do the most flips, it's about who can survive long enough to snatch the gold. So, the plan is the same as it always is. Kick some ass, put on a show for The Faithful, and have a pile of beers at the bar afterwards. SNS is all about celebratin' the wins, Christie, and later tonight we'll be kickin' 2022 off in style with those belts back around our waist where they belong. And before you ask, yes, you're invited.

Again - as Brock cuts his promo, Cassidy's mind is definitely elsewhere. Finally, Christie decides to address the elephant in the room.

**Christie Zane:**

Okay, okay. Pat - what's up with you, buddy?

Cassidy snaps back into attention. He licks his lips nervously, looking from Zane to Brock and back to Zane again.

**Pat Cassidy:**

...what?

You seem... I don't know... nervous?

Cassidy barks out a forced laugh.

**Pat Cassidy:**

Nervous? Nervous? Come on, Zane. When have I ever come out here nervous before a big match?

**Christie Zane:**

I know. That's why I asked. It seems so...

But Cassidy continues, oblivious to her trying to cut in.

**Pat Cassidy:**

Do I *care* that it's a ladder match? Hell no! Ladders are just tools right? You buy them at Home Depot for crying out loud. No big deal. Everyday thing. I mean yeah... to win you've got to climb up and get the belts. And that's kinda weird, right? Climbing up to win? What's up with that? But what exactly are you accusing me of, Zane!?

Cassidy slaps himself in the face, seemingly to snap out of it.

A beat. Cassidy looks a little unsure again.

**Pat Cassidy:**

But uh... if you wanted to tackle the majority of the climbing, buddy... I wouldn't be upset, you know what I mean?

Newbludd chuckles and places a hand on his buddy's shoulder.

**Brock Newbludd:**

Don't sweat it, bro. I'll handle the climbin' while you handle anyone who tries to stop me. Besides, what are friends for, right?

That's right! Hell yeah! And you...

Cassidy looks at Christie disappointingly.

Introducing, from Los Angeles, California and weighing three-hundred fifty pounds... he is "UNLIMITED ENERGY" DEEEEEXXXXX JJJJJJOOOOYYYYYYY!!!!

Dex has brand new gear for the occasion! He wears the same black hoodie he had during his pre match interview! A black singlet with the same gold and black infinity logo with "DEX" above and "JOY" below and black shorts with the same pattern. Golden colored boots, knee pads and elbow pads! Dex stomps to the ring with a very renewed energy in his gait!

**DDK:**

Dex Joy looks like a new man, but will it be enough to overcome whatever Arthur Pleasant's warped mind can come up with?

**Lance:**

That remains to be seen! AP is very dangerous with those kicks and he showed that when he and Dex Joy last fought! He's coming for Arthur, but that's much easier said than done. Especially when a guy like Dex who wears his emotions on his sleeve has to contain any rage he has and follow the rules.

The upgrade from Big Dex Energy to UNLIMITED Energy seems to put some new pep in his step when he climbs inside the ring. Dex is all business tonight and he is trying to make himself as mentally ready as he can for being in the ring with a man like Arthur Pleasant.

♪ "All Within My Hands" by Metallica ♪

BOOOOOOOOOOOOOOO!!

**DDK:**

Uggg ... this man makes me nauseous.

**Lance:**

I can't think of another person-- in recent memory anyway-- that has generated this much heat just from the opening few chords of their theme. Number Three Wrestler in the World my behind!

Within a few moments Arthur Pleasant comes out from the Guerilla position all alone. Jack Harmen has his own matters to worry about and Aaron King is injured. Arthur doesn't appear to be sweating this match knowing what he has on his side.

**DDK:**

Some pure wrestler. He would only agree to this match if Dex agreed to this twisted stipulation just like Acts of DEFIANCE.

**Lance:**

If there is any consolation albeit a small one ... it is that there is no career of our DEFIANCE officials on the line, but Dex may be putting his own career in Arthur's hands depending on what his sick mind cooks up.

Pleasant slowly saunters to the ring where Dex Joy is shooting an ice cold stare. Pleasant soaks in the revolted crowd's reaction and walks an entire slow, agonizing lap. Dex Joy still doesn't budge even when Arthur is behind him on the outside, but Dex doesn't take his eyes off Arthur being prepared for anything.

Arthur Pleasant can't help but look like the cat that ate the canary when it comes to Dex Joy. Dex has never pinned or submitted the man that calls himself DEFIANCE's One True Pure Wrestler. Arthur knows it and looks like he's trying to provoke a reaction out of Dex right now.

**DDK:**

Dex is trying everything he can to keep his temper in check. We'll all never hear the end of it if Arthur wins because Dex gets himself disqualified.

**Lance:**

Oh yeah we never will. I know we're supposed to be unbiased but I hope Dex uses Arthur's face to literally wipe the mat with. It would be the only positive contribution Pleasant has ever made in our ring.

**DDK:**

No, Lance, tell us how you really feel.

Arthur gets ready. Dex gets ready.

The bell rings!

**DING DING**

The hot crowd want to see what happens, but Arthur leaves the ring right away! He purposely struts the outside and waves sarcastically at Dex, who hasn't moved from his spot and isn't taking his eyes off Arthur.

**DDK:**

The mind games begin. Remember ... Dex is wrestling under traditional rules. Arthur can pretty much use whatever he can get his hands on, use illegal means and all that with that sick smile on his face.

**Lance:**

Way to kill my buzz this evening, but this crowd is hot!

"BIGGEST BOY! BIGGEST BOY! BIGGEST BOY! BIGGEST BOY! BIGGEST BOY!"

Arthur isn't being counted out either since he's playing under no disqualification but he does go under the ring to grab a chair and slide it in to Dex!

**DDK:**

What is he doing?

**Lance:**

Mind games. All mind games.

Arthur climbs in with Dex still standing like a statue but not taking his eyes one second off Arthur. The Provocateur picks the chair up and offers it to Dex!

**Arthur Pleasant:**

Come on fat-ass! You know you want to! Just one good bash on this here skull! (he points) right up here!

Dex doesn't take the chair and he's trying to contain his anger.

**Arthur Pleasant:**

I'm the reason you aren't main eventing this show! I'm the reason you aren't the Favoured Saints champion! I'm the reason little old Natty Eyce isn't here!!!

Now Dex looks like a volcano ready to blow.

**Arthur Pleasant:**

Now are you gonna do it? Come on, you fat pussy, take a swing!

He looks at the chair and is really considering it ... then he takes it! Arthur looks happy and turns his back but looks over his shoulder.

**DDK:**

Dex don't do it! This is what he wants!

He's goading The Biggest Boy to take the swing and holds both arms out and then puts them behind his back ready to accept it.

**Arthur Pleasant:**

Do it. DO IT! DO IT!!!!

Then he does the unthinkable and spits on Dex's new attire!

**DDK:**

He's really asking for this ...

Joy looks ready to literally explode and injure Arthur ... but instead, he drops the chair and he runs right into Arthur with a big clothesline that spins him inside out!

**Lance:**

YES! Dex didn't take the bait! Arthur was playing a dangerous game there and it backfired big time!

Dex starts mauling Arthur with his own two hands and picks him up in a front face lock. He pitches Arthur up and then dumps him right at his feet! The Scourge's Fearless(?) Leader gets picked up and then Dex swings with an elbow shot so stiff that Arthur crumbles to his knees!

**DDK:**

Dex has six months of frustrations to take out on Arthur and he's doing it now!

Arthur is put into a corner and one by one, Dex strikes his ribs with three heavy elbow strikes!

*BOOM!*

*BOOM!*

*BOOM!*

The One True Pure Wrestler of DEFIANCE is being taken to task by UNLIMITED Energy Dex and then he gets struck in the side of the head with another big shot! The blow stuns him so far, Arthur gets struck right out of the corner and can barely stay upright against the ropes as he tries to bail.

**DDK:**

Dex told me he has been training with some striking coaches before this match and it looks like so far they are paying off!

Dex throws more elbows into Arthur's rib cage. He tries to block a strike, but Dex spins him around and then dumps him again on the mat. When Arthur tries standing again after that Dex corners him on the next side. Arthur throws a boot up, but Joy catches it first. He pulls Arthur out of the corner and into his arms before throwing him down on the mat again with a big release slam!

**DDK:**

If Dex can he has to keep putting pressure on Arthur! If he even gives him one chance to go on the offense that might be it!

**Lance:**

Arthur Pleasant is being pinballed around that ring!

Another elbow from Dex nails Arthur in the jaw when he tries standing and he pays for it. Arthur falls to his knees, but Dex catches him and doesn't let him fall all the way down. He picks Arthur up and uses a powerful biel toss to pitch Arthur across the ring again! He bounces off the mat and falls to the outside floor.

**DDK:**

Dex better get him back in the ring quick!

**Lance:**

That's right! This isn't the falls count anywhere match and that applies even to Arthur! No DQ still means you have to beat your opponent in the ring ... or unfortunately a count out in Dex's case if he's out there too long.

Dex goes outside and the official begins to count as he stalks Arthur like Michael Myers down a narrow hallway. Arthur reaches under the ring and has a tool box and a chair but before he can do anything with the weapons, Dex grabs his leg and drags him away. He pulls him up and then hits another big heavy elbow and then bends him over to drop another elbow against the back of his skull! He throws Arthur back in!

**DDK:**

Dex is wrestling a great contest by trying to keep Arthur in the ring!

But it is easier said than done. Dex rolls into the ring ... but Arthur goes out the opposite side. Dex gets angry again, but doesn't lose his cool entirely yet.

**Lance:**

Just one mistake. Arthur trying to keep out of the ring at all costs and lets Dex come to him.

Dex gets out of the ring from the other side. Arthur has been elbowed many times by Dex but when he turns around he gets the whole body coming at him

**DDK:**

Dexy's Midnight Runner!!!

**Lance:**

Did you see Arthur bounce! That Dexy's Midnight Runner has turned the tide and helped Dex win many matches!

The powerful and explosive pounce sends Arthur bumping halfway across the ringside floor and lands in a pile! Dex finally wrestles with some more speed and then takes Arthur to put him back inside the ring. Dex stalks Arthur like an animal ready to pounce. He runs to Arthur's side just as he gets on his feet and then knocks him right down with a running cross body!

**DDK:**

That might be it!

Dex goes right into the pin!

*One ...*

*Two ...*

*No!!!*

Dex doesn't know for sure how Arthur kicked out of that move but he does so!

**Lance:**

Don't let up, Dex! You gotta finish this!

**DDK:**

He does!

It's another elbow for Arthur before Dex puts him on his shoulders. He looks to try and hit the Dex-5, but Arthur uses an eye rake out of desperation in full view of the referee to break himself free!

**Lance:**

And there he goes. He can't be disqualified but he's doing it knowing full well the referee is powerless to stop him.

He looks at the referee while Dex is doubled over in pain from his eye and smiles. He then goes to bite Dex on the forehead! Dex shouts out but again the referee can't stop it! He bites and then turns to the official.

**Arthur Pleasant:**

Go ahead and DQ me shit stain ... oh wait!!!

And then rakes the eye of Dex again!

**DDK:**

He's really having the time of his life antagonizing our officials. The lack of respect he has for anyone other than himself is appalling more than most of the people in DEFIANCE Wrestling.

**Lance:**

And now what is Arthur trying?

Dex is left up against the ropes. Arthur throws some of his patented muay thai kicks and hits Dex. Joy has felt those kicks before and knows first hand how strong they are even to a man of his size. After being convinced that he has Dex Joy right where he wants him, he gears up looking for another kick by running off the ropes ... SHOT GUN DROP KICK BY DEXY BABY!!!

**DDK:**

No! Arthur made a big mistake there! He had Dex where he wanted him but took too long for that kick!

**Lance:**

And Dex caught him with his own shot gun drop kick!

Arthur goes flying out of the ring from this kick. He leaves the ring for the first time and it's not his own doing. Dex checks on his own eye to make sure that he is okay before he gets up. He sees Arthur and he looks like he is on dream street. That gives Dex the chance to fire up and get the crowd chanting with him.

*WHOOOOOOOOOAAAAAAA!!!*

Dex Joy gets a running start and he's got the "Whoa-pe" dive coming up ...

*SMACK!!!!*

But Arthur throws the chair he dragged out earlier right into Dex's face! The chair getting thrown is very loud and is enough to stop Dex cold!

**DDK:**

No way! Arthur had great positioning there and I hate to pay him a compliment for anything.

**Lance:**

Dex took a little too long playing up to the crowd and he paid for that. You can't take liberties with a guy as dangerous as Arthur Pleasant!

Arthur has saved himself from a three-hundred and fifty pound man flying at him outside of the ring but now he has to capitalize on the moment. He grabs the tool box he pulled out from earlier and then empties it inside the ring, sending a few tools scattered across the ring. But he's not done there. Dex is still out when Arthur goes over to the time keeper and steals both the ring bell and the ring hammer.

**DDK:**

And he's gonna use whatever he can, won't he?

**Lance:**

Oh you know he will!

He even reaches under the ring for good measure and has a chain ready to go. He smiles with a wicked grin and then throws that inside as well. UNLIMITED Energy doesn't look nearly energized as he did at the start and Arthur knows it.

He takes the tool box and then throws it right at Dex's head!

**DDK:**

Ahh! Dex tried to get his arm up, but he still got hit in the head with that tool box!

Dex gets knocked into the ropes. He looks hurt and has a red mark from the tool box. Arthur smiles again and then stands on Dex's back to choke him against the ropes! And he keeps looking over at the official to make sure he knows he's doing these illegal moves!

**Lance:**

This is despicable! Arthur's lack of respect for literally anyone even our officials is just classless. Remind me who voted him number three in that top 100 wrestlers poll?

**DDK:**

Lots of people. He does this kind of thing everywhere unfortunately!

Arthur keeps on choking Dex for a few extra seconds behind the point and then leaps over to land on the apron. He stands back and then fires a muay thai knee strike to the head of Dex! The Biggest Boy spills out from the ropes. Dex gets hurt when Arthur slingshots over the ropes and delivers a slingshot curb stomp to the back of his head!

**DDK:**

That combo might do it! Arthur has him!

Arthur pushes Dex onto his back and covers.

*One ...*

*Two ...*

*No!!!*

**DDK:**

That combo didn't do it! Dex kicked out first!

When Arthur isn't pleased by not beating the Biggest Boy right there, he gets up and then goes for the toolbox where he has some kind of spike instrument in hand ...

**Lance:**

What does that sicko have planned?

He grabs the spike and he stabs Dex in his arm! Several times! Joy screams with each piercing until Arthur is satisfied with the row of cuts and then drop kicks the Biggest Boy in the back!

**DDK:**

What was all that for, just to prove a point?

**Lance:**

You know this psychopath is enjoying every second of this!

Arthur ditches the spike while Arthur is down, but now Dex's arm is bleeding. The Biggest Boy tries protecting it and Arthur moves onto the next thing that he can possibly hurt the holder of UNLIMITED Energy with. Dex is trying to get up ... but then gets dropped with the Provocation! The incredible single leg drop kick now has Joy flat on his back!

**DDK:**

Provocation right between the eyes! Arthur would know a little something about provoking people huh?

And Arthur with a cover to end this chapter of his DEFIANCE Wrestling tenure with Dex Joy!

*One ...*

*Two ...*

*No!!!*

Joy kicks out! 2 and a half! Arthur looks beside himself!

**Lance:**

That shot was dead on in the face!

**DDK:**

Arthur couldn't have landed that kick any better, but Dex shows why he's one of DEFIANCE Wrestling's toughest men. Both men are and I have to say that very begrudgingly in AP's case.

The Denizen of Decay looks for anything else handy that he can find to hurt the man he has thought of as the bane of his existence. Arthur then decides to say screw it and then just unleashes kick after kick once Dex is on his feet. He kicks Dex in the chest again!

Again!

Again!

Again!

He leans back ... he tries for the Buzzsaw kick called Narcolepsy, but a fast thinking Dex catches his leg first! Arthur's eyes bulge when Dex tries to stand but Arthur's lethal feet allow him to jump up with the other leg and catch Dex under the chin with a knee strike. That hits Dex right on and then Arthur hits a roaring elbow to the head and then kicks him low for a DDT on the mat!

**DDK:**

Damn! I thought Dex had him but Arthur was quicker on the draw!

Now he has Dex down where he needs to be follows up with a double stomp on the Biggest Boy's chest!

**Lance:**

That combo might be enough to end this match for good!

*One ...*

*Two ...*

*No!!!*

The DEFIANCE Wrestling Faithful watch Dex kick out and push off Arthur Pleasant! Arthur is in a state of shock!

**DDK:**

Arthur didn't expect that kick out! Dex Joy is just taking this punishment and won't be denies his revenge tonight!

**Lance:**

But Arthur Pleasant isn't making this easy ...

He hits Dex with another thrust kick to the side of his head! When he is sure Dex is down, The Denizen of Decay goes outside and then pulls a table out from under the ring. The table gets a rare negative reaction in this day and age probably because of who is about to use the table. Arthur yells at the crowd and asks for a "we want tables!" chant but they just boo him even more.

*BOOOOOOOOOOOOOOO!*

Arthur slides the table in while Dex is down and then leaves it closed, but leans it up in the corner just behind Dex. When he has it up, he runs to the other side of the squared circle.

**DDK:**

Are we about to get a running kick of some kind through that table? If Dex goes through it even I have to doubt his chances of victory!

**Lance:**

No, no, no! Dex look out!

The DEFIANCE Wrestling Faithful try and warn Dex ... but Arthur comes at him like a bullet train. He leaps for his own shot gun drop kick but Dex catches the legs and then pulls him high on up!!!

**DDK:**

OH MY GOD DEX PLUCKED HIM OUT OF THE SKY!!!

He turns like he is going to try and Dex Bomb him through the table ... but thinks better of it to avoid a disqualification by spiking Arthur into the canvas with the big pop up power bomb!

Dex is on his knees and his ears are probably ringing but he has bought himself previous recovery time! His arm still mangled up from what Arthur did to him with the spike, but he's still able to use it and he's got time to come up with a game plan. Dex starts trying to push aside some of the various plunder that Arthur has brought inside the ring.

**Lance:**

Smart! Smart! Dex pushing some of that debris and crap that Arthur Pleasant has brought into the ring!

**DDK:**

Dex thinking that's for sure. He's far from a one-note big man.

Dex gets up and takes Arthur with him for another heavy elbow to the face and then a trip into the ropes. He comes back and Dex throws him over his head with a free fall drop! Arthur gets hurt some more when Dex throws him into the ropes and then hits a belly to belly suplex! Pleasant gets flattened like a pancake when Dex stands up. He starts checking with all sides of the ring!

**Dex Joy:**

AAAAAAHHHHHHHHHHHHHHH!!!

Dex energizes himself from the DEFIANCE Wrestling Faithful's reaction and then runs ... he *crushes* The Provocateur with a big running seated senton to the chest! All the wind that he has ever inhaled in his life has just been taken out of him and then Pleasant rolls to the floor.

**DDK:**

No! No not again! Dex ... what is he doing?

Dex's arm is bleeding but he wipes it on the mat and then gets up. He starts to get the crowd to join in for building up a chant ...

WHOOOOOOOOOOOOAAAAAAA!!!

Arthur is outside and has a chair.

**DDK:**

No! Arthur has another chair! The Whoa-pe failed before! Don't do this again, Dex!

Pleasant's ribs might be hurt but he looks ready and throws the chair.... But Dex has gone *over* the ropes instead of

through and the three hundred and fifty pound corkscrew plancha to the floor instead! The move looks pretty sloppy for Dex but it is enough to completely wipe out Arthur on the floor!

**Lance:**

OH MY LORD!!! I CAN'T BELIEVE HE DID THAT!!!

Dex and Arthur are both down but the replays are incredible of the high flying move!

**DDK:**

Dex changes his gameplan all the way up and now he's got a chance!

Dex cannot believe his luck! He still pushes Arthur's body around and then gets Arthur to a corner. He takes his elbow pad off and then swings for the fences, hitting Arthur upside the head with his new strikes. He has him hurt when he comes back out to the corner and then turns around to hit another elbow ... when Arthur grabs the official and then makes him take the shot!

**DDK:**

Damn it, damn it! This ... he can't be disqualified. We all know that. But there needs to be fines or suspensions given to him for all he has done to disrespect these officials and put them in harm's way!

Dex can't believe it but when he tries to help the referee he gets a low blow kick between the legs from Arthur!

**Lance:**

No! The one major strike in wrestling that can stun even the biggest of men! Dex is down!

Arthur gets a new idea. He rolls outside. He grabs the chain from earlier while the official is knocked out. One can almost see the light bulbs ... probably more like air raid sirens ... going off in the head of Arthur as he does his next trick.

**DDK:**

What is he doing?

He starts to wrap the chain around his boot and then tucks one end of it into his boot itself to keep it in place. He sees Dex starting to get up.

Carla looks at Dex as he tries to plead his case and the crowd does the same. But Arthur limps from the wreckage and the distraction is all he need to score a kick to Dex's leg to chop him down some! Dex is on a knee when he gets a shining wizard from Arthur to the face!

**DDK:**

I don't know if Carla was really going to believe Arthur of all things ... but he hurt himself just to distract Dex long enough to hit that shining wizard! And when there is one from Arthur!

Dex tries to stand with Arthur sneaking behind him for a second one from the back!

It's Mr. Zappenstein! He's stunned Dex with this before. He dropped him and then used it on him before injuring Nathan Eye. He's a real son of a bitch. I said it.

Just after losing out to become the FIST of DEFIANCE for the third time, Oscar Burns hosted an open challenge on DEFtv 161! The montage switches to a feed from inside a chopper high above the DEF Plex. The video footage looks to be from a live Twitch stream, directly recorded on an iPhone being held by a man in green-tinted Halo armor. The man walks to the door of the helicopter, grabs the handle and pulls the door wide open. He immediately jumps from the aircraft, phone still in hand. Halfway, a parachute deploys.

As the man touches down he releases the parachute and slowly stands upright.

He walks towards the WrestlePlex.

The scene shifts to inside the building. A single spotlight shines on a choir to the right hand side of the DEFIANCE Road stage. The choir, two rows of ten individuals, stand in front of their conductor, all dressed in dark purple pants and a dark purple SNES styled tunic, hood over their heads. A second spotlight appears below them to an orchestra under the stage.

The choir starts the unofficial Gamer's National Anthem and the same man from the Halo jump rises underneath the DEFIANCE entrance. Once the lift reaches the top, the man removes his Halo helmet.

"Main Event" Conor Fuse.

The crowd goes wild in !RANK chants as Conor marches down the rampway with purpose, the ramp lined by others dressed in the same Halo inspired battle gear he is. **DDK:**

Conor's in the center of the ring!

The crowd rallies for Conor with !RANK chants and cries. Fuse is awake, too. He fights, flailing around his legs or whatever body part is available in the hopes he can move closer to the ropes.

Conor does! He moves slightly!

Burns' face is deep red, showing he's using every ounce of his ability to choke the life bar out of Conor Fuse.

**DDK:**

Does Conor have any energy tanks left!?

And The Video Game Kid, showing such fight, moves closer to the ropes again. Fuse, showing sheer determination that NOTHING is going to prevent him from pulling this out.

Nothing.

Not even when Burns moves the two of them back to the center of the ring!

The air is sucked out of the arena again but INSTANTLY replaced because Conor LIFTS Oscar Burns while still in the guillotine choke!

**DDK:**

HE'S WALKING OSCAR BURNS TO THE ROPES. I DON'T BELIEVE THIS!

The arena waits in anticipation. Fuse is almost at the ropes.

And then he falls back down, Burns with the choke still applied. The face of "DEFIANCE" smirking. He knows what's up.

Mark Shields slides into position. He realizes there's no life bar left and calls for the bell.

***DING DING DING***

**DDK:**

DAMMIT!

The fans groan as Burns releases the hold and pushes a passed out Conor Fuse off to the side. Burns demands Shields raise his hand.

**Lance:**

A star was born here tonight. Conor Fuse took Oscar Burns to the limit like only a rare few have in DEFIANCE!

Burns' new theme song plays.

**Darren Quimbey:**

The winner of this match... OSCAR BURNS!

Burns barely stands, center of the ring. Mark Shields raises the victor's hands.

**DDK:**

Hell of a match by both men. Conor showed great heart. Obviously Oscar is one of the greatest technicians of our time. It goes without saying he was the Vegas favorite.

**Lance:**

Nothing to be ashamed about here if you're Conor Fuse.

Burns exits the ring and celebrates by soaking in the BOO-URNS. Meanwhile, Conor Fuse slowly comes to on the canvas.

**Lance:**

There'll be another fight between these guys, one day. No doubt about that.

Burns raises his hands at the top of the ramp. Conor, eyes glazed over, barely sees "DEFIANCE".

The show goes elsewhere.

## OUTSKI

The camera goes backstage following the conclusion of Conor Fuse vs. Oscar Burns, heading to the rarely seen inner workings of the Better Future Talent Agency Locker Room.

Inside...

Mostly celebration!

Alvaro de Vargas, now six beers into the show, cackling and laughing and should definitely not be drinking after his hellacious opening match earlier in the night over Henry Keyes. Sitting across from de Vargas, The Lucky Sevens, Ophelia Sykes, and Tom Morrow having a good time. Notable by his absence is Jestal. Whatever tension that was on display earlier in the evening between ADV and Morrow at least seems to be okay as long as the liquor keeps flowing.

**Alvaro de Vargas:**

HAHAHAHAHAHA! THAT PENDEJO! THE WAY YOU CRACKED THAT FAT PENDEJO, ADAM ROEBUCK'S ANKLE! CLASSIC!

**Mason Luck:**

I know, right? I always hated that fat piece of shit! They're just like the Saturday Night Specials and just like the rest of this locker room ... all fragile little assholes who can barely get by. Too afraid to do what needs to get done to win.

Max Luck takes a swig of his own whiskey glass.

**Max Luck:**

Fucking right bro! Now the rest of this division is going to be ours for the taking. Just like we should have all along! TO SIX STAR BEATDOWNS!

**Ophelia and Morrow:**

TO SIX STAR BEATDOWNS!

The entire party clinks their glasses together. Ophelia looks around.

**Ophelia Sykes:**

Where's Jestal? Haven't seen him since last night!

Morrow shrugs.

**Tom Morrow:**

I know he was gonna beat that dipshit Klein last night. Said he needed some space. It wasn't his fault that stupid Dandelion did what she did. She's gonna pay, that's for sure.

As the drinking continues, all but one person across the room is having a good old time, sitting on a lounge looking visibly angry with himself.

"The Killer Bear" Jack Mace.

One night prior, he lost to Titaness and still looks like he can't believe the result.

**Mason Luck:**

Dude, Alvaro. Fireball? Amazing. Take a bow, man, take a bow!

Alvaro stands up and does just that.

**Alvaro de Vargas:**

Gracias, Mason, gracias! Nobody thought that I had what it took to beat Henry Keyes... but I did it all on my own, all by myself. If any other pendejos doubt me... they put their careers on the line. Long as we have no doubters here... there will be no problems. Right, Tommy?

Tom Morrow sits up... slightly uneasy... then he tries to play it off and pats Alvaro on the chest.

**Tom Morrow:**

Fucking right, Al! We are good!

ADV snorts, seemingly happy for now with Morrow.

**Tom Morrow:**

Everyone heard it on DEF Radio! DEFIANCE ROAD! The TRUE Beginning of Better Future Talent Agency's real future! Jestal, our Mad Prince! We don't need that bum, Dandelion!

He turns to Mason and Max.

**Tom Morrow:**

Our Main Event Monsters! The Proprietors of The Five Star Beatdown going all Six Stars on those washed-up has-beens, The House!

He tips his glass to Alvaro.

**Tom Morrow:**

Alvaro de Vargas! The man who SINGLE-HANDEDLY destroyed the airship-loving dipshit, Henry Keyes! WINNERS, BABY!

All of them celebrate... until Mace finally grunts, visibly annoyed with things. Mason shoots him a look.

**Mason Luck:**

Hey, Captain Buzzkill! We're trying to get lit. We all busted out asses off!

Max laughs.

**Max Luck:**

Nah he's just mad he lost. Get over here and drink with us, you big ass ball of fur.

But Mace CLEARLY is not in the partying mood! In fact, he launches up from his seat.

**Jack Mace:**

Ol... 'm not fucking mad I'm lost, mate... I'm fucking MAD that I gotta eat a lot of fuckin' shit for the lot of ya instead of going for titles like we've been promised all this time!

He turns to Tom Morrow.

**Jack Mace:**

Instead of going for the Favoured Saints Title like I wanted to do... I've been dealing with that daft cow, Titaness, for months! All cause you can't let go of the fact them fucking Titans embarrassed you at last year's DEFCON!

He turns to Alvaro.

**Jack Mace:**

And Tommy might be afraid of you, Al, but I'm not. I still ain't forgot, mate, that YOUR little hate boner for Henry Keyes is why we lost that tag match a few weeks ago!

Alvaro starts to reach up from his seat as the party stops instantly.

**Alvaro de Vargas:**

You wanna repeat that, pendejo? What do you want me to do, wrestle YOUR match, too?

Mace grits his teeth.

**Jack Mace:**

Nah, mate, I just want what I was promised when I joined Better Future! Title shots! Main Events! Big opportunities! You think that I'm fuckin' stupid? All I've been doing this last year is babysitting YOU when Morrow wants you to be the crown jewel of Better Future?

He spits on the ground.

**Jack Mace:**

I've been eating shit the last year and I'm done. I want a chance to show what I can do... not settle YOUR petty little grudges for the lot of you and not just being hired fuckin' muscle! I'm a damn good wrestler in between those ropes and you all know it!

**Alvaro de Vargas:**

Fuck you, pendejo! That's all it is! You're a jealous little gilipollas!

Morrow and the Sevens get in the middle of the tense conversation. Morrow has his hands out to everyone in the room.

**Tom Morrow:**

Jack, Jack, Jack... I get your frustration, I really do... but you know what you've been paid for. So I'm gonna give you one chance... calm down. Chill out. Take five minutes and think...and I mean REALLY choose your next words carefully. ADV is the guy. You're not. That simple. If you can live with the money... and you apologize to Al and the rest of this group for ruining our party... we'll call it water under the bridge, Jackie. What do you say?

Mace angrily looks up at Alvaro, flashing him a confident smile like he's been told. Then to the Lucky Sevens...

Then back to Morrow.

**Jack Mace:**

Mate... Nah. I'm good.

POW!

A HUGE pop can be heard from the fans when Mace nails Morrow in the head, sending him flying to the ground!

... but that doesn't last for long! Alvaro and the Sevens are all over him! They all take turns putting the boots to Mace and then kicking him on the floor! They continue to beat him down as Morrow starts to nurse his jaw!

**Tom Morrow:**

Big fucking mistake, Mace! Big fucking mistake! That's gonna be the ONLY time you ever put your fucking hands on me!

Mace tries to get up, but too many boots are hitting too many places before ADV picks up Mace by the back of his head.

**Alvaro de Vargas:**

Me tienes hasta el último pelo!

He holds up Mace, then Morrow grits his teeth.

**Tom Morrow:**

Get him the fuck outta here! Toss him out with the rest of the trash!

ADV holds Mace up while Mason and Max take turns throwing gut punches! They kick Mace around some more... then THROW him head first into the wall! Mace falls to his knees and then ADV opens the door before the three of them HURL Mace out of the locker room! ADV slams the door shut and then the entire mood changes. Ophelia Sykes quietly drinks while Morrow is stuck holding his jaw.

Ophelia Sykes looks up.

**Ophelia Sykes:**

So... that frees up some of the liquor budget, right?

Morrow isn't pleased... but she is right. And Alvaro grits his teeth before he picks up another bottle.

**Alvaro de Vargas:**

To freeing up the liquor budget!

The Lucky Sevens and Ophelia all toast with ADV to the occasion while an angry Morrow still holds onto his jaw.

**Tom Morrow:**

I'm gonna need an extra cold one... fucking Mace...

## **WARCHAMBER: CAYLE MURRAY vs. LINDSAY TROY**

**DDK:**

Well Faithful, this night is rapidly drawing to a close - but I think it's safe to say that we've saved the most chaotic 'til last. After this, we've got the three-way ladder match for the Unified Tag Team Championships, but until then...  
WARCHAMBER.

**Lance:**

This unique structure has only been deployed once in DEFIANCE history, when Lindsay Troy defeated Bronson Box in one of the most brutal and attritional matches we've ever seen. That was at DEFIANCE Road 2016. Now, almost six years later, she faces Cayle Murray.

**DDK:**

And you say "match," Lance, but this is only going to be that by the loosest possible definition.

**Lance:**

Absolutely. The phrase "it's a fight, not a match" has been repeated so often that it has become cliché, but it's entirely appropriate here. Lindsay Troy and Cayle Murray loathe each other. Each would gladly wipe the other off the face of the Earth if given the opportunity - and they have that opportunity tonight.

**DDK:**

Cayle, of course, stole a victory against Troy after faking an injury back at DEFCON 2021. He won't be able to do that here. In the WARCHAMBER there are no pinfalls, only submissions and knockouts, technical or otherwise. Remember too that the chamber itself is chained with barbed diamonds, meaning that while the combatants may choose to bring their own implements of destruction into it, none will be deadlier than the four "walls" surrounding them.

**Lance:**

And thus begins its descent...

The nightmarishly-black WARCHAMBER isn't tarped-off like the first (and only) time we've seen it before. Instead, the hellish structure that has loomed over the building all night long glimmers in the arena lights as it's lowered to the floor. There's no door for entry or exit, the only way in is by waiting for the structure to lift up and allow you freedom. It looks almost majestic, as if it were encrusted with ancient treasures, belying the barbarism it'll soon inflict on tonight's occupants.

**DDK:**

As the team prepares to fix this thing into place at ground level, let's spend a few minutes running through the events that brought Troy and Murray to thi--...

Keebler is interrupted by a sudden swell in crowd noise, as almost the entire building turns its attention away from the WARCHAMBER and towards the ramp.

**DDK:**

... or not.

A hacked-off Cayle Murray is already making his way down the ramp. Not waiting for his entrance cue, the Scot storms down the incline without music or other fanfare, paying no heed to the venom and bile being thrown at him from all angles.

**Lance:**

Wow, the Chamber isn't even in place yet...

**DDK:**

Perhaps Cayle just wants to get this over with, or maybe he just can't wait to get his hands on Lindsay Troy. I suspect a mixture of both.

**Lance:**

And The Faithful are letting him have it after what has been a campaign of cowardice these past few months. Murray is more than willing to inflict violence upon another, but only when it suits him. He's a sneak-attacker. Tonight, he must face the enemy head on.

Barely has the WARCHAMBER hit the floor then Cayle is rolling under the bottom rope and entering the ring. He takes up a position right in the middle, beckoning Troy down as the technicians frantically work to secure the diamond-studded pain machine in place. He's dressed for a fight, too, clad not in his traditional wrestling attire, but in a white tee, black pants with boots and kneepads over the top, and his hands and wrists taped all the way up.

**DDK:**

You can feel the bellicose energy in the building tonight, Lance! Everybody here wants to see LT tear Cayle to pieces. This is as partisan as it gets!

The DEFplex is plunged into darkness, and screams and shouts of anticipation immediately rise from the crowd. Cell phone cameras and flashlights wink on while fog pours across the stage. The rigging along the DEFIAtron slowly, eerily, lights up, helping to fuel the crowd's anticipation, then...

♪ "Put 'em in the Grave" - Jedi Mind Tricks ♪

The ominous, opening chords to "Put 'em in the Grave" by Jedi Mind Tricks blasts through the DEFplex's speakers as a raucous ovation from the DEFIANCE Faithful calls for the Queen of the Ring to appear. The fog grows thicker, white-hot spotlights snap to the entrance way, and from underneath the stage a red and white light shines bright, carrying their hero upward.

This time, however, she's not alone

A fauxhaxed Troy, as is now the norm, rises to the dais with head bowed and hands clenched. Standing next to her is the imposing figure of the man now called "Murder Daddy," Dan Ryan. Once the platform locks into place, an explosion of light and sound erupts around the in-laws, and Darren Quimbey raises his microphone.

**Darren Quimbey:**

And his opponent, from Tampa, Florida...weighing in at 195 pounds...she is the Queen of the Ring and your High Queen DEFIANT....LINDSAY TROY!

The DEFplex's lights come back up and Troy whirls on her heel. She stands in place for a moment, eyes locked on a pacing Cayle Murray in the ring. Dan Ryan's eyeballing Cayle as well, and he simply leans his fist out for Troy to bump. She knocks knuckles with the Ego Buster, then marches down to the ring, shedding her coat and blowing right past the camera in the aisle. She slides underneath the bottom rope and pops up to her feet as the cage lowers the rest of the way to the floor, all four walls in place.

**Lance:**

Here we go!

Troy and Murray fly into each other with all the force their bodies will muster. Benny Doyle makes no attempt to separate them as the middle of the ring becomes a whirling storm of flying hands, elbows, and forearms, only a small percentage of which hit the intended target, such is the rage behind them.

**DDK:**

They're tearing into each other!

The building is hotter than the surface of the sun, reflecting the intensity inside the Chamber itself. Limbs, hair, and tangible rage fly across the arena floor as Doyle, who has already given up on the notion of maintaining order, calls for the bell.

**DING DING**

Not that you can hear it.

*Something* in the struggle rocks Cayle for a moment but he surges forward with a headbutt, cracking LT at the top of her nose. She blasts back with a straight right before setting upon the Scot once more, their struggle taking them to the ropes.

**DDK:**

It's a cyclone of violence in the ring! Troy and Murray are *consumed*! Neither wants to give the other an inch as strategy goes straight out the window!

**Lance:**

And listen to The Faithful! The bloodlust is real!

His face already flush with red fury, Cayle pushes at LT with both hands, creating enough space for him to back into the centre of the ring. He calls for Troy to come forward and she does, putting one hand behind his head and another into his face over and over... while Cayle returns the favour. This can mean only one thing...

**Lance:**

HOCKEYYYYY FIGHT!

It's blow after blow after blow after blow, landing successively on the combatants' faces until Cayle drops to one knee! He quickly adjusts and wraps his arms around LT's legs, tackling her to the ground, holding her there while digging desperately punches into her sides. A stiff elbow from the bottom lands on his skull, prompting Cayle to change his mind, so he pops up and attempts a leaping double-stomp to the chest... that LT quickly rolls away from!

Jumping back to her feet, Troy finds herself clinched as Cayle seemingly looks to take the wind out of her sails. He holds her in position for a few moments, bursting forward with all the power in his legs, pushing LT back and disrupting her position before throwing a fierce knee upwards, through the clinch, and into Troy's skull.

**Lance:**

WHOA!

The strike sends The Queen of the Ring falling down to the mat!

**DDK:**

That landed flush on her forehead!

**Lance:**

But it was just one knee! In the heat of battle, how did one knee drop Troy like that?!

**DDK:**

Lord knows she's stayed standing from worse.

With LT knocked loopy, struggling on all fours, Cayle takes a few hurried steps back before erupting forwards, throwing another knee at Troy's skull!

**DDK:**

Damn!

The Queen falls flat on her back this time. Cayle throws his already sweat-sodden hair back, then stands up, grinning. He holds his arms out to the sides as the crowd lets him have it.

BOOOOOOOOOOOOOOO!

**Lance:**

Keebs, Troy might be out! This thing is only a minute in and Troy might be out!

**DDK:**

But like you asked... how?!

As if to answer that question, Cayle, who looks absolutely delighted with his handiwork, leans over, taps the knee that struck Troy with his knuckles, then taps his own head. He puts his hands under his head, tilts to one side, and feigns going to sleep...

**Lance:**

It's a loaded pad, Keebs! Cayle must've loaded the kneepad!

**DDK:**

A trick straight from his elder brother's playbook. No wonder Troy is in la-la land... can she come back from this?!

Murray gets his head back in the game, pushing Doyle to the side to get back on the offensive. From a standing position he leaps, then crashes down on Troy's ribs with a double kneedrop. He stands back up and repeats the move before taking her over to one of the corners.

**DDK:**

Troy remains conscious but she's in all kinds of trouble here. Now, it looks like Cayle is going after the ribs softened up by Rick Dickulous a few weeks ago.

**Lance:**

I hate to admit this, Keebs, but this is smart - especially as Cayle looks like he wants to end this quickly. But will he blow out his own gas tank in the process?!

Cayle props the helpless LT up, laying her across the corner on the middle ropes. He takes a few steps back, runs forward, and plants the loaded knee in her ribs. When LT doesn't fall from the ropes, he does it again.

And again.

And again, this time from a standing position.

Troy finally hits the mat. When she does, Cayle stomps, stomps, *STOMPS* away at the ribs, then runs across the ring, runs back, and slides into them with the knee. The smile still on his face, he calls to Doyle...

**Lance:**

What's he shouting?

**DDK:**

Uhh, "ask her," I think...

**Lance:**

Is he trying to elicit a verbal submission?

**DDK:**

He is!

When that submission doesn't come, Cayle's expression turns sour but he gets right back to the action. Picking up LT's dead weight, he cracks a few closed fists into her skull for good measure before taking her back to the corner. This time, he slides her under the bottom rope, pressing her ribs against the steel ring post. Pushing his feet into her back with as much force as he can, he uses the ropes for leverage, increasing the torture.

**DDK:**

Turns out Cayle did have a strategy. Neutralise Troy with concussive blows from the loaded knee, then go after her obvious weak point.

Cayle grits his teeth and closes his eyes, wrenching and squeezing every last drop of intensity into this as an agonised Troy wails beneath the bottom turnbuckle. Murray's knuckles turn white from his grip on the ropes. He repeats his call to Doyle, but Troy, despite her agony, shakes her head.

**Lance:**

Murray desperately wants Troy to quit here...

His anger increasing, Cayle goes across the ring, runs, and baseball slides into Troy, once again forcing her ribs into the steel. He pops to his feet.

**Cayle Murray:**

ASK HER!

Doyle drops down to his knees. Troy rolls herself out from under the turnbuckle, though it pains her to do so, and though her face twists and contorts from the ungodly punishment inflicted on her torso, she's able to spit a negative answer, and a wad of blood, through the torment. Immediately, Murray reaches down, pulls Doyle up, and holds him by the collar, spitting rage in his face...

**DDK:**

Cayle's losing his top here! That frustration is starting to show!

**Lance:**

Clearly, Murray doesn't want anything to do with LT in a fair fight. We've known that for a long time. He came here looking to shortcut his way to victory and has thus far found Troy tougher than he expected.

**DDK:**

And make no mistake, the bombs dropped by Cayle would have felled 99% of wrestlers on the planet here. Luckily, LT isn't in that 99%.

When Doyle doesn't relent, Cayle swats him away and goes to pick LT up. She throws a few weak blows into his stomach that barely register, such is the toll taken on her already. Murray answers by slapping her hard across the cheek, lifting her off the ground completely, and dropping her ribs-first across the loaded knee. On the deck, he *stands* with both feet on Troy's ribs, reaches down, grabs her arms... and yanks backwards.

**DDK:**

Have you ever seen anything like this, Lance!? This is barely wrestling, all Cayle's doing here is inflicting as much punishment as he can.

**Lance:**

If we see a single wrestling *move* here tonight, I'll be surprised. This is war.

Cayle's latest quest for a verbal submission ends before Doyle can even check with LT. Troy is able to roll her torso just enough for Cayle to lose his balance. The Scot falls to the deck, losing his grip on LT's arms as well. He climbs first, because of course he does, but a desperate Troy latches onto the loaded kneepad with both hands.

As Troy claws her fingers in behind the pad, Cayle instinctively yanks backwards...

**DDK:**

OH! WAIT!

The sound of ripping material somehow pierces the crowd's frenzy. When Cayle breaks free of LT, the kneepad isn't

totally torn away, but it has lost its elasticity and slides down his knee.

**Lance:**

Troy, in a moment of near-complete despair, may just have taken Murray's biggest weapon away!

The pad is now around his ankle. A small silvery glimmer pokes out of the material.

**DDK:**

You can see the steel plate tucked under there now. Thank heavens for Troy, but the torment continues!

Murray's face only turns a deeper shade of red as he realises what has just happened. Infuriated, he goes right back after LT, stomping down on one of her hands as if punishing her for her crime, then grabbing her by the hair. Slowly, Cayle pulls LT up...

**Lance:**

This can't be good...

... then eats a sudden headbutt right to the nose!

**DDK:**

JEEEEEEEEZUS!

A spurt of crimson flies from Cayle's face as Troy's forehead - already starting to bruise thanks to that loaded kneepad - makes contact with his nose. Both of them fall to the mat, with Murray screaming out, clutching his potentially broken nose.

**Lance:**

Troy to her knees; she's trying to get her breath but her ribs and forehead have got to be killing her.

The Queen glares daggers at the Starbreaker as she muscles her way back up to her feet. She stomps over to Cayle and buries a steel-toed boot into his ribs, repaying the favor. Cayle cries out in agony as Troy kicks him again.

And again.

And again.

She runs off the ropes and buries both her feet into his side with a sliding dropkick. Murray goes rolling across the ring as Troy gets back vertical, the adrenaline starting to pump harder.

**DDK:**

Lindsay Troy, gritting it out here, and stalking a wounded and woozy Cayle Murray.

**Lance:**

Murray can't breathe from a combination of broken ribs and a broken nose. Lindsay Troy most assuredly has a concussion and broken ribs. We knew it wasn't going to be pretty, and we knew injuries were very likely.

**DDK:**

Another one's about to happen, look out!

As Cayle gets unsteadily to his feet, he finds himself ensnared from behind. Before he can react, he's lifted up and over Lindsay's head. He watches the kneepad fall away from his body as he sails through the air and lands back first against the cage. The wall rattles and he feels himself bounce once, twice, as skin peels angrily away from his body. He hears the Faithful yell grotesquely, blood oozing from his newly-formed wounds, as he crashes to the canvas. Those shouts turn to cheers as Troy pounces, with manic eyes and toothy smile, and rams Cayle's head against the cage, dragging his cheek against the diamond barbs. She yells for Benny.

**Lindsay Troy:**

ASK HIM!

Benny drops down and asks Cayle if he gives, and the Scot tells him to piss off! Troy's response by giving him an open hand Pancrase slap and then spitting in his face. She hauls him up and fires off a STIFF knife-edge chop that rocks an absolutely crimson-masked Murray. Troy fires off another chop, the resulting **CRACK!** drawing a loud **OHHHHHHH!** from the Faithful closest to the ring. She sends him across the ring and immediately bolts after him.

**DDK:**

QUEEN'S GAMBIT!

**Lance:**

NO, Cayle rolls out of the way and Troy goes crashing into the cage!

It's Troy's turn to taste the barbed diamond walls, and she yelps in pain. She jumps away quickly and right into a Cayle Murray lariat! She hits the canvas and the Starbreaker's right there, dropping his hands to her throat to choke her, screaming at Benny as he does

**Cayle Murray:**

ASK HER!

Lindsay Troy kicks her feet and shakes her head, getting angrier by the second. Cayle squeezes harder.

**Cayle Murray:**

GIVE UP YOU DAFT COW...ASK HER AGAIN!

Troy's response this time is to start digging her nails into the part of Cayle's arm that isn't taped up and in hopes of adding to his blood loss. In response, Cayle gives up on choking her and starts kneeing her in the ribs again.

But Troy responds with a big forearm shot to the temple!

**DDK:**

Lindsay Troy has had enough of Cayle Murray going after her ribs, Lance!

**Lance:**

Lindsay Troy has had enough of Cayle Murray period!

Troy lets out a roar and gets the upper hand on Cayle. She battles him up to a standing position and blocks an attempted knee. She grabs the leg and whips him down with a dragon screw. She rushes to take the mount, driven only by the primal urge to inflict ungodly punishment on the worst man in the universe. She grabs the back of his head and unleashes a tsunami. Wave after wave of punishment crashes down on Cayle, and Troy keeps going and going and going.

Throwing elbow...

After elbow...

After elbow...

Each one bouncing Cayle's crimson coated head off the splattered canvas.

**DDK:**

LT's possessed, Lance! I--... this is starting to become uncomfortable.

**Lance:**

This is what it takes to win WARCHAMBER, Keebs.

One final pointed elbow lands across Murray's wounded forehead. LT collapses forward herself, breathing heavily from the exertion.

**DDK:**

She's spent!

She reaches out an arm, clawing blindly for something.

Something ugly.

Something that spells doom for Cayle.

**Lance:**

What is she?!-- oh.

**DDK:**

The kneepad!

When her fingers find it, Troy sits up, suddenly tearing what remains of the fabric away from the steel plate and tossing it across the ring.

With groggy limbs, LT starts sliding the plate under her own elbow pad. It doesn't quite fit.

But she couldn't give a damn.

**DDK:**

Oh no...

**Lance:**

Wh--

Troy throws a violent elbow down towards Cayle's head.

It connects. Pure blunt force.

Her entire body falls forward with the motion. Seconds tick away as the noise from the Faithful rises in volume.

And Lindsay Troy...laughs.

She rises, malevolently.

Lifts the elbow.

And that's when it happens.

**Cayle Murray:**

STOP.

The Scot spits out a mouthful of blood and god knows what else with his word. Benny Doyle drops down to him, double-checking.

LT, with no hesitation this time around, goes to throw the elbow again.

**Cayle Murray:**

STOP! STOP! STOP!

And Doyle calls for the bell, grabbing Troy in the process and preventing her from connecting with what could be a kill shot.

**DING DING DING**

**DDK:**

It's over...

Troy, unable to put up a fight against Benny or even muster a celebration, falls backwards, completely exhausted and halfway to unconsciousness herself.

**Darren Quimbey:**

Ladies and gentlemen, your winner... LINDSAY TROYYYYYYYYYYYY!

**DDK:**

Lindsay Troy has won the fight. She has *survived* WARCHAMBER for the second time.

**Lance:**

Keebs, that only lasted around nine minutes or so, but it felt like a lifetime. A brutal, cold, and at times vile demonstration of violence, more than a match, I can guarantee it has triggered more than a few upset stomachs here.

**DDK:**

And in the end, LT did what she said she was going to. She outlasted and outfought Cayle Murray, who was ultimately hoisted by his own petard, relenting just when it looked like the steel plate *he* brought into the fight was about to put his lights out.

Bloodied, broken, and utterly beaten, Cayle raises his head an inch or so off the mat, the rest of his body motionless.

He sees a spent LT moving up to a seated position. She throws him a sneer and a middle finger, but this probably doesn't register.

Because seconds later, Cayle passes all the way out.

## FIFTY

After the conclusion of the WARCHAMBER match and so the crowd has a few moments to die down...

The camera is now with Christie Zane.

**Christie Zane:**

It has been a very noteworthy show tonight here at DEFIANCE Road, Night Two! Up next before we get to our main event, we're going to have words with a man who was victorious earlier tonight in a fantastic wrestling match. Please welcome my guest at this time...

She waves off-camera.

**Christie Zane:**

Oscar Burns.

*BOOOOOOOOOOOOOOOOOOOOO!*

Walking into view, the man formerly known as Twists and Turns approaches and nods at Christie with a smile, despite the loud burst of booing raining down upon him. Fresh off a shower, Burns is now dressed up in a green dress shirt, black khakis and his signature loafers (case fuck laces) and looks ready for a celebration.

**Oscar Burns:**

Christie! GC! How are you this evening?

**Christie Zane:**

It's been an incredible two nights at DEFIANCE Road! Your own match with Conor Fuse earlier tonight and went at it tooth and nail. Conor Fuse put in an amazing performance, but in the end, you were the victor. I understand you wanted to make an announcement here tonight?

He smiles.

**Oscar Burns:**

**DDK:**

Why did you take that unnecessary pause?

The D heads right back in as Brock is about just more than halfway up. He tries to kick The D away, but the Netflix A-Lister uses a great technical maneuver tucked away in his back pocket for occasions such as this... DA DICK-PUNCH-A! Brock is left unprotected and stumbles down to the mat below!

**DDK:**

The PCP are going to do whatever they can to try and win this! You can consider all these teams "fan favorites" if you will, but PCP have fewer scruples to do what they can to win!

Pat throws the D to the ropes, but gets reversed, and Elise and Elise pulls the top rope down, sending Black Out to the floor! Elise and The D both see Brock trying to get back up from his knees so they move quick and stun the Unified Tag Champ with a double superkick! Brock spills out from the ring! Both Brock and Pat are down when the PCP both get ideas and leap over the ropes to the apron. They both leap up...

STEREO SPRINGBOARD MOONSAULTS TO SNS!

**Lance:**

Great tandem maneuvers on display from the Pop Culture Phenoms! They just wiped out the Saturday Night Specials with those springboard moonsaults!

**DDK:**

The Pop Culture Phenoms doing their best to make sure the competition STAYS down before they make a climb!

Both of the Pop Culture Phenoms rise up and celebrate before they slide back into the ring and set up both of the previously fallen ladders! The South Beach Starlet and The Netflix A-Lister look like they may have a clear path to the championships!

**Lance:**

This is a golden opportunity to snatch those belts and end things, right here and right now!

With both ladders perfectly setup directly underneath the dangling titles, Elise starts to scramble up one while The D does the same on the other. DEFIANCE's leading lady moves like a cat up her ladder and starts to reach up towards the belts, beating The D by a few steps.

**DDK:**

PCP's seconds away from winning the titles! Ares is reaching up!

The Faithful let out a surprised roar and Elise's eyes turn away from the title for a split second to see Minute standing on the ring apron. The Titan of the Skies rears back and hops onto the top rope. One quick pump of his legs sends Minute flying towards the ladders!

**Lance:**

Incoming!

The D notices him.

**The D:** *[shouting]*

Stop it! Get your own!

**Minute:**

No! Puta!

Minute soars across the ring and nails the side of The D's ladder with a dropkick!

**DDK:**

Springboard shotgun dropkick by Minute and now PCP suddenly finds themselves in trouble!

The Netflix A-Lister hangs on for dear life as his ladder smashes into Elise's! Not wanting to fall off her own ladder, she instinctively pushes her partner's ladder back the other direction. Now falling towards the outside of the ring, The D hits the eject button and leaps off the ladder.

Unfortunately it was a second too late and he's helpless as he lands stomach first onto the top rope! He lets out an audible "OOF!" as the ropes snap him back into the ring and he lands back first onto the mat!

**DDK:**

The D just got folded in half after crashing into the ropes! That has to have knocked the wind out of him!

Meanwhile, Elise struggles to keep her wobbling ladder upright and Minute balances things out for her by speed climbing up the other side!

**Lance:**

Elise was so close but now she finds herself duking it out with Minute underneath the dangling gold!

As the South Beach Starlet and The TJ Tornado continue to trade blows with one another on top of the ladder, The D crawls towards the nearest set up ropes and begins to slowly pull himself up. He makes it about halfway up and is suddenly sent back down to the mat...

*THWACK!*

When a MASSIVE chop cracks him in the chest!

**DDK:**

The Titan of the Industry is back on his feet and he looks angry!

The D sits up and puts a hand to his chest as he looks up to see a glaring Uriel Cortez climbing up the ring apron. Shaking the cobwebs out of his head, the Netflix A-Lister lunges upwards and grabs Uriel by the head with both hands. Dropping down on his knees, The D bends the big man over the top rope and delivers a jawbreaker! Uriel's head immediately snaps upwards, along with the top rope, and he's sent crashing back down to the floor!

**Lance:**

Huge jawbreaker by The D and Cortez is down again on the outside!

Having just slammed a giant head into the top of his normal sized head, The D stumbles backwards and falls to the mat from the impact. As he does so, The Saturday Night Specialists slide into the ring and sprint past him towards the ladders!

**DDK:**

SNS is back in and they're making a beeline towards Minute and Ares!

Too focused on battling each other, neither Elise nor Minute notice the champions rushing at them. SNS each pick a ladder and Brock races up one side towards Ares while Cassidy does the same with Minute.

**Lance:**

SNS has come to the defense of their titles and now we have four people on one ladder!

Exhausted from punching each other, Elise and Minute are both caught off guard by the champion's sudden appearance. Pat and Brock each fight off desperation kicks and crawl up to the stand on the same ladder rungs as Ares and Minute. Brock nails Ares in the back of the head with a forearm while Cassidy grabs the back of Minute's skull and smashes his face into the ladder.

**DDK:**

The champions have climbed the ladder and now have their opponents in their clutches! I have a bad feeling about this!

The Faithful let out a large roar as The Specials both grab onto their opponents and yank them away from the ladder. Both men yell out "BALLYHOO!" and leap off the ladders, bringing Minute and Ares with them. The ring shakes as Newbludd drives Elise into the mat with a sitout powerbomb while Cassidy crushes the luchador with a thunderous back superplex!

**Lance:**

A pair of HUGE moves from Newbludd and Cassidy! They're down and in pain but they made sure to bring Ares and Minute down with them!

The four grapplers all lay motionless on the mat as the ladder they just plummeted off of wobbles back and forth underneath the belts. Across the ring, The D pulls himself back up to his feet and winces in pain as he touches the top of his skull. Clearing any remaining cobwebs with a quick shake of his head, The Netflix A-Lister quickly moves towards the ladder that Minute had successfully knocked him off of. Picking it up off the mat with both hands to hold it across his chest, he spots Newbludd and Cassidy both beginning to push themselves back up. A devilish grin grows on his face as he lines himself up with the staggering champions.

**DDK:**

The D has SNS in his sights, partner!

**Lance:**

That he does, DDK! But, he better check his six because Uriel's climbing back in the ring!

With SNS still unaware of him, The D surges forward to smash them with the ladder. Both members of SNS turn around just in time to see the ladder coming straight at their faces and they each throw their hands up to try and protect their faces. With only a step left between him and SNS, The D starts to bring the ladder down but his plan suddenly gets derailed when Cortez grabs him from behind!

**DDK:**

Cortez shot across that ring like a man possessed and now he's got ahold of The D!

**Lance:**

SNS better buy the big man a beer after tonight! Cortez just inadvertently saved them from eating that ladder.

Eyes wide in surprise, The D drops the ladder as Uriel heaves him backwards with all his might!

**DDK:**

German suplex by Uriel! Hang on! The D flipped through it and landed on his feet!

**Lance:**

And now SNS has the ladder!

Each holding one end of the ladder The D just dropped at their feet, SNS rushes ahead and cracks Cortez in the face with it! The big man manages to stay up on his feet and drunkenly turns around just in time to see The D springboarding off the ropes. Flying back first towards the staggering giant, The Netflix A-Lister reaches up and grabs Cortez by the neck and hits him with a springboard cutter!

**DDK:**

Beautiful springboard cutter by The D! He made the most of that athletic suplex reversal and now Uriel is down on the mat!

The D rises up to a knee and looks up just in time to see Brock Newbludd's knee speeding towards his face...

FACE MELTER!

**Lance:**

Newbludd just connected with his trademark shining wizard and The D's body goes limp as his eyes roll into the back of his head!

**DDK:**

You could hear the impact on that one, Lance. Cassidy's setting a ladder up in the corner now as Brock drags The D back up!

Grabbing the woozy Netflix A-Lister by an arm, Brock irish whips him towards the ladder and Cassidy. Crouching low, Cassidy catches the incoming D and lifts him up while rotating towards the propped up ladder...

SPINEBUSTER INTO THE LADDER!

**Lance:**

OH MY! Cassidy nearly broke the ladder and The D with that spinebuster! SNS is cranking things up a notch!

The tag team champions are the only two men standing tall and that fact is not lost on them. Brock nudges Pat and points toward Minute, who is bringing himself to his feet after eating that back suplex off a ladder. Both members of SNS grab one side of Minute, and they position the masked high flyer over a ladder that is folded up on the mat...

**DDK:**

MY GOD! A double powerbomb onto the ladder!! This match has been absolutely brutal.

**Lance:**

We're seeing some careers get shortened right before our eyes - but that shows how much those championships mean to all six of these competitors!

A mix of cheers and boos rains down for the brutally shown to the popular DEFIANCE showman. Brock looks around, panting and trying to take stock of anyone coming out of nowhere. Cassidy runs his hands through his hair and looks up at the belts. He gestures to Brock before darting out of the ring. Cassidy, normally a rather friendly fellow, isn't totally gentle as he moves the timekeeper off his seat. Pat folds the steel chair up and rolls back into the ring. We can see his plan thanks to his gesturing: he tells Brock to climb while he watches his back on the ground with the chair.

**DDK:**

The tag team champs using some strategy here to try and take this one home!

Brock sets up a ladder directly underneath the belts as Cassidy circles the ring with a steel chair at the ready, eyes darting left and right. Brock's banged up, but he still climbs at a decent pace. The crowd begins to buzz as it appears the champs have the end in sight!

When Brock is halfway up, Cassidy takes a swipe at The D, who hops off the apron to avoid the shot. But that distraction is all Elise Ares needs...

**DDK:**

ELISE ARES WITH A SPRINGBOARD DROPKICK SENDING THE CHAIR RIGHT INTO CASSIDY'S FACE!!!

The D is back in the ring now, and with Brock's hands just reaching the title belts, both members of PCP dropkick the ladder he's climbing out from under him! Newbludd is in a bad way, but he manages to somehow both take the big fall AND land on his feet! A pop for Newbludd avoiding disaster! Brock can't believe he did it, either. He turns...

**Lance:**

Double Superkick by PCP! Brock is down! Pat is down! Minute is down! PCP has a clear shot at winning this thing!

The D and Elise Ares don't waste time in repositioning the same ladder they just kicked out from under Brock Newbludd. Both PCP members begin the climb on opposite sides... another one of those buzzes that comes from the crowd when they can sense that the end is near...

**Lance:**

Oh no... they'd better hurry!

Both members of PCP are so damn close they're just about touching the belts...

...when Uriel Cortez, with one giant push, heaves the ladder over taking both members of PCP with it! The D and Elise Ares both land crotch first on the top turnbuckle!! They crumble to the mat, leaving Uriel Cortez as the current only person standing. He looks to Minute, but the World's Most Interesting High Flyer is still hurting from the spinebuster. Cortez realizes that he's gotta do this one alone... and with a look of determination, he repositions the ladder and begins to climb!

**DDK:**

LOOK AT THIS! The biggest man in this match is going up high! You don't see that very often.

**Lance:**

It's now or never for Uriel Cortez... he wants those tag belts to compliment the rock he put on Titaness' finger last night!

Uriel Cortez, understandably, isn't as quick a climber as some of the more agile people in the match... but he's no slouch, either. He's about 75% of the way up when...

*WHACK!!*

Pat Cassidy sends that steel chair across the back of The Titan of Industry! Cortez howls out in pain and falls backwards off the ladder. Now the tables have turned and Pat is the only one left standing. He looks to Brock - still woozy. Cortez is holding his back in pain, but the monster won't be down long. Minute is gathering his wits again. Both PCP members have one hand on the ropes. It's now or never.

**DDK:**

And despite his hesitations... Pat Cassidy is climbing the ladder!

One rung. Two. Three. Hesitation. Cassidy tries to shake it away. We hear what it is, but we can see that he's

mouthed something to himself. Four rungs. Five. Six.

**Lance:**

He's there! Wait... why isn't he grabbing the belts?

**DDK:**

His... his eyes are closed!

It's true. Laughter from The Faithful as they realize that in order to summon the courage to climb, Cassidy had closed his eyes - and as a result, doesn't realize right away that the championship belts are almost literally in his face. When it dawns on him that there are no more rungs to climb, his eyes snap open and he sees the shiny gold directly in front of him. A smile breaks out and reaches...

...but when he looks down, he pauses for two very good reasons: 1.) it's so damn high and 2.) Uriel Cortez, Minute, Elise Ares, and The D are all up and standing at the bottom of the ladder looking up at him!

**Pat Cassidy:**

Wait! Now, hold on!

Cassidy's pleas fall on deaf ears as all is fair in love and ladder matches... all four wrestlers topple the ladder... **sening PAT CASSIDY OVER THE TOP ROPE AND LANDING WITH A THUD ON THE ARENA FLOOR!!**

**DDK:**

That's not going to do much for his fear of heights!!

The D and Elise grab the sideways ladder and try to shove it into Uriel, but the big man holds strong and then just shoves back, sending both the D and Elise flying toward a neutral corner. Minute is quick to attack... measures himself... then **RUNS THE ROPES...**

**DDK:**

**ESTRELLA FUGAZ! TWO FOR THE PRICE OF ONE!**

**Lance:**

That's the second time tonight that Minute's has thwarted the PCP with those moves!

Once there, Uriel charges with the ladder held horizontally across his chest. Minute leaps over the charging Uriel, just as the D grabs Elise and pulls them both down flat to the mat, rolling out of the ring entirely. Uriel stops his charge, holding the ladder upright. Minute leaps toward the side ropes, jumps onto Uriel's shoulders, climbs two or three more rungs and then flies out of the ring toward the recovered but plotting PCP with a diving crossbody from an extreme height.

**Lance:**

What a leap from Minute, and yet again, it's only Uriel Cortez--

*WHACK!*

**DDK:**

Spoke too soon. Brock Newbludd with a steel chair to the back! And another big swing from Milwaukee's Beast!

Uriel falls to his knees and the ladder clatters to the mat. Brock raises the steel chair high once more, only for Minute to reach from the outside apron, grabbing the extended chair from him! He turns around only for Cortez to palm the back of his head and then **THROWS** him up in the air, **SWATTING** him with a big open-handed chop on the way down!

**Lance:**

OOOOOOOOHHHH! Brock gets taken down!

**DDK:**

Cortez will not fall! Now, he needs to grab the ladder!

Until the D clears his throat over the PA loudspeakers.

**The D:**

Eh-HEM! Now.

A moment passes. Nothing.

**The D:**

I SAID NOW!

Suddenly, emerging from the backstage of the DEFplex are a flurry of men dressed in matching astronaut suits, rushing toward ringside. Two by two, each carrying a table. They splinter across the ring, and reach as far as they can, surrounding ringside with set up tables. The D reaches out to the "lead" of the team, a large burly 7 foot monster, and just puts a twenty into his shirt lapel. He raises his hands, and all the astronauts march to the backstage area, mission accomplished.

Uriel shrugs and starts setting up the ladder. Minute eyes the D on the outside, and then sees Elise getting up on the other. Brock on one side, and a shaken and broken Pat in front. Pat in particular buried underneath the recently set up table.

**DDK:**

This has just been a race to the top since the start, Lance.

**Lance:**

There's really no time for a game plan here, it's just chaos, It's going to take incredible skill and luck to come out of this with not only the tag team titles, but your careers intact.

Minute rushes toward Brock and hits him with a dropkick as he tries to enter the ring. It's as if he landed on his feet as quick as he's able to catch Elise on the apron on the farside. Nearside, The D slides into the ring and meets Uriel Cortez, who steadies the ladder and the D just starts climbing up as quick as he can. Uriel looks wide and turns to Minute, who climbs even quicker and meets the D at the top before the D can even reach up. The D can't believe it through labored breaths.

**The D:**

Fucking leg days...

The D goes for a wide right that Minute chops away, before Minute just leaps onto the D's shoulders and spins, hurracarraning him off the top to flashbulbs!

**DDK:**

OH, MY GOD! HE HIT THAT BLIND HURRICANRANA ON DEFtv 164 on The D... but not from THAT HEIGHT!

**Lance:**

Minute has no limits! What a hurracarrana by the luchadore!

The D front flips over the top rope and through one of the recently set up tables to a crash on the outside. Minute grabs the ladder as he falls to right himself and land on his feet. And then it's right back up, this time the other side. Uriel continues to hold the ladder in place, cheering on Minute, but this time Elise springboards onto the far side's third leg and races up to meet Minute. Minute sees Elise and as she reaches out for his mask, he instinctively drops down and tiger feint kicks her. Minute can't hold onto the ladder and falls to the mat on his face. Elise goes a bit limp against the ladder, and slides off with a thud at Cortez's feet.

**DDK:**

Minute's taken out both members of the PCP, but he had to take himself out to do it.

**Lance:**

And here comes both Brock and Pat! Brock quickly up one side. Pat climbs two legs up the other and then... decides not to. He turns to Uriel and... LAST CALL! No! Uriel had it scouted!

The ladder stumbles as Cassidy fires rights and lefts, backing Cortez into the corner. Pat climbs up and starts the ten buckle punch in the corner, with the Faithful chanting along with every blow.

**DDK:**

Brock's nearing the title, but Elise and Minute see Brock!

Brock reaches the titles at around seven. Pat can't hear over the rush of the crowd as Minute and Elise recover just enough to send Brock toppling over the top rope. As Pat shouts "CHEERS!" before his tenth punch, Brock crashes through the table. This is enough for Uriel Cortez to take a shocked Cassidy out of the corner and dump HIM outside, also through the splinters and debris of a table.

**DDK:**

The D's set up 8 tables just a minute ago and 3 are already gone. I mean, a man with Uriel's size and conviction, it's got to say at this point in the match, LTT have the advantage.

**Lance:**

Of course Darren. I'd say they've had the advantage since the start. They might not even need a ladder to get to the belts, considering how high Minute can leap.

Inside of the ring, Elise doubles the unsuspecting Minute over with a sharp knee to the midsection, then ROCKS him with her Superwoman Punch, Amethystation! She then takes two quick steps towards the ropes, springboards, and drives Minute face first into the mat with a DDT!

**DDK:**

Well, that didn't take long! After working with Minute to toss Newbludd over the ropes, Elise instantly ends the alliance and takes the luchadore out!

Ares leaves Minute on the mat and pulls herself back upright to lock eyes with an angry Cortez. The big man charges in and Elise brings him down to a single knee with a perfectly placed shotgun dropkick to Uriel's legs. The luchadora quickly backpedals towards the ropes, bounces off of them, and brings Cortez down all the way with a follow up dropkick! She immediately heads towards the ladder but is stopped when Uriel reaches out and grabs her by an ankle.

**Lance:**

Uriel may have been taken down but he smartly stops Elise from climbing that ladder. His massive hand is like a bear trap and she's caught fully in it!

Meanwhile, on the outside, The D rises up out of the debris from the table he was just put through just as Pat Cassidy begins to slowly stir underneath his own broken table. Glancing up to the ring, the Netflix A-Lister sees Elise stomping on Uriel as she tries to break free. Unable to pass up a golden opportunity to utilize some more of the tables that his posse brought down to ringside, The D grabs Cassidy and pulls the groggy tag team champion upright.

**DDK:**

The D's got an evil look in his eye, Lance. I think he's got some bad intentions here.

The D drives a knee up in Cassidy's gut and leads him to one of the still setup tables. One more knee to the gut later and The Scrapper from Southie is rolled onto the table. The D quickly follows and climbs up. Grabbing Cassidy by his ears, he applies a stiff front facelock and smiles wide to the anxious Faithful.

**Lance:**

I would have to say you're right, DDK! This doesn't look good for Pat Cassidy.

Reaching down, The D grabs one of Cassidy's legs and starts to raise him up in the suplex position. Things suddenly backfire for The D when he gets Cassidy halfway up...

**DDK:**

Cassidy still has some life! The D can't get him up!

The D tries to power his larger opponent up all the way, but Cassidy's desperation defense is too much and he's forced to set him back down. As soon as Pat's feet touch the table, he yanks his head free from the front facelock and **SMOKES** The D with a huge European uppercut! The D nearly falls off the table, but Cassidy catches him and delivers a follow up headbutt!

**Lance:**

Now Cassidy is in control and he's got The D setup for a powerbomb!

The crowd's cheering swells as Brock Newbludd suddenly appears on the ring apron in front of his partner. The tag team champions lock eyes for a brief second and Newbludd limps his way towards the turnbuckles as fast as he can.

**DDK:**

Not a powerbomb! Cassidy's lifting him up for a piledriver!

Newbludd makes his way all the way up and spins around to face his partner just as Cassidy gets The D all the way up. The Faithful catch on to the champions plan and let the know it..

*CHUG! CHUG! CHUG!*

Not wasting a second to acknowledge the chanting masses, Brock leaps off the top and soars through the air towards them. The D starts to kick his legs in protest but he's too late...

**Lance:**

KEG TAP! SNS just **DROVE** The D through that table!

The arena roars in shock as SNS crawls away from the wreckage, leaving The D crumpled on the floor!

**DDK:**

THE D JUST GOT DRILLED! HE'S OUT!

*HOLY SHIT! HOLY SHIT! HOLY SHIT! HOLY SHIT! HOLY SHIT!*

The Faithful are going insane and are on the edge of their seats at the moment as all three men lay around in the wreckage where one of the tables once stood. Back inside the ring, Elise tries to free herself from the grip of Uriel Cortez, but The Titan of Industry still won't let go! He pulls her off... but gets an eye rake from Elise!

**DDK:**

Elise is desperate to do anything at this point... ANYTHING! The D is done! Minute is still out! If she's going to try and win this, it HAS to be now!

He stumbles around as she tries to get up the ladder! She's almost there!

**Lance:**

No! She's almost got a hand on those titles! She's almost there!

**DDK:**

She's got hold of one! She's almost there! She's... NO! Uriel moved the ladder! He moves the ladder and now he's trying to swat her out of the air!

The ladder is knocked down and is diagonal to the corner. Both Saturday Night Specials see Elise HANGING ON by a thread trying to detach the mechanism for the UNIFIED Tag Titles and trying to hang on for dear life while Uriel grabs another ladder to try and stop her! But before they can get up, they are both stopped by Minute with a sliding kick knocking Pat into Brock. He looks out to the crowd...

He springboards to the top rope...

AND TAKES OUT THE SATURDAY NIGHT SPECIALS WITH AN AMAZING IMPLODING 630 SENTON TO THE FLOOR!

**DDK:**

HOLY HELL! HOLY HELL! MINUTE JUST WIPED OUT THE SPECIALS! HOW THE HELL MANY FLIPS WAS THAT?! HOW MANY?!

**Lance:**

THIS IS INSANE! THE SPECIALS JUST GOT WIPED OUT!

The crowd sees the replay of a variation on Minute's Minutiae, the same move he won the Favoured Saints Title with! The springboard imploding variant wipes out both Brock Newbludd and Pat Cassidy on the floor!

*HOLY SHIT! HOLY SHIT! HOLY SHIT! HOLY SHIT! HOLY SHIT! HOLY SHIT!*

**DDK:**

LOS TRES TITANES COULD MAKE HISTORY... BUT NOT IF ELISE GETS THERE FIRST!

Elise tries to undo the hook, but Uriel finally uses the ladder and bops her with it. He reaches up and swats her with the ladder! The longest-reigning SoHer in history gets caught by Uriel before she falls... but there's no batting of the eyelashes here...

ELISE ARES GETS HIT WITH THE INDUSTRY STANDARD!

**Lance:**

Industry Standard! Industry Standard! That's it! That's gotta be it! Elise might be out of this one after that slam!

The massive Titan of Industry has been the x-factor for his team most of this match with no team being able to stop his sheer size for too long! Minute takes a moment to get up and get back inside the ring. He holds his ribs and he's hurt, along with Cortez, but Cortez starts to gesture to Minute to get on his shoulders.

**DDK:**

I think... I think Minute's getting a piggyback ride on the way to the top!

**Lance:**

The Imploding 630 Senton took so much out of him, as it has done with the rest of the competition... but if he's on there, Los Tres Titanes might have this!

Uriel sits up and then uses a slow crawl in order to help Minute get back to the top. He's got Minute up...

Up...

up...

**DDK:**

HE'S ALMOST THERE! WE'RE GONNA HAVE NEW TAG TEAM CHAMPIONS!

**Lance:**

ALMOST THERE...

Minute has a hand on the titles...

THEN CATCHES A BEER CAN TO THE BACK, COURTESY OF PAT CASSIDY!

**DDK:**

What... what the hell was that?! Minute's hurt...

But Pat points behind Uriel...

And the distraction allows Brock to come back with a STIFF Superkick to knock Cortez back! He stumbles with Minute riding on his shoulders... THEN MINUTE FALLS OFF CORTEZ AND LANDS THROUGH A TABLE ON THE OUTSIDE!

**DDK:**

OH GOD! ALL THOSE TABLES THAT THE POP CULTURE PHENOMS BROUGHT OUT... MINUTE IS DONE!

An angry Uriel is STILL on his feet, but eats another stiff Superkick from Brock, sending him back to the ropes! Pat comes in and the two men grab either end of the ladder and charge... THEN SMACK THE TITAN OF INDUSTRY OVER THE ROPES AND OUT TO THE FLOOR WITH THE LADDER!

**Lance:**

AND THERE GOES URIEL! THAT'S IT! THE SPECIALS HAVE THE CHANCE TO WIN THIS!

The Faithful are going apeshit! They set the ladder up and Pat holds it and plays defense as a limping and hurting Brock. He climbs, with Pat holding the ladder...

Brock is almost there...

Almost...

He has the titles...

AND UNSTRAPS THE HOOKS! THIS ONE IS OVER!

***DING DING DING***

Brock leans back and then slowly drapes down the ladder in immense pain... as all the competitors will be. Both Brock and Pat embrace in a manly bro-hug and then unstrap the UNIFIED Tag Titles from the hook fully!

**Darren Quimbey:**

HERE ARE YOUR WINNERS AND STILL THE UNIFIED TAG TEAM CHAMPIONS... **THE SATURDAY NIGHT SPECIALS!**

**DDK:**

What a match! WHAT A MATCH! Any one of these teams could have won, but by the time we got to the end of this... The Saturday Night Specials pulled it out!

**Lance:**

It looked grim for them at the end! The PCPs almost won this on several occasions! The destructive power of Cortez and the high-flying ability of Minute were always a threat... but a bit of luck and perseverance wins the night for the

Saturday Night Specials!

Both men decide then to have a pow-wow in the ring with the titles... and have a seat. Uriel Cortez limps over to check on Minute in the wreckage of the table... Elise is hurt and rolls over to check on The D for the same after taking a Keg Stand through a table!

**DDK:**

Bodies everywhere, Lance! That's how much these three teams want those UNIFIED Tag Team Titles! It was truly anyone's match to win!

**Lance:**

I believe that, I really do! But we have seen the Saturday Night Specials, time and time again defy the odds with those championships since winning them from The Comments Section. They've truly created something special with this bond.

**DDK:**

Indeed... and now what?

The music stops momentarily when Pat and Brock call for it. The rest of the six pack that he had including the one missing from being hurled at Minute is now in his hand. Uriel starts to help Minute up from the wreckage, barely hanging on. The D looks much worse for wear and has no idea where he is... but Elise is trying to help him up as well.

**Lance:**

What's going on?

Pat cracks open one of the beers... and when he sees Uriel and Minute, offers it to them as a sort of olive branch. Brock takes one and does the same for Elise and The D as they get helped up.

**DDK:**

They're... offering them a drink? Should The D even have one after he got spiked like he did?

**Lance:**

I'm not a doctor, but I don't know about that one.

Cortez looks at the offering... then takes it as The Faithful cheer! On the other side, Elise takes it as well. The D tries to take a sip, but Elise drags it away.

**Elise Ares:**

No. If your brain's knocked loose, you don't get the juice. I... I made that up.

**DDK:**

That's the equivalent of the Saturday Night Specials handshake! A show of respect for all three teams tonight who did everything in their power to make it to the top! The Specials retained, but these three are three of the top teams in the world!

**Lance:**

Incredible match! Just INCREDIBLE! And what a show of sportsmanship for all three teams tonight! The Saturday Night Specials retain in a HELL of a way to close the show! I want to know next, who's going to stop them?

**DDK:**

They'll take on all comers that's for sure, but we have a very deep and very bright division! Folks... for Lance Warner, I'm Darren Keebler! Thank you ALL for joining us over two nights of DEFIANCE Road as all eyes now turn towards DEFCON! Good night!

The music resumes for The Saturday Night Specials as Uriel raises his beer, still smarting like hell but ready to limp to

the after party while Minute holds his back and looks ready to leave. Elise starts to chug while The D still wants a drink while in the ring, Brock Newbludd and Pat Cassidy toast with both their drinks and the titles they successfully retained!
