The scene begins inside the Bridgestone Arena in Nashville as fireworks explode from the rampway. A massive DEFITron sits above the entrance, twice the size of the screen typically used for DEFtv. There are two palm trees flanking the edge of the stage on both sides with beach balls and towels scattered around them. An LCD rampway projects nothing but sunlight from the top of the stage to the edge of the ring apron. The top and bottom ring ropes are dark blue and the middle one is white. The canvas is clean and light blue as always.

Slowly, section by section, the lights shut off.

DDK:

Looks like we're starting things off hot with Malak Garland challenging Elise Ares for her very existence!

A video begins to play on the big screen once the arena is shrouded in darkness. It's found footage from the end of the previous DEFtv, where Malak Garland hops off the apron and races to the back after Siobhan Cassidy whispers something in his ear.

Lance:

Looks like we're getting a special little glimpse into something here.

Malak bursts through the curtain and into gorilla position as he sees none other than Teresa Ames cross his face.

He high fives Siobhan Cassidy as the footage clips to an end.

DDK:

So that's what and why Malak left the tag team match. He got intel that Teresa Ames was in the area and vulnerable for the taking. Still unreal to think that he literally DITCHED the six person tag match to run to the back just to shove Teresa Ames on her butt.

Lance:

Apparently the start of the match was the perfect time to do this otherwise senseless act, Darren but it also explains why Ames inserted herself after the match when she came down to the ring to shove Malak on his back too.

Garland begins shuffling his body to the nearest set of ropes. His legs are flailing in the air and manage to sweep underneath the bottom rope for a brief second. Indeed, Elise grabs Malak around the waist while he thinks he has a cutter locked in. She throws him overhead and across the ring with a vicious release German suplex. Scott pauses, staring at the camera. Then, he continues.

I am the safest man in pro wrestling, and now that I've said it twice that makes it official! No one could possibly be safer. As a matter of fact, I'm wearing a condom right now! Scott begins to take items out of a box behind him.

Scott Hunter:

First of all... a bike helmet. You've got your little construction hat, so I will be wearing a hard shelled hat of my own. Everyone knows bike helmets are far superior to hard hats. Have you ever seen someone wear a hard hat in the Tour De France?? Of course not! That would be insane! So I'm wearing a bike helmet.

Scott Hunter:

Secondly, I have, of course, my trusty swim floaties.

Scott quickly puffs air into each floatie and puts one on each arm.

I have trusted my life to these babies more times than you can count, or at least more times than I can count. Math is hard. But these floaties are soft! They help me to float in case I find myself in deep water, which is **JUST THE SORT OF THING SOMEONE LIKE YOU WOULD DO!** Why are you trying to drown me, Sgt. Safety? Why? Anyway these floaties will thwart your evil plot.

Last but not least, Scott pulls out a giant roll of bubble wrap. He opens it up and starts to wrap it around his torso. As he does so, the grating sound of the plastic being pulled apart fills the room. You would be wincing if you were there, is what I am saying. After a few moments, his upper body is wrapped tightly, then his legs.

Scott Hunter:

I see now that I will possibly have trouble wrapping my arms, but I will make it happen, I guarantee it! You may think I have two Achilles arms, but I assure you I will not appear in the ring unprotected, because **I am the safest man in wrestling!!** You understand me?! **WRESTLING!** After I am done with you, there won't be a workplace in the country that will hire you as a safety auditor. You'll have to work some menial, unfulfilling, degrading job, like working for the IRS or something. **SO PAY YOUR TAXES!**

Scott finishes with a point straight at the camera. He holds there for a moment, then finally relaxes.

CAGE MATCH: OSCAR BURNS vs. CORVO ALPHA

An ominous view awaits the paying fans watching from home as well as those in attendance as the cage starts to lower from the ceiling slowly, signaling the start of one of the key matchups to take place for MAXDEF 2023!

DDK:

Here we go, partner. After weeks of bait-and-switching, mind games... and let's be honest, straight-up running away from his opposition, there's nowhere for the former two-time FIST of DEFIANCE to go, Lance. It's Oscar Burns going one-on-one with the unchained monster, Corvo Alpha as decreed by DEFIANCE matchmakers... in a STEEL CAGE!

Lance:

After losing his Favoured Saints Championship to Rezin back at DEFCON, what one might call the delusional bubble around Oscar Burns was popped. He lashed out at the people he used to call the Oscar Burns Faithful. The man who says he's DEFIANCE Himself challenged anyone to meet him in the ring... and along came Corvo Alpha!

DDK:

We didn't know exactly how Corvo Alpha would be now that he's been cut loose from the influence of Lord Nigel Tricklebush, but it appears that the fans have been gravitating slowly, but surely towards the monster. And tonight, they're going to be in his corner fully when he tries to shut Oscar up once and for all. And after Oscar Burns cost him that No Disqualification match to his lackey, Butcher Victorious, Corvo is going to be seeing red.

Lance:

One thing you can understate, though, Darren. As dangerous as Corvo is, as powerful as Corvo is, as violent as Corvo is, this is Vae Victis' Oscar Burns. Seen it all. Done it all. Won it all. He has never been in a cage match before in DEFIANCE in all this time, but if there is anyone that can adapt and overcome, Burns has made a habit of doing it and that can't be denied.

DDK:

These two have met once before all the way back at our UNCUT 100th show special. Oscar got the win by putting the monster to sleep with a guillotine choke he later named Fifty, but that match opened a hell of a lot of eyes. We're far removed from that day. These are two very different people that we're about to see. Oscar Burns, reviled and loathed. Corvo Alpha, newly taken in by the people!

The bell rings as the cage finally finishes lowering around ringside for all to see.

Darren Quimbey:

The following contest is scheduled for one fall and is a STEEL CAGE MATCH!

That gets a MASSIVE cheer from The Faithful.

Darren Quimbey:

The only ways to win are by pinfall, submission, or escaping the cage!

The lights dim to a simple red and smoke starts to pour out from under the entryway, covering the stage quickly. Out comes Oscar Burns in a very simple ring gear. A burgundy robe. Underneath? Black pants-length trunks, absent the usual Oscar Burns/DEFIANCE logos. White taped wrists and black wrestling shoes. At his side, his stooge, Butcher Victorious trying to keep pace with a pensive Oscar surveying the cage.

Darren Quimbey:

Introducing first, being accompanied to the ring by Butcher Victorious... from Wellington, New Zealand, weighing in at 237 pounds, representing Vae Victis... **HE! IS! DEFIANCE! OSCAR BURNS!**

DDK:

Oscar Burns looking over this cage carefully. He feels this was an unjust punishment lobbied at him by Favoured Saints and DEFIANCE matchmakers, but for three consecutive shows, he challenged Corvo Alpha, only for this match to not happen.

Lance:

And that was a good call. No more running. No more excuses. Now he's gotta put up or shut up.

When Oscar reaches the ring, Butcher goes to wipe down the steps with the quickness of a one-man NASCAR pit crew. After it has been wiped off, Oscar walks up the steps. He never takes his eyes off the cage as he carefully steps through the ropes and into the massive steel structure. Oscar sheds his robe and hands it off to Butcher. When he reaches inside the ring, he looks around at the cage surrounding him from all sides. One of DEFIANCE's best big match players takes a corner and makes it his as he surveys the scene. He's clearly pissed about what's about to befall him, but tries to hide it as he waits for his opponent.

And wait, he does. Anticipation slowly builds. No music ever comes. The lights never dim. Finally, he appears from within the crowd and a cheer sparks then sweeps through the capacity building.

Darren Quimbey:

And his opponent...

Snarling and spitting atop a second tier aisle, the spotlight trembles upon Corvo Alpha, shirtless with a dramatic smudge of red lacquered across his chest, from left pec down towards right hip. His right hand glistens with the same pigment.

Darren Quimbey:

From Parts Untold... he weighs near two hundred and sixty eight pounds! **Call him: CORVO! ALPHA!**

Corvo raises his open left hand high in the air. It drips with a bright yellow paint.

Lance:

We've seen the emergence of this yellow face paint in recent months, fans!

On cue, Alpha smears the yellow paint down his face; from forehead to chin, knots of thick colorant clumping in his otherwise dark, unkempt facial hair. When next he opens his eyes, they are wide and wild and locked solely on the steel cage in the center of the surging arena.

Lance:

It's been speculated that yellow paint represents the yellow mask that this man once wore when part of the Masked Violators tag team.

DDK:

It seems like a lifetime ago!

Lance:

For him, I imagine, even moreso! And yet it seems that with every passing day, despite his struggles, this man is finding out just who he is. *Remembering*, if you will!

Seemingly unaware of the mob of Faithful cheering and jeering around him as he stomps down the concrete steps, Alpha's purpose is fastened tight to the cage.

DDK:

You mentioned that Oscar Burns has never stepped into a steel cage until tonight... Meanwhile, this man - this MONSTER - feels right at home.

Alpha leaps the rail and his eyes take in the massive cage. In the ring, Burns is unimpressed. Butcher Victorious backpedals and nearly stumbles ass-over-tea-kettle over the steel ring steps, but recovers. Yipping and barking taunts towards Alpha, Butch Vic steers clear of the beast as he ascends the steel steps and carefully steps through the steel cage door. A member of DEFsec closes and latches the door behind him with a *CLANG!* and Alpha's head snaps back towards the noise. Then back at Burns, savage and fierce.

The excitement mounts once more as Jonny Fastcountini issues final orders to an indignant Oscar Burns. Across the ring, Alpha shakes the bars of the cage with both powerful arms, feeling the vibration and taking in the sound of it. He glances over his shoulder at Burns who appears somewhat shook by the sheer size and brutality of the steel structure they stand inside.

Fastcountini issues orders to Alpha while, in the background, we see Butch Vic fiddling with the steel door's lever mechanism before being shooed away by DEFsec.

DING DING**DDK:**

Finally, we are here! Oscar Burns, Corvo Alpha, Steel Cage! Pinfall, submission, or escape!

Burns grabs Fastcountini and appears to be inquiring about the structural integrity and viability of one of the cages' corner connections and the fans unleash a torrent of boos.

Lance:

Oscar Burns has had plenty of practice *escaping* Corvo Alpha in recent months... but this steel monstrosity will absolutely slow that getaway down!

Without warning, Alpha pushes Fastcountini out of his path and starts CLUBBING Burns to an ovation!

DDK:

Alpha snatches Burns and goes to sling him into the wall of the cage – but Burns puts on the brakes. Corvo opts for a clothesline instead that LEVELS Burns.

Lance:

I can not understate just how *dangerous* a match this is! We know how violent and explosive Corvo Alpha can be! We know how deliberate and sly Oscar Burns can be! When you add a 14 foot tall, four ton unforgiving enclosure to the mix, the danger, the peril, the threat... increases exponentially!

DDK:

Neither of these men wants to be the FIRST to taste that steel!

Continuing to bludgeon Burns all the way to his feet, Alpha goes to SLAM Burns head-first into a steel bar – but Burns clasps the cage with both hands and halts the motion, following that counter up with a stiff elbow downstairs. Oscar is unable to mount an offense as Corvo just smothers him, pushing him into a corner. Elbow to the face follows elbow to the face as Alpha is unleashed!

DDK:

Music City likes what it's seeing as Corvo Alpha takes control!

Burns uses his forearms to cover-up as best he can, artfully ducking Alpha's swings as he slowly picks up on his opponents offense. Burns stands up straight, snatching one of Corvo's arms in the process, somehow coming out of the corner with a hammerlock applied.

Lance:

I don't know how he grabbed that hold, but *of course* he did!

Burns walks Alpha backwards to center-ring before ducking behind him, transitioning into a reverse hammerlock. Then into a side headlock. Burns grinds it in with a sneer as he scans the crowd.

The 53-year-old mother of the Titan of Industry is greeted by the crowd!

Darren Quimbey:

...Being accompanied by Uriel Cortez and "Memaw Titan" Carolina Cortez, at a combined weight of 463 pounds... Titaness! Dan Leo James! **TITANES FAMILIA!**

The Faithful give them a nice ovation for the team of multiple-time Unified Tag Team Champions! Uriel and Momma Cortez are having words while walking down the ramp while Titaness and Dan Leo James get ready to handle business. Dan holds out the box and holds it up in the air...

DDK:

A PS5! I think this is Dan Leo James still trying to talk sense into Declan Alexander before this match!

Lance:

And he looks unsure!

Dan yells out to Declan while Titaness is rolling her eyes and wants nothing to do with this nonsense. Dan holds the box over his head now and pats the side.

Dan Leo James:

COME ON, BUDDY! REMEMBER... REMEMBER WHO YOU ARE! YOU'RE NOT ONE OF THESE SELF-HELP BUTT-BABIES LIKE NATHAN EYE!

Declan looks at Dan with a smirk, but Nathan Eye has had enough by gesturing to Declan they have a wrestling match to win. Declan does want to focus on business first. Uriel and Momma Cortez watch on and Dan puts the PS5 box down. Titaness tells Dan that she'll start the match with Declan starting for his.

DING DING

Titaness and Declan get right to it! Being of equal height, but Declan with the technical advantage, he goes up and around before applying a headlock to The Show of Force. He cranks on the headlock and Titaness pushes back to the

ropes before trying to shove Declan off of her. Declan keeps his grip down and goes to a kneeling position to keep Titaness down, but the wife of Uriel Cortez picks him up... but Declan flips over and lands on his feet!

He grabs Titaness by the arm and then whips her into the ropes. She comes back and hits a shoulder, but Declan only gets knocked back. Titaness tries to run at the ropes again, but The PogChamp leapfrogs over her! Titaness comes back and Declan once again leapfrogs, then catches her using a big dropkick! The crowd gives Declan a mixed reactions as he shoots up to a knee and looks proud.

DDK:

Titaness taken down with the first big move by Declan Alexander! The athleticism of both he and Nathan Eye I think is unparalleled by any other team in our robust tag team division!

Lance:

I gotta agree there. M4NTRA, for better or for worse, has been such a great team in only just a couple of months.

Declan forces Titaness into the corner. He tags in Nathan Eye and then the two men whip Titaness off the ropes and then catch her with a double flapjack on the rebound! The Show of Force hits the mat hard while Uriel and Dan watch. Tom Morrow looks giddy as a schoolgirl with Nathan going for the first pinning attempt of the match!

ONE!

TWO...NO!

DDK:

Titaness gets the shoulder up, but Nathan Eye is doing a great job staying on her. Beneath this self-help persona, there is one of DEFIANCE's best pure athletes!

Nathan hits Titaness with a forearm and then tries for a body slam on the New Yorker, but Titaness fights her way out and lands behind him before she slips back to the corner to tag Dan!

DDK:

Tag by Titaness to Dan Leo James!

Titaness makes the tag, but Nathan isn't aware. He spins around and tries a corner splash, but Titaness moves and allows Dan to rock him with a big elbow! Dan Leo James enters the ring, then he and Titaness both get Nathan up and each grab an arm. They snap him back to the corner and then take turns hitting NASTY shots! Double chops by Titaness and open-handed chops by The Young Titan!

DDK:

Something EVERY member of Titanes Familia has! Those heavy handed chops!

Lance:

And just as quickly, a tag to Titaness! They train together constantly and it's great to see how this new dynamic of Titanes Familia has worked since they put their issues with Team HOSS in the rear view.

Nathan is reeling from the collective chops when Dan picks him up and drops him with a huge body slam! Then he wants to slam Titaness, but she shakes her head "no." Dan has a defeated look on his face, then the crowd POPS as Titaness picks up Dan Leo James and body slams him across the body of Nathan!

DDK:

I think Dan wanted to slam her, but Titaness wasn't having that! Nevertheless, cover by Titaness!

ONE!

TWO!

NO!

The Golden State Guru kicks out. Titaness gets up quickly and tags in Dan. Dan and Titaness once again whip Nathan into the ropes and then hit him with double flying shoulder tackles on the way back! Dan now with a cover.

ONE!

TWO!

KICK OUT!

DDK:

M4NTRA have come together very well as a team, but the whole family thing isn't hyperbole with Titanes Familia. They have the experience edge here.

The Cortezes are the cheering section at ringside while Tom Morrow angrily shakes his head. Titaness gets the tag again for her team on Nathan and tries to hit a gutwrench, but Nathan is able to fight free and makes the tag to Declan, who is more than ready!

DDK:

There the tag to Declan... GGEZ!

The Show of Force almost gets struck out of her boots with the rolling thunder dropkick by Declan! He gets to his feet and rushes over to strike Dan Leo James with a flying forearm!

Lance:

And Declan lands the first strike against his friend!

Declan grabs Titaness off the mat in a hurry and then hits a gorgeous leg swinging snap suplex that puts her on the mat! The Intrepid Influencer kips up to his feet and then hears the mixed response, but quickly tunes it out!

DDK:

Declan on fire right now... but Dan back in!

Dan charges and runs at Declan, but he ducks. Dan keeps moving, but Nathan is there to pull the ropes down and sends The Young Titan to the floor!

Lance:

James just tried to save Titaness and it just cost him! M4NTRA are ready, though!

Declan picks up Titaness and then throws her out through the ropes and to the floor. Declan looks out to the crowd and then he runs and leaps right over the ropes with a tope con hilo on top of Dan Leo James just as Nathan Eye leaps off the apron from the other side and clobbers Titaness with a flying clothesline! Both members of M4NTRA then help the other up! Nathan points at the "third eye" he claims to see with on his forehead and prompts Declan to do the same!

DDK:

Terrific tandem offense by M4NTRA! It's been back and forth tag team work so far, but Eye and Alexander have the edge now!

Lance:

I mean it. Tom Morrow might have struck gold with this duo. They've been sinking their grip deep on Declan Alexander, who may have just found the way to turn around his big match fortunes!

Nathan points at Declan as they pick up Titaness. Morrow laughs in the direct of the Cortezes, who both tell him to

shut up.

Uriel and Carolina Cortez: *[in sign language]*

Shut up, bitch!

Lance:

Carolina Cortez is partially deaf, which is why they communicate at ringside with sign language... but I'm going to translate that last part to "be quiet."

DDK:

Man of many talents, I see. But so are M4NTRA and they're putting their talents to good use! Titaness is cut off from Dan Leo James!

With Declan on the ring apron, he looks like he's about ready to make another leap as Titaness is on the ground, Nathan makes a tag to let himself get into the match first. Declan looks a little bit surprised but when Eye says something to him that the camera cannot pick up at ringside he nods and seems to go along with the plan. Nathan picks up Titaness before a whip to the ropes leads into a spinning back breaker! Titaness bounces off of the knee and to the mat.

Lance:

A little surprising there that Nathan Eye tagged himself in. Is he asking Declan to slow down?

DDK:

I think so! Declan was about to go to the ropes when Nathan wanted in. I can understand the strategy but maybe clue him in before he is about to make a move?

Titanes gets a scoop slam on the mat next and then Nathan leaps and hits a perfect jumping leg drop! He goes into a cover on the female power house.

One ...

Two ...

No!!!

Titaness kicks out with her legs. The Cortez family are worried now for her well-being, but Tom Morrow is having a field day. He pulls Titaness back at the corner and then tags Declan back in again. Titaness is pinned to the corner, but the powerful and defiant Titanes Familia start fights back! She hits a chop on Declan and Nathan! Titaness tries making a leap out of her corner ... but Nathan Eye overpowers her first and picks her up!

Lance:

So close, but he makes it to his corner! Now Declan in.

Nathan whips Declan and then he hits a back breaker of his own! Nathan looks proud.

Nathan Eye:

There we go, Declan! Slow and steady wins the race here!

Declan grabs the legs of Titaness and then turns her over for a Boston crab! Nathan gives him a thumbs up and a smile from the corner.

DDK:

Nathan can be a pretty flashy wrestler himself, but now they're trying to tell him how he should wrestle? What is that?

Lance:

Morrow has to be doing this. He has been a manager long enough to know when to fight and when to let up and work the opponent over.

Uriel and Miss Cortez both are cheering on Titaness. Uriel's wife tries to fight to the ropes with Declan doing everything that he can to keep her in the Boston crab. Uriel urges her to fight to the ropes and DLJ does the same in his corner pointing at Titaness and cheering her on. The DEFIANCE Wrestling Faithful are doing the same for her as well and they are lending her support for her efforts to get to the bottom rope.

DDK:

Declan has a developing technical background and he has shown he's got some skill on the mat. He's not just some athletic kid but sometimes he wants to show off more than subdue his style.

Declan holds on ... but Titaness gets her hand tightly on the ropes first! Declan lets go of the hold on a clean break. Morrow looks mixed but Declan tells Morrow that he and Nathan got this and it's all good. The three way conversation with the official continues and as this is happening, Nathan grabs Titaness and starts choking her against the bottom rope! Uriel immediately shouts at the referee to pay attention to his wife's well being!

Lance:

What a despicable act by Nathan Eye! But Declan and the referee don't see what's happening!

Nathan moves out of the way just before the referee or Declan can get wind of what he's doing and walks back to his corner. Titaness is on the ground hacking and coughing for air and when the referee sees that and then looks back to Natty Eyce he is shrugging and pointing at his metal-plated book held by Morrow that he'd never do anything awful.

DDK:

Now Nathan wants the tag! Of course he does!

While Titaness is still on the ground coughing, Nathan holds his hands out and Declan makes the tag. They both pick Titaness up with Declan whipping her to the ropes and then Nathan picking her up as Declan runs behind ...

DDK:

Rise and Grind spine buster! Right onto the knees of Declan Alexander! The Rise and Grind combined with that Combo Breaker!

Lance:

That was an innovative combination by M4NTRA! The spine buster combined with that lung blower might do it!

Titaness goes sailing across the ring from the impact and Nathan Eye kneels up to point to the "third eye" on his forehead again as if the match is over. He goes to pull Titaness away from the ropes and then tries a pin.

One ...

Two ...

But before the three, Dan Leo James jumps in and he breaks the pin with a huge running senton across the back of Eye!

Lance:

Dan Leo James makes the save in the most unorthodox of ways! He just crushed Nathan Eye using that running senton to the back!

DDK:

Titaness has been locked up in that corner by M4NTRA for the last several minutes and they've been working over her back! She needs to find a way out of this and James may have given her that opening!

DLJ gets up and starts clapping at Titaness to get up!

Dan Leo James:

Let's go, Muscle Mom!

He heads back to his corner quickly. Titaness has been hurt, but the Show of Force is showing her iron will to stay in this match and tries to get up. Eye is cursing under his breath and then makes a tag to Declan, who waits in the middle of the apron for Titaness to get up. Before he can hit the move, Tom Morrow is pointing at Declan and telling him not to do it. Nathan is doing the same and is telling Declan to get in and stop her from getting a tag.

DDK:

I think that Declan might be trying to hit another GGEZ on Titaness?

Lance:

But Declan is telling them he's got this, fam!? Whatever that means.

With Titaness starting up Declan rolls in for the GGEZ ... but when he comes out of the roll, Titaness catches him across her shoulders! Then hits the Clash of the Titaness to a big pop!

Lance:

That was a tremendous counter! He tries the rolling drop kick but Titaness counters by catching him and hitting the death valley driver called the Clash of the Titaness!

DDK:

I can't believe these words are coming out of my mouth and will be out in the public ... but Nathan Eye and Tom Morrow were right! Declan tried to get flashy but Titaness was ready for it!

Titaness's back has been worked over and she's showing the effects of such a move after hitting her move, but the Show of Force has a clear line of sight to Dan Leo James who has the fans ready to see Titanes Familia make a comeback. The Cortez Family are cheering and James looks out to The Faithful and stomps a foot on the steps.

Dan Leo James:

Muscle Mom! Muscle Mom! Muscle Mom! Muscle Mom!

While Declan is heading to his corner, Titaness can't believe it... but a chant starts to pick up...

MUSCLE MOM!

MUSCLE MOM!

MUSCLE MOM!

DDK:

Oh, boy... if you've heard DEF Radio, that's the name that Dan has been told not to call her under any circumstances... though it was also up on the tron...

Lance:

My lawyer has advised me against speaking on anything DEF Radio... but Titaness is about to get the tag!

Declan makes a tag to Nathan Eye, allowing The Golden State Guru to jump over the ropes to try and stop Titaness by grabbing her leg!

DDK:

No! Nathan cuts off the tag!

Nathan tries to pull her up into a waistlock, but she quickly moves into a standing switch and shoves Eye into the ropes. When he comes back, she fires off a QUICK snap german suplex that takes the big man over!

Lance:

Nathan Eye tried to stop what's happening, but he can't! Dan is ready!

MUSCLE MOM!

MUSCLE MOM!

MUSCLE MOM!

Titaness is grabbing her back with one hand and threatening Dan with a death glare before making the tag! The big man is in!

DDK:

And here comes Dan Leo James! The Young Titan is in!

Dan charges right into the ring like a man-child possessed and CLOBBERS Eye with a big shoulder tackle! Eye goes spilling over, but Dan picks him up again and then has him over the shoulder! He points at Declan across the ring.

Dan Leo James:

THIS ONE'S FOR YOU, BUDDY! YEET!

And then THROWS Nathan up and over with a delayed back body drop to the canvas!

DDK:

YEET by Dan Leo James! Ironically enough, it was Declan who helped Dan Leo James come up with that move in their BRAZEN days!

The Faithful are all fired up over Dan as he picks up Nathan off the mat once again and whips him to the corner for a big running splash in the corner and gets crushed! Natty Eyce gets taken for the ride again across the ring! Dan charges at the corner, only to get a big boot up from Nathan first!

Lance:

Nathan stops the Young Titan train!

Nathan goes off the ropes and tries for the Side-Eye, but Nathan catches him first in his grip and SWINGS him around before flattening him on the canvas with a body slam spun out into a big facebuster!

Lance:

Dan has been waiting for weeks to finally get his hands on Nathan Eye and he's doing just that!

The Faithful are going crazy as Declan looks to Morrow, pointing in the ring at him to hurry up! Uriel and Momma Cortez tell Dan to look out as Declan tries to sneak up on him!

DDK:

PLAY OF THE GA... NO! Declan into the ropes...

THWACK!

The Faithful collectively groan as Dan has no choice but to CRACK Declan on the return with the Fastball Chop! Declan falls to his knees holding his chest in pain! Dan feels bad for it, but he doesn't have too much time to dwell on things when Uriel Cortez yells at James to finish the match. He nods and sees Nathan Eye in the corner!

DDK:

That Fastball Chop was loud! He didn't want to do it, but victory is on the line here and he's got Nathan Eye in his sights!

Nathan is still reeling when he's picked up. Dan grabs him by the arm, but Nathan reverses and slugs him with a back

elbow that stuns Dan, then follows up with a corkscrew back elbow smash that puts him on the mat! Nathan hurriedly gets away from The Young Titan and through the ropes!

DDK:

I think we're looking at Eye's Up Here! That flying elbow drop is a thing of beauty and if he hits it, Danny is done!

James is still out on the mat when Nathan goes up top, but before he can steady himself, The Young Titan snaps back to life and then meets him at the middle rope! Nathan tries to hit him with a forearm, but Dan returns fire with a BIG chop to the chest! He has Eye in his sights (jokes!) and then hooks him up as the crowd starts to buzz...

He follows the vet's advice while Dan is recovering from the kick and pulls Nathan by his leg! He then climbs through the ropes and tags himself in!

DDK:

GREAT strategy there by Nathan! Morrow has a game plan for just about any situation unfortunately.

Declan is in the ring now and stands over Dan before he nails him with a forearm! James fights back and CRACKS him with a chop that almost knocks DEC4L over! The Intrepid Influencer hits a stiff forearm, but Dan fires back with an open-handed chop! They continue throwing blows to one another until Declan wears him down with a boot! DEC4L rears back and then goes to the corner, but then comes back and ducks under a big lariat, only to hit the ropes just as Dan turns...

DDK:

And now all four are down and the crowd go wild! Titaness is clutching her back still and all parties are down!

DDK:

Both M4NTRA and Titanes Familia pulling out all the stops here now! Titaness saved James with the Sliding T elbow smash!

Uriel Cortez is yelling at Dan or Titaness and urging one or the other to get up. Declan has been waffled by the sliding elbow smash and is nursing a sore jaw, but Nathan Eye motions over to Tom Morrow with the referee checking on others. He slides in the metal-plated book and Eye covers it with his chest to plug it! Uriel and Momma Cortez yell at the official to pay attention, but Navarro doesn't see Nathan Eye with the book!

DDK:

Everyone is down, but Navarro doesn't see Nathan hoarding that book!

Morrow yells at the Cortezes to get the hell back and get away from him, but Momma Cortez has seen enough and attacks Tom Morrow, slapping him across the face and ringing his bell!

RRRRRRRAAAAAAHHHHHH!

Lance:

Tom Morrow getting what he deserves in this one! He just had the taste slapped out of his mouth by Ms. Cortez! The Memaw Titan is gonna give Morrow those hands!

DDK:

All well and good, but Navarro isn't paying attention to the match!

The Faithful jeer when the man called 251 Pounds of Pure Perseverance looks to be made up of some other substance used for fertilizing. He has Dan lined up in his sights, still smarting over the Play of the Game and trying to stand again...

Lance:

He better move!

Nathan charges with the metal-covered book in hand, but Dan sees it coming and moves at the last second! Declan sees it coming right behind him...

DDK:

OOOH! NO! He just barely avoided hitting Declan with the book, too!

OOOOOOHHHHHH!

The crowd realizes what's happening in the moment! Declan's eyes grow wide, but before Nathan can protest himself, Nathan gets STRUCK with the Dash and Bash by Dan Leo James, knocking Eye out from the ring! Declan turns and gets a pump kick to the jaw by Titaness!

Lance:

No! Nathan's attempt to use the book on James backfired again!

Dan whips Declan into the ropes and then throws him up into the air with a big pop-up... into a HUGE running spear by Titaness on the way down!

DDK:

THAT'S THE MOTHER/SON SPECIAL! THAT'S IT!

Dan gets to his feet with the help of Titaness and the two have their arm raised after wearing the wounds of war! Meanwhile on the outside, Tom Morrow is nursing a red mark that will most definitely be left on his face in the morning and he's stunned at the result!

Darren Quimbey:

Here are your winners... **TITANES FAMILIA!**

DDK:

Titanes Familia pulls out the win! M4NTRA showed when they are on the same page, they can hang with any team in this division, but Nathan Eye trying to use that book as a weapon shows they aren't where they want to be!

Lance:

Declan Alexander and Nathan Eye when they've worked together have shown they can be a great team, but I have to wonder if that malfunction at the end may have ripple effects for their partnership!

Uriel and Memaw Cortez head inside the ring to help to raise the hands of Titaness! James has one eye looking towards Declan Alexander on the mat, looking sorry for him in his current situation, but then perking up when Titaness goes over to raise his hand! He goes to hug her and he's allowed three seconds before Titaness motions to stop.

Nathan Eye meanwhile is outside the ring, licking his wounds and clutching onto his book while spouting he's still the master of self-help! Morrow joins the Golden City Guru, giving him a pat on the back and motioning for them to get out of here. Alexander is now laying on the apron trying to gather himself as Eye and Morrow begin to make their way backstage.

DDK:

Morrow and Eye quickly are making their way out of the arena, so fast that it looks like they left DEC4L behind.

Coming to his senses, the PogChamp reaches his feet out on the apron and looks around to find his teammates nowhere to be found while Titanes Familia continue to celebrate in the ring. Dan Leo James notices Declan all alone and falling to one knee on the apron looking heartbroken across the arena before sitting down on the apron. DLJ leaves the party to come and tap the Intrepid Influencer on the shoulder. He has the PS5 box in hand, but Declan looks over his shoulder to see the giant before bowing his head pushing himself off the apron.

Lance:

It looks like Alexander is a bit out of it but looks confused on where his teammates went. This is the first time Dan Leo James has really had the opportunity to talk to DEC4L one-on-one in months but it looks like the PogChamp just isn't up to it.

Making his way up the aisle alone, Alexander holds his ribs with heavy breathing. He looks back at Titanes Familia holding their arms up one last time before turning his back to the ring and laboring his way backstage.

Alone.

STRONG STYLE RULES: SCROW vs. ARTHUR PLEASANT

Darren Quimbey:

The following contest is scheduled for one fall, and it is the STRONG... STYLE... MATCH!

DDK:

Very curious about how this match is going to play out.

Lance:

Well, they explained the rules at DEFtv, but I'm sure Quimbey will refresh our memories!

Darren Quimbey:

The rules of this match are as follows: in addition to the standard pinfall and submission rules, each competitor has three chances to knock down the other with a standing strike that has the capacity to knockout. The third time someone knocks the other down with a forceful standing strike, the match will be called with a TKO! Also, each competitor has the use of a weapon three times throughout the match. The fourth time either competitor uses a weapon, the match will result in a disqualification!

Lance:

Well, there you have it, folks!

DDK:

I'm not sure who has the advantage here as far as the TKO goes. Arthur is a top-quality practitioner in the Art of the Eight Limbs and from what I gather, so is Scrow. But the use of weapons? We all know Pleasant is the uncrowned King of the Deathmatch and not to mention a very sick individual.

Lance:

Give Scrow a weapon, and he'll know what to do with it against Pleasant. Trust me.

"Immigrant Song" by Voodoo Prophet hits the speakers, and a chorus of boos immediately follows.

BOOOOOOOOOOOOOOO!

Two words, followed by two letters, written in signature style, appear on PRIMEview with a bleeding effect; this is created by a machete that slices through the bottom of the screen with a violent effect. Arthur Pleasant, meanwhile, has already begun making his way out from behind the curtains.

Typical Arthur Pleasant.

Arthur continues to look under the ring until he finds something he reaches under and grabs it. Before he can lick his lips by his choice Scrow is diving through the ropes in a suicide dive catching the Plaguebeast completely off guard!

DDK:

Pleasant looked like he was undressing that sledgehammer with his eyes.

Lance:

His lust for carnage cost him as he totally forgot about Scrow.

Scrow stands up and listens to the Faithful cheer him on. Arthur quickly gets up and in a fit of absolute rage! He charges at Scrow, who quickly turns around and has enough time to react.

DDK:

Ink Stain! Outside the ring!

Lance:

What a hell of a Standing Spanish Fly there! Arthur has no idea where he is right now. Remember there are no count outs in this contest.

Scrow looks out to the excited crowd for a moment, then picks up Arthur and throws him back in the ring. Pleasant cowardly scoots back to the corner and starts to beg Scrow. Scrow ignoring the obvious babyface trope just goes in to attack. First with a running knee then mudhole stomps in the corner. Scrow picks up Arthur.

SCREECHING STRIKE!

DDK:

What a vile shot there! Arthur got lucky there as he fell right back into the turnbuckle. He might have been down to one final strike to a TKO win for Scrow here.

Scrow continues to repeat the process as though you put that one favorite song on repeat. As he takes advantage of Arthur turning into a boxing bag swaying back and forth from a strike from Scrow to the turnbuckle and back again!

Scrow continues to stay on the offense, Arthur has taken some of Scrow's biggest moves and shots and he is still going. Scrow picks up Arthur and just like that a eye rake. Now Arthur tries to mount an offense here. He now has Scrow pinned by the ropes and doing a similar succession of strikes with the ropes forcing Scrow back. Each strike just adds more welts to Scrow's chest.

DDK:

Pleasant finally returning the favor here.

Lance:

Arm Drag takeover! Scrow reverses a knife-edge chop from Arthur and just like that Arthur is back down on the mat!

Scrow bends Arthur's wrist back as he holds Arthur in place. After a few minutes, Arthur manages to get to a vertical base and reverse the hold into an arm-drag toss! Arthur hops up and quickly nails Scrow with a knee to the skull before he can get to a vertical base. Now Arthur is back on offense. He continues to pummel Scrow in between the second rope in the corner with knee strikes to the side of the head.

Lance:

Three fishermen suplexes, and now Arthur is laying into Scrow now. Looks like he is setting up for a Provocation!

CLOSE UP: NDR vs. THE COMPANY MEN

DDK:

This upcoming match is one that I and many other people have been waiting for as the rivalry between two tag teams new to DEFIANCE has erupted in absolute chaos.

Lance: [V/O]

Their first match took place at Uncut 138, which ended in a time limit draw and the first of their many brawls.

Footage of their first match, which ends with "The StarChild" JP Reeves pinning Brayden "Dubya" Leverington before Cristiano Caballero pulls his partner out of the ring to get a time limit draw. Reeves and Raiden then run up the aisle and all four men fight.

Lance: [V/O]

A rematch took place at Uncut 139, with the winning team guaranteed to make their debut match at DEF 186! NDR shocked The Company Men by revealing that Teri Melton had become their new manager, which they came to their advantage, especially as JJ Dixon defeated both of them several times via Teri's mad genius!

Teri makes her appearance at the top of the ramp as Dubya and especially Cristiano have a panic attack as both remembered her successful engineering of their multiple defeats at the hand of JJ Dixon -- one involving duping Cristiano with a timekeeper bell decoy.

One shot shows in the match Caballero leaping into Duba's waiting arms like a baby as Teri approached him at ringside. Then the end of the match comes as NDR hits The Final Sunset on Dubya, then Cristiano tries to pull Dubya out of the ring like their previous match, but Teri boxes him out like she's a NBA player muscling for a rebound, leading to the NDR victory!

Lance: [V/O]

Then the war erupted. The Company Men interrupted NDR's anticipated debut at DEF 186 and revealed their own manager in Tabitha Kinsey - Teri's former mentor!

The Company Men have NDR in The Gembreaker as Tabitha rips out Teri's earring, as Teri screams in pain with blood pouring everywhere.

Lance: [V/O]

In their rematch at DEF 187, with Tabitha at ringside and Teri still recuperating from the attack, The Company Men won after a wild brawl!

There's wildness at ringside with parties respectively, with a shot of Tabitha hitting The StarChild with her Faberge Egg on the floor, followed by Cristiano making Raiden tap to The Gembreaker while Dubya and Tabitha celebrate at ringside.

Lance: [V/O]

The feud only escalated at DEF 188, when a scheduled rematch between the two teams was revealed to be a trap by Teri Melton, who dramatically reappeared!

Teri stands in the spotlight inches from Tabitha's shocked face as both members of NDR deliver spinning kicks into chairs that crash into The Company Men's skulls, followed by the two of them viciously beating their rivals. Then we see the backstage punch from Teri wearing Tabitha's wedding ring that sends blood pouring out of Kinsey's face dangerously near her eyes.

Lance: [V/O]

And at DEF 189, we of course saw one more attack -- this time involving the couple of JJ Dixon and Tabitha's granddaughter, Caitlyn Kinsey, both of whom have tried to keep neutral in this volcanic feud!

Cristiano is pummeling both members of NDR with a chair as Tabitha wrenches Teri's ring finger at a terrifying angle,

with DEFSec and then JJ Dixon trying to break it up, followed by Dubya sneaking down to ringside to help Caitlyn Kinsey get the win after she hit Nicky Synz in the face with a Faberge Egg.

Lance: *[V/O]*

We have yet to see these two teams fight each other with both of their managers at ringside! And, I can assure you, this is going to be a nasty affair!

On cue, the lights dramatically go out!

Raiden dives in at the last second to make the save! Caballero is beside himself, holding up three fingers in Doyle's face as Raiden leaves the ring.

Lance:

Caballero has become so much improved since Tabitha Kinsey arrived in our lives.

DDK:

I would add "unfortunately" somewhere in that sentence.

Caballero now hits a snap suplex on The StarChild. He gets up, stands on JP's chest while leaning on the top rope with an incredibly self-impressed look on his face.

Booooooooo!!!!

Lance:

That is just so completely uncalled for! But it's clear The Company Men want to slow down the pace of this match and play to their advantage.

Teri again starts pounding on the mat, as Raiden is back in the corner yelling and reaching for the tag. The crowd claps in the same rhythm with Teri. The camera also catches Dubya still standing on the floor, holding his neck as Tabitha continues to console him.

DDK:

Caballero whips Reeves into the corner and charges, only Reeves gets his knees up!

Cristiano backpedals. Reeves starts to make the long walk to his corner, only for Cristiano to grab his left arm.

DDK:

Reeves is reaching, he is only a few centimeters away from tagging his partner.

Reeves instead turns back to Cristiano, uses the leverage to reverse into a chicken wing with his left arm, and then a half-Nelson with the other.

Lance:

Reeves just dumped Caballero with a beautiful Half-and-Half suplex!

DDK:

Reeves now leaps for the tag but —

Just then, a sprinting Dubya comes into view and pulls Raiden off the mat, and Reeves just misses Raiden's hand by a centimeter. Dubya then clobbers him with one of his dynamic European uppercuts before throwing him into the ring railing.

Then from the other side —

DDK:

Oh no! Tabitha just came up from behind Teri Melton and shoved her head first into the steel ring post! Now Tabitha grabs Teri by the hair and tosses her right into the ring railing!

Lance:

We have seen Teri Melton throughout this match get the better of her arch-nemesis across the ring! Tabitha Kinsey just decided to even out the playing field by getting rid of her Teri Melton Problem in a really vicious manner -- by using a "set play" of their own!

Caballero now clocks Reeves with a step-up Enzugiri! Dubya yells something at him and points to Raiden.

DDK:

Caballero now rolls to the floor. I don't like this at all!

Tabitha holds up 10 fingers high above her head as Dubya picks Raiden up and Caballero hits him with a cutter!

DDK:

10-K onto the cement floor! Raiden is out!

Lance:

And Benny Doyle is furious!

Benny leans between the middle and top rope.

Benny Doyle:

Get back in the ring before I disqual --

But as he admonishes The Company Men. JP bounces off the far ropes, sprints, and then steps on Benny's back to hurdle over the top with a flipping tope and crashes into both Dubya and Cristiano!

DDK:

And The StarChild, JP Reeves lives up to the billing!

He's Five Stars!

He's Five Stars!

He's Five Stars!

Lance:

That's what NDR means with their "Die Trying" slogan -- they'll do anything to beat The Company Men, because beating these two arrogant jerks is the best way to hurt them, even beyond kicking chairs into their faces like they did at DEF 188!

Doyle is now on the floor, ordering Reeves into the ring, as well as Caballero who is getting up as the legal man. Tabitha continues to yell at Doyle about who knows what, so Dubya runs around the corner and slides into the ring

behind The StarChild who is ready to square off with Cristiano!

DDK:

Oh no! Dubya with a chop block to JP's left knee! Doyle didn't see it because Tabitha is still screaming at him! And his knee buckled hard!

Lance:

That type of chop block would have resulted in a multi-game suspension in the NFL! And The Company Men now have one thing in mind — The Gembreaker, which has proven unbreakable for decades!

Reeves screams in pain as Dubya and Caballero menacingly stand over him. Doyle then hops between them as Reeves gets to his knees, looking up at The Company Men with a combined look of both worry and resistance.

N!D!R!

N!D!R!

N!D!R!

But his look quickly goes away along with the crowd's chant as Caballero tees off with a thrust kick to his jaw.

Tabitha Kinsey:

Shred his knee! Shred his knee! Break him forever!

Caballero and Dubya both hop to the floor and crotch Reeves on the post. Then Caballero pounds Reeves's left knee against the steel post.

Lance:

Reeves's deafening screams really tell you how much his knee is hurting from this targeted attack!

Dubya tags in and drags JP by the left leg. He says something to the crowd in response to their chant, but when he turns around —

DDK:

Reeves with the roll-up!

The crowd explodes with the count!

One!

Two!

Threenooooo!

Dubya now has Reeves and whips him into the corner — no, reversal!

DDK:

Dubya hits hard! Reeves charges, no, he falls to the damage to his left knee! Dubya with a smirk on his face as he approaches, no, Reeves with a roll-up!

The crowd, on its feet, makes this count, too.

One!

Two!

Threeneoooo!

Lance:

The StarChild was playing a bit of possum there himself and almost caught Dubya!

Dubya knees Reeves in the side and picks him up in position for a running powerslam —

DDK:

Dubya just slammed JP into the corner! And now Reeves is caught in the Tree of Woe, just as Dubya was earlier in this match!

Lance:

And he makes sure Reeves's left knee is especially exposed!

Cristiano tags in. Dubya drops to all fours.

DDK:

Caballero runs and leaps off of Dubya's back and splashes The StarChild directly on that left knee!

Lance:

Tabitha could not be happier and is letting the crowd know it!

Tabitha turns to the crowd while applauding. Caballero stands on the second turnbuckle and faces them, with Dubya doing so on the apron, too.

They all in-sync make The DiamondHands made popular by Your Uncut Gems before turning them upside down.

Booooooooo!!!

DDK:

That is their indication they believe this match is coming for an end with their patented submission hold!

Lance:

Tabitha Kinsey used that modified Inverted Figure Four for decades! Never countered! Never broken! Never reversed!

Cristiano stalks Reeves, who is crawling away. Finally, Caballero grabs the legs and begins to contort the legs for position.

Reeves screams in pain and he immediately taps with his left hand. Caballero gets up in celebration as Dubya joins him!

DDK:

No! No! No! Reeves had his right hand on the bottom rope when Caballero finally hooked The Gembreaker!

Benny Doyle is telling them that Reeves was holding onto the rope, requiring the rope break. Tabitha is furious as she hops on the apron and is letting Doyle hear all about it.

Un!Cut!Gems!

Un!Cut!Gems!

Un!Cut!Gems!

Lance:

They have to be regretting taking their gloating, because that move has still never been broken! Reeves just had the presence of mind to get to the ropes as quickly as possible, and did so before Caballero could hook The Gembreaker!

Caballero is furious but waves for Dubya to get into the ring while Tabitha still has Benny's attention. Caballero goes to their corner --

DDK:

Cristiano has that Faberge Egg they have used as a weapon before. Dubya has Reeves in a Full-Nelson! He's going to knock him out —

But just as Caballero turns to crown JP in the head, Teri Melton reaches up from behind and pulls JP's legs so he falls to the mat —

DDK:

Cristiano hits his partner in the face instead! Dubya tumbles out of the ring!

Dubya falls to the ring and Teri steps on his neck to hold him in place.

Lance:

Where did she even come from??? She was knocked out!

DDK:

Now Raiden rolls into the ring. He had Cristiano up and spins —

Reeves gets to his feet.

DDK:

Raiden just dropped Cristiano! Reeves with a German Suplex! Doyle turns away from Tabitha!

Lance:

That's a new move they have been working on Teri swore me to secrecy about their own second finisher - an Assisted German Suplex they call A Bridge Too Far!

With the crowd —

One!

Two!

Threeeee!!!!

DING DING DING

DDK:

NDR wins it! NDR wins it! NDR wins in a match that was every bit as advertised!

The replay shows Teri Melton shaking out the cobwebs and seeing Tabitha arguing with Benny Doyle. She then spins around and grabs JP's legs out from under him just in time for Cristiano to clobber Dubya with the Faberge Egg.

Lance:

For much of the first part of the match, Teri Melton found a way to counter any of the rule breaking methods of The Company Men and Tabitha Kinsey! And The Company Men wanted to play with their food and gave "The StarChild" JP Reeves, with his Die Trying attitude managed to avoid the unbeatable Gembreaker and found just enough time to let Teri Melton and Raiden to get back into the fight!

Caballero is looking up from the mat in disbelief that he was somehow pinned.

Lance:

The Company Men are definitely eating more than a few slices of a cold dish of humble pie served to them by Your Uncut Gems, the winner of the latest of what I expect to be many battles between these two tag teams!

Tabitha and The Company Men are gathered in the ring, looking furious. Tabitha kicks the bottom rope in anger. Caballero is holding his upper back while Dubya is still on the floor, holding his head in pain.

DDK:

And we still have JJ Dixon's wedding to Caitlyn Kinsey to come later tonight!

Teri and a limping NDR stand at the top of the entranceway. Teri blows her seething nemesis a kiss and holds out her index finger making a "1."

Teri Melton:

Gems 1... You 0!

Teri then looks around and bats her eyes, which immediately clues the roaring Nashville crowd. She begins to move her hands theatrically and the audience knows what to say, as they all make The DiamondHands!

Teri Melton/Audience:

TERI MELTON! IS READY! FOR HER CLOSEUP!

TYLER FUSE vs. JACK HARMEN

DDK:

Up next, a blood feud. Tyler Fuse and Jack Harmen will go one-on-one for the first time since ACTS of DEFIANCE last year, where Tyler pulled off the victory in a hard fought battle when he used one of Harmen's own finishers, the Peaceful Slumber.

Lance:

What started off as Tyler blaming Jack Harmen for the reason as to why he and his brother Conor got into wrestling to begin with, has led to Harmen being the surprise mystery partner for Teresa Ames at DEFCON, where Ames and Harmen defeated Tyler and Princess Desire.

DDK:

To use a Malak Garland quote, dare I say there's a "lot to unpack here". Let's go back to the initial reason as to why these two men squared off against each other. Jack Harmen was Conor Fuse's idol growing up. Conor fell in love with wrestling and dragged Tyler along for the ride. For some reason, Tyler resents wrestling and, therefore, resents *Jack Harmen*.

Lance:

So just leave wrestling then, Tyler. It's that easy. Yes, YOU have control of the choices you make!

DDK:

But Tyler won't leave wrestling. He says he realized he's too good at it.

Lance:

Right.

DDK:

So then why is this Jack's fault? Hell, blame your brother for dragging you into the sport.

Lance:

That's also wrong.

DDK:

I know. I'm just trying to explain the sheer stupidity of this position. Take some ownership and responsibility yourself, Tyler.

Lance:

Look, it's gone too far to make any sense of this. Now it's about revenge. Princess and Tyler were picking on Teresa and Jack Harmen interjected himself to put a stop to that. Last month Tyler joined forces with The Lucky Sevens to handcuff Harmen, Blackwood and Box to the ropes as they proceeded to beat the new trio down.

DDK:

Blackwood and Box will get their revenge tomorrow. As for tonight, it's Harmen's opportunity.

Lance:

Let's go to ringside with Darren Quimbey.

The scene switches to Darren Quimbey in the middle of the ring.

Darren Quimbey:

This match is for ONE FALL!

And even though every single match on this show is for one fall, the crowd loves to gather unimportant information from ring announcers.

Darren Quimbey:

Introducing first, from Los Angeles, California... weighing in at two-hundred-twenty-four pounds... he is The Lunatic... the legendary... the high flyer... JACK HARMEN!

“ALL ABOARDDDDDDDDDDDDDDDDDDDDDDDDDDDDD HA HA HA HA HA!”

♪ “Crazy Train” by Ozzy Osbourne ♪

The crowd is on their feet for the household name of Jack Harmen, who soon after strolls out with a smile on his face to the extremely warm reception he’s received. Harmen stops at the top of the rampway as green pyro explodes at the front of the entrance.

DDK:

Jack looks to be in incredible shape!

Lance:

I was just going to mention this myself.

Harmen sports his regular wrestling outfit, one he’s worn for a couple of years now. Black and green tights with black elbow pads, wrist tape and gloves.

DDK:

Since aligning himself with Gage Blackwood and Bronson Box- hold on a second, LOOK OUT!

A commotion from the crowd directs its way to Harmen at the top of the rampway but by the time Jack’s is about to flip his head around, it’s too late.

Tyler Fuse bursts from out of the MAX DEF logo and in one easy motion, he takes hold of Harmen by the tights and tosses him off the front of the rampway!

SMACK!

The crowd is stunned! Nothing breaks Harmen’s fall as he hits the concrete at the bottom of the rampway!

A few d-bags in the crowd start a “HOLY SHIT” chant but most of the fans in attendance remain either on radio silence due to concerns or start booing in Tyler’s direction.

DDK:

What a gutless attack from Tyler Fuse! Absolutely gutless!

Lance:

We need help out here for Jack...

DDK:

Tyler, you said you wanted to beat Harmen in the ring to get your revenge!? You said you’re not about cheap shots!? Well what the hell has the past two interactions brought us!? Nothing but gutless attacks against Harmen and company!

DEF EMTs are on the scene. Even Mary-Lynn Mayweather, the head of Legal and Harmen’s former protege rushes out alongside Iris Devine and Wyatt Bronson. They create a circle around Jack Harmen and begin checking on him. Meanwhile, Tyler Fuse hasn’t budged. He simply stands at the top of the ramp and stares down at the aftermath of his actions.

DDK:

Gutless. I’m sorry Faithful, I should stop saying that word or use a different one but I am beside myself.

Moments later, Princess Desire shows up at the top of the rampway. She's not even booed because the concern around Harmen has grown. Instead, she merely positions herself beside her husband and now both of them are looking down at the fallen hero.

DDK:

I don't know if Gage and Bronson are here tonight. I would assume so, but I'd also guess they're nowhere close to the entrance right now, or Tyler might be in another fight-

Suddenly, before Keebler can even finish his announcement... the EMTs start moving away from Jack Harmen. The only thing is they aren't moving back because they want to...

They're being pushed away by the man they're attending to.

Jack Harmen is alive!

DDK:

I don't believe this...

The legendary wrestler is stirring on the floor. He's still on his knees but he's pushing members of the EMT away, attempting to tell them he'll get back on his own two feet and fight Tyler Fuse. Even Mary begs him to relent.

At the top of the rampway, Tyler's facial expression changes. He begins to show a mild level of concern...

Harmen pushes another EMT away. Now he's on one knee...

Tyler Fuse looks more concerned.

Harmen asks Mary-Lynn to step aside as he pushes off his right foot...

And Tyler starts to march down the rampway until he reaches a spot where he can safely hop off. Then he walks a little faster.

Jack Harmen pushes off his legs and pops up to his feet! Mary steps away. Jack's wobbly but he sees Tyler Fuse storming towards him.

DDK:

Dear god.

Harmen blocks a left hand from Tyler and redirects Fuse into a metal rail underneath the rampway. The crowd gives a scream as Harmen takes a moment to rest his arms on his knees as he leans forward for a breath of fresh air. He takes a quick glance around the EMTs... but before the crew can do anything further, Tyler is back towards Jack with a left hand-

That's blocked again!

Harmen hammers Fuse with a right of his own. Another. Another. Another. The crowd is rallying as he does.

DDK:

How is this man alive!?

Lance:

It can't be the first time Jack's fallen from such heights. He is, after all, THE original high flyer.

Harmen keeps drilling fists into the side of Fuse's face, while Tyler starts trying to get away but the legend follows him across the floor. Jack takes a quick second, however, to look up at the top of the rampway to meet eyes with Princess

Desire. He welcomes her down to join the fight but needless to say, her indifferent demeanor suggests otherwise, as she watches Harmen punch her husband towards the wrestling stands. Eventually, The Princess calmly exits back to where she came from.

Harmen keeps hammering Fuse with shot after shot and then Jack hurls Tyler into the guardrail and clotheslines him over. A large crowd gathers on the floor, which is at the back of floor seats and the start of the lower bowl. Harmen struggles to find his balance at first when he steps over the guardrail, likely still reeling from being thrown off the rampway. This gives Tyler a chance to even things out, as he drills his left forearm into the side of Harmen's face. Once the high flyer is on the fan's side of the guardrail, Tyler whips the legend into the hockey boards.

Fuse looks for a pump kick, wanting to catch Harmen's head and ricochet it off the boards... but at the last second Jack rolls out of the way and Fuse kicks the boards without finding The Lunatic's skull.

Harmen regains his footing and he levels Tyler with another right hand, followed by a codebreaker that flips Tyler backwards and head-first into the hockey boards. One of the nearby fans offers his drink to Jack so the former World Champion takes it graciously... a half full cup of beer. He walks over to Tyler, pulling the elder Fuse's mouth open with his free hand and then begins to pour the alcohol down his throat!

Tyler makes choking sounds and starts spitting the alcohol back up, as he pushes Harmen away while Jack gives a laugh.

DDK:

I don't think Tyler drinks alcohol.

Lance:

First time for everything.

Harmen returns to the fan who gave him the beer and hands him back the empty plastic cup before finding Tyler Fuse and running towards him... with a yakuza kick.

MISSES.

Tyler fumbles his way through the second last row on the floor, past the fans in attendance while even pushing some of them into the path after he passes. Harmen is in pursuit, however, although he carefully tries to work his way around those that Tyler has put in his way. He asks for the Faithful to clear a path if they can.

Arriving at the end of the section, Fuse crouches down and waits for Harmen to get there. Once Jack makes it to the end, Fuse emerges and snatches Harmen by the head, steering the legend into a nearby trash can.

Fuse dropkicks Harmen square in the face. This catches the crowd by surprise as Tyler also slams against the hard cement floor in the process. Fuse methodically marches over and drags Harmen to his feet. He looks for a suplex-

No. It's blocked by Jack.

Tyler tries again.

Once more, it's blocked.

Tyler is about to go for try number three when Harmen does his own suplex and both men meet the cement!

DDK:

I don't know who got the worse of that!

Both Tyler & Harmen roll on the floor as the fans gather around. Security tries to separate them from the competitors. Harmen is up on his feet first... and he raises his arms like he just won the Super Bowl while also sporting a facial

expression well aware he knows of his exaggeration.

DDK:

I still can't believe Jack is standing. The man was thrown off the top of the rampway with ease and nothing broke his fall. He has to have a broken bone or two.

Harmen starts kicking Fuse as Benny Doyle approaches the group. Doyle, meant to be the referee for this contest, tells Harmen to bring the fight back to ringside.

Lance:

The match has never officially started, folks.

Harmen whips Tyler from pillar to post, or in more specific terms, from the hockey boards back to the ground.

DDK:

It doesn't look like it's going to start anytime soon, either.

Harmen takes a few steps back and measures Fuse before running towards him-

Suddenly Tyler pops to his feet and hits Harmen with a powerslam!

THUMP.

The echo is heard throughout the arena, even amongst the screaming fans. Keebler and Warner squirm on the air as Jack Harmen ravages in pain, sprawled out on the cement floor.

DDK:

Okay, NOW Jack has to have broken something...

Lance:

Or internal bleeding. You could hear that from over here, Keebs.

Tyler Fuse takes a moment to rest on all fours, as his eyes shoot lasers into the fallen body of Jack Harmen. The legendary wrestler wants to get up and continue fighting but he is definitely in a severe amount of pain.

Finally, Fuse stands and calmly walks over to Harmen while holding his own back. Harmen tries to get up to his feet but collapses under his own weight, dramatically.

Benny Doyle decides to stand in-between the two of them. He looks at Tyler and points to the ring.

Benny Doyle:

You want to win this match? Get back there!

Tyler stares coldly into Benny as if the comment didn't register.

Tyler Fuse:

Fuck off.

And The OG Player cautiously shoves Doyle aside before laying eyes on Jack Harmen.

But Harmen isn't there anymore.

DDK:

Look out, Tyler!

Instead, Harmen is standing on the top of the hockey boards and comes jumping down with a Lou Thesz Press on Tyler. Tyler's back splats as Harmen lays into him with rights and lefts. Harmen gets up and measures Tyler, who shouts in pain and swears a few times as he pulls himself up to his knees. Harmen kicks Tyler in the chest, which shoots Fuse up in the air and then back down on all fours again. Harmen goes for another kick but this time Tyler moves out of the way and looks for a spear towards Harmen-

BOOM!

Fuse runs right into the hockey boards without his bitter rival!

Tyler's neck and right shoulder absolutely EAT the boards as he collapses to the ground and both men recollect themselves. Harmen is clearly in the better shape at this point after Tyler's missed spear. Jack marches over to Tyler and boots him square in the head.

Harmen cracks Tyler with a right hand. Then follows with another. The nearby Faithful catch on and count along.

Tyler responds with a hard-out headbutt!

Harmen goes FLYING across the grounds as Fuse decides to perch himself on the top of the hockey boards. He jumps off and catches Harmen's head, attempting to PLANT Jack's face into the cement via a DDT!

Luckily for Harmen, at the VERY last second he locks his back and doesn't go down! Moreover, Harmen lifts Fuse high into the air and tries to work this into what looks like an attempted Alabama slam!

NO!

Tyler wiggles his way free and lands on his feet. He rifles a HARD knee into the cheekbone of Harmen, Harmen spits in the air as Tyler does. With Jack on rollerskates, Fuse digs both his hands into the legend's eyes. Harmen screams out as Tyler shows no mercy.

Tyler Fuse:

Get those fucking cataracts looked at, old man.

Jack Harmen: *[struggling to remove Tyler Fuse's hands from his eye sockets]*

I... see... perfect... 25... 25...

WHAM!

Fuse pulls his arms away himself and levels Harmen with another knee to the temple. Jack stumbles to the ground while Tyler looks over at Benny Doyle and gives him the finger.

Tyler Fuse:

Get outta here. I'm doing this *my* way.

Fuse snatches Harmen by his tights and hurls the former champion over the hockey boards and into the bottom bleachers. Tyler stalks his prey, as he walks over himself and takes a calm attempt at finding Harmen stumbling towards the staircase.

Harmen kicks Fuse in the stomach. He immediately takes hold of Fuse's tights and-

THUMP.

DDK:

MY GOD ALMIGHTY! Harmen with a suplex to Fuse, ON THE STAIRCASE!

Lance: *[cringing]*

I can't watch this...

Tyler rolls onto his chest, showing imprints of where the various flights of stairs have mangled his exposed back. Small trickles of blood start seeping out as Fuse hammers one of the flights in determination to free himself of the pain he is feeling.

Meanwhile, Jack Harmen is grinning like a mother fucker.

Certainly struggling himself, Harmen uses some of this time as a breather before he kicks Tyler in the arm and then lifts him up.

DDK:

Another suplex?

Lance:

It certainly looks that way!

Harmen goes for a suplex but he can't do it. Tyler escapes Jack's grasp and rakes him in the eyes, before hopping down a few flights and spinning Harmen around.

THUMP.

DDK:

Now it's Tyler with a suplex onto the stairs!

Harmen rolls around on the ground, trying to hold his back with his right hand while also smiling in pain.

Lance:

He likes it? HE LIKES IT!?

Tyler cracks his neck. His own back is killing him and gushing out a little more blood with each passing second but you can see Fuse is in a different zone. Adrenaline... hate... whatever it is, fueling the elder Fuse to hurt his opponent even more.

DDK:

Are they ever going to wrestle legally tonight?

Lance:

I think that's out the window, partner. This was a mistake to book a regular wrestling match between them.

Fuse kicks Harmen up the staircase and through the various fans who get in their way (and haven't been held back by security). Soon at the top of the stairs, Fuse grabs a beer from one of the fans and tosses it on Jack Harmen.

Tyler pelts his nemesis with more kicks, all the way up the stairs and now into the concourse. Fuse readies to whip Harmen head-first into the wall when Jack puts on the breaks and spins it around...

Throwing Tyler Fuse into and THROUGH a popcorn stand!

CRACK!!

The table breaks apart and various popcorn buckets explode all over the place! Tyler swears in pain as Harmen hurries over...

And performs a standing moonsault for extra emphasis!

HOLY SHIT!

HOLY SHIT!

HOLY SHIT!

The nearby Faithful grow in numbers and absolutely love what they see!

DDK:

Now that's what I call a pop!

Harmen takes a moment to collect himself. With blood gushing down his back as well, Jack snatches Fuse by the head and walks him to a concession stand.

Harmen hurls Fuse over the barrier and then hops it himself. There's another popcorn stand at this one but Jack has other ideas. He uses both hands to rip Tyler's face and mouth open again... before shoving it under the butter dispenser.

Jack Harmen:

You're not Lactose Intolerant...

Harmen slams his right hand against the top of the dispenser, as a truckload of butter starts pouring into Tyler's mouth.

Jack Harmen:

No way you're part of the Legion of Dairy.

Fuse starts choking while trying to fight for his life and pulls away.

Harmen laughs like the lunatic he is, definitely enjoying what's going on. Jack puts one hand into the butter dispenser and then starts licking it before he starts to rip the butter dispenser out of its foundational picture.

WHAM!

He tosses it against Tyler's head and butter explodes EVERYWHERE.

Harmen has some on his chest. He turns to one of the unharmed buckets of popcorn. He grabs a few kernels and runs

them down his chest, catching all the butter in the process. Then he pops them in his mouth and makes a “yum” sound.

WHACK!

Fuse hits a desperation superkick as the kernels go FLYING out of Harmen’s mouth and land beside a morbidly obese man... who is none other than enhancement talent, Gilbert Rogers.

Rogers thinks about it once, but definitely not twice. He leans down, picks up the kernels and throws them in his mouth without another thought before walking away.

Gilbert Rogers:

I love extra butter...

Meanwhile, Tyler Fuse is back on the offense. He takes hold of Harmen’s head with both hands and starts RAMMING Jack’s head as hard as possible into the countertop. Over and over and over...

It ends up making a dent.

A small amount of blood is now drawing from Harmen’s forehead, as Fuse struggles to place himself over the countertop and back to the regular concourse floor.

Fuse decides to stop ON the countertop.

He drags Harmen up with him.

DDK:

Oh no. Guys... guys! This is going TOO far.

WHAP!

HOLY SHIT!

HOLY SHIT!

HOLY SHIT!

DDK:

Tyler with a suplex off the countertop! Both men meet the floor below!

Lance:

That was a sickening sound, Keebs. Sickening!

While Harmen is in an immense amount of pain, so is Tyler. Both men’s backs are not only covered in blood but now they are beet red, too.

Harmen starts coughing.

DDK:

I hope Jack just got a popcorn kernal stuck in his throat.

Lance:

I don’t know Darren. That’s the telltale sign of internal bleeding. Oooh. He just spat up a bit.

DDK:

I hope Benny Doyle makes sure he can continue.

Lance:

Continue what? This isn't even a match yet!

Security keeps the area free but the crowd watches on as Tyler is the first one to show signs of life. With butter all over his head and neck, he tries to brush it off but realizes he won't be able to. With a fury in his eyes often unforeseen, the OG Player sees Harmen starting to stir.

Fuse races towards him and screams in the process... looking for a spear...

NO!

Out of nowhere, Harmen shows amazing athleticism and leaps over top of Tyler, landing on his feet. Fuse turns around and Harmen release northern light suplexes Fuse onto the cement!

THUMP.

DDK:

What's he doing now!?

Harmen walks over to a merchandise stand. He pushes off the various action figures on the table and then drags the table to the center of the floor. Harmen goes back to the stand, picks up a Teresa Ames action figure and then digs into his tights. He places a one-hundred dollar bill in the seller's hands.

Jack Harmen:

Keep the change.

Harmen walks back over to Tyler Fuse and proceeds to SMASH the entire action figure, box and all, across Tyler's head.

Jack Harmen:

Hope she's not a **CHASE VARIANT!!**

Jack disposes of the figure into the crowd before he pulls Tyler towards the table.

Setting Fuse up for one of his signature moves, a double underhook brainbuster.

CRACK!

The Faithful give a cheer as Harmen delivers Hypothermia to Fuse, splitting the table in half.

Harmen goes for a cover... then looks up and smiles, while shrugging his shoulders in an adorable "silly me" fashion. He realizes there's no match to be had and, therefore, no pin.

Jack Harmen:

Fun.

Jack starts to walk Tyler out of the section and towards a VIP door. Harmen hooks Fuse in a headlock and demands security to open the door, which they do. The cameraman follow, trailing, walk down the stairs.

DDK:

I think they are headed backstage towards gorilla.

Tyler tries to break free a few times but he's stopped when Harmen delivers elbows to the top of Fuse's head. Once they arrive at the end of the staircase, Jack places his hand on the doorknob.

Except it opens without his help.

WHAMP!

Princess Desire is standing in the middle of the doorway with a kendo stick in hand.

DDK:

You had to know she was lurking... somewhere.

Harmen has since let go of Tyler and is being fucking murdered with a kendo stick by Jane Fuse. It's not just the initial shot anymore...

She's out for copious amounts of blood.

WHACK!

Harmen falls to a knee and staggers back to his feet.

Jack Harmen:

I...

WHACK!

Jack Harmen:

...love...

WHACK!

Jack Harmen:

...this...

WHACK! WHACK! WHACK!

Harmen's eyes roll into the back of his head as he falls to his knees. He looks up at Princess Desire, for the last time.

WHACKWHACKWHACK!!!!

Lance:

Should I be concerned that this woman is showing limited to NO emotion!?

DDK:

We should be concerned for Harmen's health, yes.

By now, The Princess has broken the kendo stick straight across Harmen's head. She discards it to the side and then punt kicks Harmen right in the face!

Desire leans over to her fallen prey. She mockingly whacks him lightly across the shoulder blades.

Princess Desire:

Weapon Get.

DDK:

Get outta here...

Desire takes three steps back and then charges with a yakuza kick, aka the Locomotive.

WHAM!

The boot meets Harmen square under the chin, spinning him around in the process before he collapses in a heap. Jane is about to do more when Gage Blackwood suddenly shows up in a fury...

But he isn't alone. There's a number of security guards with him trying to hold Blackwood back from The Princess. Mary-Lynn Mayweather is demanding the security guards let Gage free and citing legal precedence to no avail. Gage is frothing at the mouth while Desire tries to keep her distance. Luckily for her, there's enough guards to hold Blackwood out of the staircase... so the doors shut. With the cameraman outside, too, when Gage is able to grab the doors and open them again... The Princess isn't there. She's completely left the scene. Vanished.

Only a fallen Jack Harmen and Tyler Fuse lay beside each other.

A furious Gage Blackwood pushes a number of security guards away, before Mary-Lynn steps up to try to calm him down. Even with the Mediator's speech, Gage storms up the stairs in hot pursuit of Desire. Mary-Lynn quickly follows to help mitigate the backstage violence. That leaves Harmen and Fuse alone, recovering on the floor below.

DDK:

After everything. This match, STILL hasn't started!

It's Tyler who's on a knee first, since Jack took a vicious kendo stick beating. Fuse slowly cracks his neck before leaning over and throwing the legend out of the staircase and into the backstage area near gorilla. Fuse is really struggling but, nevertheless, he begins booting Harmen down the dark space behind the empty seated bleachers on the other side of the curtain. Fuse ensures they both arrive at gorilla before he tosses Harmen through a curtain and the current cameraman loses them.

DDK:

I'm hearing they'll be out near us momentarily. We do have eyes on them... just not on TV right now...

Finally, the crowd boos loudly as a broken down and battered OG High Flyer stumbles and falls flat on his face outside the MAX DEF pay-per-view entrance. Soon after Tyler Fuse follows, holding his back.

The dubbed Intensity Personified wrestler continues to kick Harmen all the way down the rampway. It looks like Tyler thought of throwing Jack off the top of the stage again but decided otherwise. At the bottom of the rampway, Fuse chucks Harmen into the ring and then walks around the outside of the squared circle to the time keeper's table where Benny Doyle sits.

Fuse points Doyle into the ring as both of them enter.

Tyler quickly snatches Jack and connects with his finishing move, the running bulldog up and off the turnbuckle padding.

Tyler looks at Benny.

Tyler Fuse:

Ring the bell.

Doyle shakes his head no.

Benny Doyle:

I need BOTH of you in a coherent, upright position. *[Looking over at Jack Harmen]* I can't do that!

Tyler grits his teeth.

Tyler Fuse:

Ring the bell!

The fiery Irishman is not going to back down from anyone! He refuses to ring the bell so Tyler shoves Doyle into the ropes. Then Tyler turns back towards his opponent and props Harmen against a corner of the ring.

Looking something like Weekend at Bernie's, Jack Harmen can barely stay on the buckle.

Tyler Fuse:

RING THE BELL!

Doyle obviously doesn't buy it so Tyler blows past him and exits the ring.

Tyler Fuse: *[mumbling]*

Where's Mark (Shields) when you need him?

Fuse approaches the time keeper's table and in a rage he clears everyone from behind. The time keeper and statistician are shoved aside but Darren Quimbey manages to escape without being touched.

The OG Player takes hold of the time keeper hammer.

DING DING DING

Fuse furiously drives the hammer into the bell, hoping he got his DING DING's correct before throwing the hammer to the ground. Before Tyler turns towards the ring, he shouts so Doyle can hear him.

Tyler Fuse:

Hey fuckhead, the match is official!

The crowd gives a cheer, which is very strange for Tyler Fuse as he slowly cocks his head, and then body, around...

DDK:

Don't look now, Tyler.

Lance:

He's alive!! AGAIN!!!

Somehow, someway, Jack Harmen is on the top turnbuckle. The second Tyler sees Jack up there, the high flyer flies off...

CRASSSSHAAA!

HOLY SHIT!

HOLY SHIT!

HOLY SHIT!

Through Tyler Fuse, through the time keeper's table, Jack Harmen hits a picture perfect splash and shoots to his feet in a rush of emotions, thumping his chest as he does!

DDK:

Tyler got exactly what he asked for!

Harmen throws Fuse into the ring and then climbs onto the apron and through the top and middle rope.

However, Benny Doyle is a professional. He shouts at Jack the match ISN'T official. Yet at this point, it doesn't even matter. Harmen drills Fuse with a right forearm, working the former Tag Team Champion into the ropes on the far end.

Harmen rears back and delivers a clothesline, knocking both him and Tyler up and over the ropes and to the ground below.

The Faithful cheer as Harmen mercilessly beats the shit out of Tyler all the way up the ramp and back to where they initially came from.

At the top of the ramp, Harmen takes a pause.

DDK:

No way...

Lance:

What goes around, comes around.

The crowd catches on, knowing full well the legendary wrestler intends to hurl Tyler Fuse off the top of the rampway, straight to the ground below... in the exact spot that started this whole thing.

Harmen doesn't waste another second. He latches onto Tyler's tights and runs him towards the edge-

But Tyler puts on the breaks and hits a backdrop to Harmen!

The crowd boos as Tyler fumbles away from The Lunatic, in an attempt to make it backstage and likely away from this battle.

Nevertheless, Harmen pulls himself back together, with whatever is left of him. He finds Fuse right before Tyler vanishes from behind the curtain. He drags Tyler to the middle of the staging and proceeds to deliver Cold Snow, a gruesome DDT on the top of the ramp.

With dry blood on his back and forehead, Jack Harmen stands to a roaring ovation from The Faithful. He claps the crowd on and then knees Fuse in the side of the head. Once... twice... thrice... working Tyler towards the other side of the top of the rampway, the one near the announce booth.

DDK:

I don't like the looks of this.

Lance:

Take cover, my friend. I'll protect you!

Harmen delivers a modified yakuza kick, one that isn't from a running start. Regardless, Tyler Fuse stumbles to the edge of the staging.

And Jack Harmen has a crazy look in his eyes.

DDK:

Jack, don't do it. DON'T DO IT!!

The legend couldn't hear Keebler... and if he did, he wouldn't listen to him, anyway.

Harmen takes three steps back.

Then he takes three more steps back.

Then he takes TEN steps back.

Then he runs TO THE OTHER SIDE OF THE RAMPWAY.

From one end across the other... from all the way from the end of the massive LCD entrance reading MAXIMUM DEFIANCE... from the E in DEFIANCE to where Tyler Fuse is placed in the M in MAXIMUM... Jack Harmen takes a second to bow to the crowd, BEFORE performing what he is about to be applauded for.

He charges.

He runs FULL SPEED AHEAD.

DDK:

I can't.

Lance:

LOOK OUT!

Harmen tackles Fuse with a spear, sending them BOTH off the top of the stage and onto electrical boxes below!

CRASH!

BANG!

POP!

The lights in the arena flicker, the explosions go off around them!

HOLY SHIT!

HOLY SHIT!

HOLY SHIT!

DDK:

WE NEED EMTs OUT HERE A-SAP!

The crowd is worked into a frenzy but neither man has moved.

DDK:

Keebler is cut off because the lights go out in the arena and their announcing equipment has gone haywire.

Fans light the arena with their phones. Sooner than later an arena generator turns on, revealing EMTs at the scene while they check on both wrestlers.

The broadcast stays on radio silence for a minute or two before all power is restored.

DDK:

Is this on? Are we live?

Lance:

I think so. Testing?

DDK:

I'm being told Benny Doyle threw out this match a long time ago. Clearly, it was the right call.

Lance:

Well no one is getting to that coherent, uptight position now.

Some of the crowd continues to chant HOLY SHIT, while others cheer for Jack Harmen. Some, even, for just the sheer carnage they witnessed.

EMTs continue to attend to both DEFIANTS. It looks like Harmen and Fuse are going to be placed on stretchers.

DDK:

I can't even fathom what happened.

Lance:

I think Tyler, and for that matter Jack by default, are going to fight until one of them can't walk anymore.

DDK:

We're getting close to that point, no?

A group of EMTs start loading Jack Harmen onto a stretcher. He shows mild signs of consciousness while attempting to support, albeit, a very weak grin across his face. He says he's fine and instantly collapses after.

On the other hand, Tyler Fuse is KO'ed completely.

DDK:

We are going to take a short break but we have two more matches coming up. I hope they actually BECOME matches...

At this point in time, who knows.

THE WEDDING OF MS. CAITLYN KINSEY AND MR. JJ DIXON

There are various ring techs and the like quickly taking down the ring ropes, while stagehands finish putting together the five-foot stage set for the ceremony. Already set up is a white podium in the front, with a microphone. Behind the podium are giant ivory white drapes to hide the background, with a very elegant ivory white arch adorned with various pastel-colored flowers, with the back still covered by the flowing drapery treatment. Also on the stage are a series of ornate glass vases, each one filled with rich, dark colored flowers — the most prominent being black dahlias.

DDK:

While our DEF ring crew is still setting up this elaborate beautiful set, let's explore the history of this beautiful couple minutes away from their nuptials of JJ Dixon and Caitlyn Kinsey!

A beautiful harp version of "I Can't Help Falling In Love With You" plays in the background.

There's a shot of the awkward smiles between JJ and Caitlyn, with Teri Melton behind JJ and Tabitha Kinsey behind her granddaughter, before their feud began, with Caitlyn's mother Aurora Kaye nervously standing between the two of them.

Lance: [V/O]

And it proved to be love at first sight! A romantic dinner at a nearby Whataburger quickly led to more -- and more and more!

There are various shots of JJ and Caitlyn making out like teenagers sneaking out behind their parents backs.

Lance: [V/O]

Caitlyn provided JJ with emotional support after shoulder injuries sustained at the hands of Nathan Eye and Arthur Pleasant resulted in surgery --

There's clips of Nathan Eye attacking JJ's shoulder from their dog collar match at DEFCON 2023 and Arthur Pleasant doing the same from their match at DEF 186.

There's video of Caitlyn losing to Nathan Eye at Uncut 142, which ends with her having a post-match temper tantrum. Then we see JJ appearing behind the backstage lockers dramatically holding a boombox over his head ala Lloyd Dobbler from "Say Anything" and consoling her.

Lance: [V/O]

The duo also had the difficulty of navigating the gripping feud that emerged between JJ's manager and confidant, Teri Melton, whom he briefly cut ties with --

A bratty looking JJ carrying a bookbag storms out after his temporary breakup with Teri Melton, who casts a bitter stare at a nervous looking Caitlyn.

Tabitha sits in her den, dipping a tea bag into her ornate porcelain teacup, with Livia the Black Cat hissing on her lap as Caitlyn walks in with trepidation.

A feud that they have nearly been ensnared in despite their best intentions --

JJ and Caitlyn sit tensely, their backs to each other, in a Cleveland hospital emergency room, after Teri ripped apart Tabitha's face with a punch from an absconded wedding ring at DEF 188. This is followed by Brayden "Dubya" Leverington flirting with Caitlyn, giving her a copy of "The Fountainhead" a UNCUT 142. And it ends with video of Caitlyn's match against Nicky Synz at DEF 189, with JJ going to break up the attack Tabitha laid on Teri, with Dubya leading to a distraction at ringside, leading to Caitlyn hitting Nicky Synz with a Faberge Egg to his eye and her first victory.

Lance: [V/O]

And Caitlyn's bond only grew with her grandmother Tabitha Kinsey, who has agreed for her granddaughter's sake to not interfere in this wedding, but has offered to give this beautiful couple the honeymoon of a lifetime on a yacht trip around the world -- along with a mysterious envelope she promised would change the course of her beloved granddaughter's life!

Caitlyn and Tabitha warmly hug in Tabitha's plush, old-world den as Tabitha holds the envelope with the word "Instructions."

And we all get to celebrate their immortal love, together!

JJ is on one knee, as he puts on the engagement ring on Caitlyn's finger at DEF 189, before the couple get to their feet and kiss with Teri and Aurora Kaye smiling behind them! Then there's again a montage of all of their kisses, with the last one being from UNCUT 143 and JJ Dixon's return match, before there's another freeze-frame photo of their first meeting at UNCUT 138.

The boom camera then sweeps around the arena and the now prepared ring! The final tones of "New Day Rising" by Husker Du are playing as JP Reeves and Raiden of NDR, both limping and banged up from their earlier match, are wearing matching white-jacket tuxedos. Across from them are two young women, both with bigger party-girl hair and heavily tanned, in bridesmaid outfits that expose a little bit more than one may assume.

DDK:

Those beautiful bridesmaids are Rebekkah and Staci Constable, whom we're told have become fast friends with Caitlyn in recent months. And we need no introduction to Raiden and Reeves, two members of Your Uncut Gems, who are JJ's groomsmen!

Lance:

Caitlyn was a bookish, very serious sort growing up. She's admittedly always had a hard time making friends. I'm glad to see that she's grown close with Rebekkah and Staci, two twin sisters who are also big Swities like Caitlyn — as well as huge fans of BRAZEN and DEFIANCE, and known to have dated more than a few of our younger stars in recent months.

Standing behind a podium is corrupt DEFIANCE official Mark Shields, wearing a Catholic priest collar over a referee's outfit.

DDK:

Notoriously corrupt referee Mark Shields will be leading tonight's ceremony.

Lance:

As a longtime wrestling referee, Mark is able to -- and has -- officiated wedding ceremonies in jurisdictions across this great country we call America. Plus, he is also a routine sexual partner of Teri Melton, which was made public right before the start of JJ's match against FIST champion Lindsay Troy at DEF 183, a tactic that nearly led to one of the biggest upsets in DEFIANCE history!

She has a clear red knot on her forehead from Tabitha Kinsey knocking her into the ring post during the previous match.

DDK:

I think we have all been anticipating Teri Melton's look for this evening!

Lance:

Teri's look is a tribute to Moira Rose from the hit comedy "Schitt's Creek," as Teri claims that Catherine O'Hara has long been a fan of the self-styled "Gangster In A Gucci Gown."

JJ gets to the stage. He first gives a kiss on the cheek to the two bridesmaids, followed by a big smile and hug for his impending mother-in-law.

The train of her dress is long -- remarkably long -- to the point where some DEFIANCE stagehands have to help ensure it can make it all the way down the aisle. Caitlyn stops and sees a sign - "WHOEVER IS TELLING YOU TO SPEND \$330 ON A COFFEE GRINDER IS A REAL DIRTBAG" - a fan holds at ringside. She gives a brief look that says "whatever" as she once again smiles brightly and continues her walk to the wedding stage.

Caitlyn rips off her headdress first, and then reaches back and angrily rips off the long trail so she is just in her gown, making it physically easier for her to step down the stage. She has an empty look on her face as she approaches Tabitha, who has the same dead stare.

The boos grow immensely louder as Caitlyn stands over JJ, who is slowly moving and trying to get up on all fours. But right as he starts to be able to get up, he falls down again right at Caitlyn's feet. She continued her dead stare at him before nudging her still crying mom to the side so she can scream in his face.

Caitlyn uses one of her grandmother's favorite insults. Then she wipes JJ's blood on Teri's forehead before spitting in her eyes. She waits a beat and then rams Teri's face into the mat.

Caitlyn gets up and turns to her grandmother, as a malevolent smile creeps across Tabitha's face. The same exact smile slowly creeps across Caitlyn's.

Caitlyn Kinsey:

I love you so much, Grandma. Thank you for making me realize who I truly am... a Kinsey!

Tabitha Kinsey:

I love you more than anyone else... Lovey.

Darren Quimbey:

Please... please do not throw garbage in the ring. Please refrain from throwing —

The public safety announcement was clearly a mistake as Quimbey and Shields take off running as even more garbage comes from the sky towards the perpetrators destroying Your Uncut Gems.

Cristiano and Dubya continue to stomp on Raiden and Reeves. They then line up at their feet. Tabitha pulls out the envelope that says instructions and opens it. Caitlyn's eyes bulge. Tabitha points at the floor to the fallen NDR tandem.

Tabitha Kinsey:

It's instructions for The Gembreaker, Lovey!

Caitlyn has a sinister look at her eye as she scans the instructions, which Tabitha takes back, lest it fall into the wrong hands. She looks over at Cristiano and Dubya who nod to her. Cristiano hooks it on Raiden, Dubya on Reeves. Both NDR members wake from their discombobulated states to scream in pain, tapping on the canvas repeatedly.

JJ is trying to get up again, pushing himself up onto his hands and knees with blood still gushing, but then he halls again as now Caitlyn and Tabitha lord over him with looks of predators as Caitlyn then makes her way to JJ's feet.

Tabitha motions with her hands about the proper application of her legendary and unbreakable hold. Caitlyn then hooks the Inverted Figure Four on JJ! He starts screaming with blood flowing from the crown of his head as he pounds his hands on the mat in pain.

Tabitha then grabs Teri by her hair and drags her over so her face is mere inches from JJ's. Tabitha sits on Melton's back, gripping her silver hair and wrenching her head back so Teri has to look into Dixon's pained, screaming expression.

Tabitha Kinsey: *[with an alarming casualness in her tone]*

It is finished. You don't win this war, Teri. I win this war. Look at JJ. Look at your son. Look at your Gems. Remember their screams. Remember them forever. I win this war. You lose. I win. Understood? It is finished.

Garbage continues to fly and is all over the ring. No one left standing in the ring is flinching, aside from the bridesmaids ducking in the back.

Tabitha finally lets go of Teri's hair and stands up holding her hands high in the air as The Company Men break their hold. Caitlyn continues to hold onto hers for a few more malicious seconds. Dubya then offers his hand to help Caitlyn up as he has a wolfish smile plastered on his face. She gladly takes it and stands.

JJ once again tries to push himself up off the mat despite his ordeal. But as soon as he gets to both knees, he falls for a third time.

Caitlyn and Dubya each stand over opposite sides of JJ. She looks down at her former fiancé before she looks up at Dubya with a slow, wicked smile.

Caitlyn Kinsey:

Thank you for all of the books, Dubya.

Dubya has a giant smirk.

Caitlyn Kinsey:

I'm so sorry it took me until just now to realize that you're the one for me... and not this illiterate piece of garbage.

There is a brief pause before they start ramming their tongues down each other's throats with JJ laying between them. Then Dubya places his right foot on JJ's back to add even more insult.

More garbage comes to the ring as DEFSec is surrounding the ring to try (and fail) to get people to stop throwing objects into the ringside area.

You all suck!

You all suck!

You all suck!

Cristiano then says something to the twins and gives them a nod. The two groupie sisters come to him as he puts his arms over both, and they all laugh at the wreckage, turning to the crowd while having the time of their lives, as garbage now specifically targets them.

The crowd erupts in a small cheer as a cup of soda then hits its intended target on Caitlyn's side, splashing the black liquid all over. This breaks up the passionate kiss as Dubya runs to that side of the ring to threaten the fans, who just throw even more garbage at him. Caitlyn holds her left hand high in the air, and then takes off the wedding ring and drops it in front of JJ's face like she's discarding a candy wrapper.

Tabitha steps forward and crouches down to look at JJ's bloodied face, with a triumphant smile. Caitlyn stands behind her, cackling with her nose held high in the air.

Teri then forces herself up to her feet, with a look on her face that screams absolute murder, but with her legs weak and shaky. Soon, JJ begins to slowly get to his hands and knees, and then just to his knees. Despite his agony, and the blood, he somehow rises to his feet, his eyes glazed over with a mixture of blood and tears. Aurora is now in the middle, still holding her face with her hands in shock at all that had unfolded.

It's a funhouse mirror image of the first time JJ and Caitlyn met at Uncut 138.

DDK:

Teri Melton's words earlier tonight about this war between these two sides leaving those involved with emotional pain they will feel forever are proving to be prophetic... with the victim being JJ Dixon, a man she considers to be her son... who did absolutely everything he could to not get involved in this conflict!

The camera stays locked as The Company Men, Caitlyn and Tabitha turn and march out of the ring to the top of the entranceway, flanked by DEFSec as the fans have not stopped with the projectiles at all. They reach the top of the entranceway and hold up The DiamondHands gesture of Your Uncut Gems. Much like "The Malice At The Palace," a few fans above them are pouring out their cups and whipping their drinks at them.

Finally, they all turn their hands upside down and laugh before turning back to the dressing room. Caitlyn is the last to leave as she points obnoxiously at the devastation left in the ring while muttering something about JJ and Teri. Dubya comes back out to drag her away to rejoin the rest of The Estate of Tabitha Kinsey.

NED REFORM vs. MV1

DDK:

Up next, ladies and gentlemen, Ned Reform takes on MV1.

Cue the match graphic.

Lance:

Ned Reform is facing down a determined MV1. Number One, it seems, has saved Corvo Alpha from the corrupting influence of Lord Nigel. Now he looks to do the same for his new friend and ally, Levi Cole.

DDK:

We have yet to hear just where Levi Cole's allegiance may definitively lie, but Dr. Reform insists that his future in DEFIANCE is dependent on Cole's loyalty! Win, lose, or draw... Ned Reform has vowed to leave DEFIANCE if Cole won't come back to stand by his side.

♪ "The Fixer" by Pearl Jam ♪

Red, blue, and yellow fireworks burst all around the DEFIatron, drowning out the music momentarily.

Darren Quimbey:

Introducing... from Parts Unknown... weighing in tonight at two hundred and thirty seven pounds... He is... **MASKED VIOLATOR... #1!**

Stepping through the haze with a single index finger raised overhead is MV1. Dressed in a red traditional wrestling singlet trimmed with yellows and blues. On his chest/stomach, it reads: MAXVIOLATOR #1 in black flames. His right boot is blue. His left is yellow. His wrestling mask is a unique one for the event, it seems. Dominated by reds, stylized blue and yellow flames ripple all around it. He rockets down the aisle, arms outstretched spanning the gangway and tagging every outstretched hand he can reach along the way. Mask wearing, foam-index-finger waving Faithful dot the Bridgestone Arena.

The lights in the arena turn purple as all the goodwill for MV1 turns on a dime to vitriol and boos for The Good Doctor. From the back, Ned Reform appears, dressed in his flashy attire from the interview moments ago: a purple robe, fashioned to resemble a graduation gown. The robe is lined with royal looking symbols in a glittery silver/black. On the back of the robe, a glittery version of his symbol. And around his neck, a yellow graduation sash with the words Autos Epha Alpha on it in black lettering. Reform pauses on the ramp, spinning around with his arms raised and a smirk on his face in all his glory.

DDK:

According to the man himself, this could very well be the last time we see Ned Reform in a DEFIANCE ring. If Levi Cole decides to partner with MV1, that is.

Darren Quimby:

Reform ends his little twirl just in time to look directly into the nearby camera, his bald head filling the frame.

Ned Reform:

DOCTOR Ned Reform.

With a smirk, Reform begins his cocky jaunt to the ring. He responds to the front row fans jeering and rude gestures with bemusement as he reaches the ring steps. Up the steps, wipe the boots off on the apron, and step into the ring. Reform demands that MV1 take a step back. Carla begrudgingly motions for MV1 to step backwards as Reform takes point in the center of the ring. He does another slow spin, allowing the arena to really take in his majesty.

Lance:

He looks way too confident for a man who might be moments away from hanging it up.

DDK:

You have to suspect that he has something up his sleeve. This is his first time in the ring since his embarrassing loss at DEFCON to Gage Blackwood. I doubt he will allow anything like that to happen again.

Ned removes the sash, handing it off to a ringside aide. He does the same to his robe, neatly folding it and handing it away before moving to his corner and beginning to stretch. Carefully up the ringsteps and onto the apron, Reform insists that Ferrari moves MV1 back towards a neutral corner before setting one foot in the ring and ducking under and in. The count is broken. What you people are witnessing here is excellence in action. I am making POETRY in this ring right now, children, and I see many of you are STILL staring at your infernal devices. LIVE IN THE MOMENT! YOU ARE WITNESSING HISTORY! PUT YOUR PHONES AWAY NOW!!

DDK:

What's the psychology there, Dr. Warner?

Lance:

DDK:

I see.

TWO!!

NOOOO!!!

Both men back to their feet, MV1 admittedly a touch slower. Reform charges at MV1, who instinctively hoists Reform up and STUN GUNS HIM throat first across the top rope! Reform grabs at his throat, gasping for breath and MV1 sees an opening. Jerking Reform to his feet, MV1 elevates him even higher – VERTICAL SUPLEX!!

Lance:

MV1 nailed that suplex... but did you see how his knee buckled at the end, Keebs? It was subtle... but it was there!

DDK:

If you say so! MV1 springs back up to his feet and UP the turnbuckle! Could it be?!

MV1 holds up an index finger, pointing it skyward–

THIS COULD BE 1-DERSTRUCK! NOO!!

Lance:

It's Horrigan on the apron!

DDK:

That's all the distraction Reform needs! He just SHOVES MV1 off the top rope, sending him CRASHING to the apron! He snapped his head and neck on that bottom rope!

BOOOOOOOOOOOOOOOOOOOOOOOOOOOO!!!!

MV1 falls off the apron and *plops* on the ringside floor.

DDK:

And no-nonsense official, Carla Ferrari, has seen enough!

Ferrari points first at Owens, then Horrigan, and then the rampway. Reform stomps his feet in protest.

Lance:

Heavy Artillery has been ejected from ringside! I guess you could say that the Bridgestone Arena is a demilitarized zone!

DDK:

...stick with shrinking heads, Lance.

Lance:

Fair enough!

Reform urges Ferrari to begin the mandatory 10-count and she does so despite his advice. At ringside, MV1 is slow to stir. Reform anxiously paces in the ring, encouraging Ferrari to count quicker.

Ned Reform:

Tempo, child! Tempo!

Using the MAXDEF ring-skirt to pull himself to a vertical base, MV1 pulls himself onto the apron with a grimace. Just as Carla hits nine, MV1 brings the people to their feet by rolling inside the ring and breaking the count... only to get a low sliding dropkick to the face that sends him back outside! Reform follows MV1 out, lifting the masked wrestler to his feet... he hooks MV1 for what appears to be a knee breaker... BUT INSTEAD OF A TRADITIONAL KNEE BREAKER, HE DROPS MV1'S ALREADY INJURED KNEE ON THE APRON!! MV1 cries out in agony as he crumbles to the ringside floor, holding his knee.

DDK:

That was sadistic.

Lance:

Competition is one thing, but trying to permanently injure your opponent is another.

Ned stands over MV1, grinning from ear to ear. He steps back and gestures downward as if he were showing off MV1 as a game show prize. An older lady in the front row appears ready to hop the apron and charge, so Reform mimes breaking a hip. The granny needs to be held back as Reform yuks it up. Meanwhile, Carla has begun the ten count, so Ned rolls in and out to re-set. He picks up a hobbling MV1 and irish whips him into the nearby ring steps knee first with a **CRASH**

Ned finally rolls MV1 into the ring and follows closely behind. He grabs the fan favorite by the leg, dragging him to the center of the ring. With a smile, he wraps the leg and spins in the classic Figure Four set up... and he drops to the mat to complete the hold! MV1 is clawing and screaming as his already injured knee is bent unnaturally.

DDK:

You don't have to like it, but you have to concede this is an extremely effective strategy by The Good Doctor.

Carla moves in, anticipating a submission may be imminent, but MV1 stubbornly shakes his head no as he tries to fight out of it. Ned's cocky grin turns aggressive as he bounces up and down and sends new ripples of pain through the tortured appendage. As the crowd begins to build a roar in support of MV1, the masked superstar finds a burst of energy... and maybe a touch of defiance... and he powers up into a seated position!! Ned's eyes nearly bug out of his skull as he tries to wrench harder on the hold, but MV1 plants his fists and pushes... and pushes... and pushes... and slowly... ever so slowly...

Lance:

HE TURNS IT OVER!! He's reversed the pressure!

And now The Good Doctor is caught! Luckily, he is close enough to the ropes that he is almost immediately able to reach out and grab them. Carla forces MV1 to break the hold. Using the ropes, Reform is able to pull himself back to his feet while MV1 stays on the mat, still nursing the knee. Ned shakes his knee in response to his few seconds in the Figure Four, but not much damage was done. Instead, he takes point in the corner, poised and stalking his injured prey. It takes MV1 a bit, but he is able to gut it out and try to balance on his injured knee as he tries to stand... but before he can get upright, Reform charges out of the corner and drops him with a Fameasser!

MV1 hits the mat face first and bounces up, landing on his back and facing the bright lights. The Good Doctor stands over him and a smile breaks out over his face. Mimicking MV1, he sticks a single finger into the air.

Reform steadies himself on the turnbuckle. He looks down at his red, yellow, and blue target before leaping off... looking for a top-rope leg drop...

...but nobody is home!!

Lance:

MV1 moved!! This is his chance!

Reform's ass collides with the mat and he leaps into the air, holding it and howling in pain before collapsing back to the canvas. Now both men are down, but MV1 is feeding off the cheers, urging, and encouragement of The Faithful. He makes it to his feet at roughly the same time Ned does. MV1 stuns The Sage on the Stage with a kick to the gut before hooking him for a suplex... but when he lifts, his injured knee gives out! MV1 releases Reform to tend to his knee, but Ned is quick to act with a chop block to that same body part! It's getting close to when MV1 needs to think about the rest of his in-ring career.

DDK:

He'll never give up. That I promise you.

Ned is giving The Figure Four all he's got and MV1 appears to be in hell on Earth. Scratching. Clawing. Pounding the mat in frustration. Levi Cole leaps onto the apron. Carla immediately moves to intercept him, demanding he get down. MV1 is up and notices his old friend. He walks over to Levi, and while we can't hear what he's saying, it's clear he's questioning Cole about something. And that's when Reform leaps at MV1... driving the masked wrestler into both Carla and Cole! Carla takes a dive and Cole is knocked off the apron! Reform looks down at his (former?) protegee, looking quite apologetic... but this means he took his eyes off the ball and he is caught with an MV1 bulldog!

Reform is down. MV1 is again up top! The people are up! This is it! MV1 flies off with 1-DERSTRUCK! ONE! MORE!

TIME!

An exhausted and battered MV1 finds the strength to hook the leg... but Carla is still down. The Faithful helpfully count along...

ONE!

TWO!

THREE!

But alas, the people are not the officials, and even though Ned Reform just got pinned for a three count, MV1 has not won this wrestling match.

...and that's when Levi Cole punts MV1 in the head.

BOOOOOOOOOOOOOOOOOOOOO!!

DDK:

Dammit. Dammit. Dammit.

Lance:

It appears, ladies and gentlemen, that Levi Cole has made his choice.

With the fans giving him hell, Cole lifts the stunned MV1 up and DRIVES him into the mat with an unforgiving Gutwrench Powerbomb.

DDK:

That's your friend! Levi Cole! I know you have a heart! Please!

Lance:

Ned's mind games strike again.

MV1 splats on the mat back-first, and even though he isn't standing, it's still visibly clear that he just collapses. The man has fought hard, but he has nothing left to give, and maybe Cole's betrayal was the final nail in the coffin of his resolve. Reform simply slowly rolls over, only half conscious himself, but he manages to drape an arm over MV1's chest! Carla has just regained her own composure, and she turns to see the pin. She drops down.

ONE!

TWO!

THREE!

...NO!!!!

DDK:

HE KICKED OUT!! HE KICKED OUT!!

The place goes BANANAS!!! Outside the ring, Cole's mouth hangs open in shock.

*NUM - BER - ONE!**NUM - BER - ONE!**NUM - BER - ONE!*

Ned is in a seated position, a look of frustration plastered on his usually smug face. He looks around to The Faithful, who are universally cheering the name of his opponent. And The Good Doctor sneers. He slowly shakes his head no. They won't be getting away with this.

DDK:

Ned back up... and he is STALKING MV1!

Reform crotches, hands poised and ready, as he hovers and waits for MV1 to get back up. It's a slow process, but the heroic Defiant eventually does get back to his feet... only for Ned Reform to lock in the Ad Homineum from behind! MV1's face is twisted in an unnatural position as Ned Reform's version of the Crossface Chickenwing does its work. MV1 flails and bucks, but Ned maintains.

DDK:

This is such a dangerous hold. You can't allow yourself to be in it for too long... it's either the ropes or tap. That simple.

And the crowd erupts as MV1 does indeed make the ropes!! Carla has to pry Reform off his foe, and The Sage on the Stage immediately begins to melt down. He kicks the ropes. He buries his head in the turnbuckle. He turns beet red. The fans continue to cheer on MV1 and he pulls his face out of the turnbuckle with a cold, dead look in his eyes. This is not the face of a pompous clown. It's not the face of an assured academic. It's not even the face of a wrestler.

These are the eyes of a killer.

And he slowly turns to face a sputtering MV1. And he walks over. And he lifts him up.

And he locks on the Ad Hominem one more time.

MV1 again fights valiantly, and he even teases the crowd as he again leaps forward, arms outstretched for the ropes... but Ned is ready this time, and The Good Doctor shifts his own weight, causing them both to fall in the opposite direction. On the mat, Reform grapevines the legs. MV1 ain't going nowhere.

Carla moves in to see if he's ready to submit. She quickly realizes that he isn't conscious.

And to the shock of the entire arena, she calls for the bell.

DING DING DING

WELCOME TO THE HONOR SOCIETY

As Reform's theme song begins to play, The Good Doctor rolls off the unconscious MV1. Cole enters the ring, grabbing his mentor by the arm and raising it high in victory.

Darren Quimby:

Here is your winner... NED! REFORM!

BOOOOOOOOOOOOOOOOO!

Cole, holding Reform's hand high, does a complete circle so every fan in the arena can get a good look. Cole's face is angry, but Ned's has lost the intensity and instead he is smiling from ear to ear.

DDK:

I'm not going to take anything away from Ned Reform, as he wrestled a smart match... but without Levi Cole's actions here tonight, MV1 was walking away with the victory.

Lance:

Wait... look at the entrance!

Heavy Artillery are back and on a mission toward the ring. The monstrous men enter the squared circle. Ned Reform and Levi Cole turn to face them. Hoorigan and Roosevelt stare back. For a brief second, it seems we might have a stand off... and then all four men hug!

BOOOOOOOOOOOOOOOOO!

DDK:

They're... working together? After what Heavy Artillery did to Cole?

Reform laughs as he shows off his three new toys. Then he points to the downed form of MV1. Hoorigan grins and barks at Rosie to lift him to his feet. Owens brings Masked Violator up before tossing him in the corner. He takes position in the opposite corner... and the crowd knows what that means.

DDK:

Enough! The match is over!

DING DING DING DING DING DING

Despite the timekeeper's attempts to restore order, Owens charges and SQUASHES MV1 in the corner like a pancake. The fans, desperate for someone to come to MV1's aid, starts up a chant...

COR - VO - AL - PHA!

COR - VO - AL - PHA!

COR - VO - AL - PHA!

DDK:

The crowd wants it!! MV1 is at the mercy of these madmen, and they're looking for his one and ONLY true tag partner to make the save!

Lance:

Corvo isn't even still in the building. After his huge defeat of Oscar Burns earlier, I'm being told he did not stick around.

Ned smirks at the crowd's wishful thinking. Turning to Roosevelt and Hoorigan, Reform barks at them to splash MV1 again, but...

RAAAAAAAA!

Lance:

The calvary is here!

The Saturday Night Specials sprint down the ring! They're not dressed to wrestle, but they are carrying equalizers: a pair of 2x4s! SNS hit the ring, and despite having a four-on-two advantage, Reform and his compatriots choose to exit rather than tangle with the tag champs.

DDK:

Thank goodness for The Saturday Night Specials. Who knows what else they would have done here.

Lance:

SNS have their own date with Heavy Artillery - AND Flex in a Box - tomorrow night!

DDK:

And what kind of alliance is this? Have these four men made a temporary business arrangement... or is this something more permanent?

With Levi Cole, Bobby Hoorigan, Roosevelt Owens, and Ned Reform walking up the ramp, Brock Newbludd and Pat Cassidy get down on one knee to check on poor MV1. Officials and DEF medical staff also hit the ring to survey the situation.

Reform halts his goons at the top of the ramp. They interlock hands and raise their arms again in victory. And a new theme begins to play...

♪ ["Beethoven's 5th" by Cole Rolland](#) ♪

And Reform again leans his head back and laughs.

We have not seen the last of The Good Doctor.

The lights dim to black. Slow and movie-theater-like. The crowd begins cheering even louder in anticipation.

A line of fire appears across the array of bigscreens lining the stage. But rather than being accompanied by a familiar wall of feedback, thriving, bombastic orchestral music comes in over the PA.

♪ "On the Shoulders of Giants" by Masayoshi Soken ♪

Stage lights come up one at a time, revealing a series of MONSTROUS STATUES arranged along the stage. They are both bestial and humanoid in form. Some sort of divine beasts, in what is likely to be an obscure video game reference that only like three or four people on the DEFcord are gonna pick up on, but fuck it, it's late, and this is the idea we're rolling with.

Close-ups of the statues reveal their facial likenesses to be that of the various members of Vae Victis. Troy, a feathered harpy. Byrd, a mountainous giant. Burns, a winged dragon. Kuroyama, a bearded sage. Keyes, a horn-helmeted swordsman. Butcher, a frost pixie.

Finally, just beyond the threshold of the curtain, a statue of a towering, horned beastman appears underlit in hellfire red.

Half man... half GOAT.

ALL punk rock.

The line of flames on the screen suddenly flares into an outright inferno, leaving the arena awash in orange firelight.

KA-BOOOM!!

At once, the goatman statue EXPLODES in a burst of flames and cinders! When the flames clear... REZIN appears, rocking full Clive-Rosfield-from-Final-Fantasy-XVI cosplay. Complete with the longsword.

Only it's not a longsword; it's a BONG-sword.

...I told you it was late, didn't I?

The Goat Bastard proudly rips from the sword-bong's hilt as he basks in the massive ovation he earns from the DEFIANCE Faithful.

RRRAAAAAAAAAAAAAHHH!!!

DDK:

...I assume this is some sort of obscure Game of Thrones reference?

Lance:

I wouldn't know, Keebs. I never saw that show. But tell me, does that one Lindsay Troy statue kinda look like an owl

person?

After a moment of soaking of the ovation and looking like a medieval high fantasy (semi) badass, Rezin's eyes turn to slits as he notices the statues of his foes alike him.

Knowing what he must do, the HIGH-kon of Fire overturns his bongsword and begins swinging away...

SMASH! Troyruda crumbles into tiny chunks of plaster!

CRASH! Ramuhyama is split down the middle!

KERPLOOSH! Titan-Byrd topples over with a heavy kick!

GURSPLASH! Burnshamut disintegrates into pebbles and dust!

Scrmush. Butcher Shivatorious just kinda falls over on its own and shatters on impact.

But one statue remains: horn-helmented, one-eyed Odinry Keyes, wielding the deadly blade ZantetsBLUEken. Rezin's eyes fill with fiery wrath as he rears his trusty bongsword back once more...

KRANGULCH!!

...but rather than crush the statue with the sword, his head ends up doing it first.

Because a FORCE has come at him from behind.

DDK:

HENRY KEYES!! HENRY KEYES!! THE KRAKEN IS HERE!! BY GOD, HE'S HERE!!

The two men roll down the ring apron together, as one man gains advantage he throws frantic punches before immediately being toppled and receiving punches. It's fists and legs and chaos as they make their way to the ring, forever fighting, forever at war.

Lance:

Does that mean - I guess Keyes decided THIS was how he would make his grand entrance tonight, his first official match as the longest-reigning Southern Heritage Champion in the history of DEFIANCE!

Somehow they find their way into the ring. Referee Brian Slater does his best to peel Rezin off of Keyes and send the two men into opposing corners to restore some amount of decorum. Both competitors are FROTHING to get back to throwing hands.

Darren Quimbey:

LAAAADIIIEES AAAND GEEENTLLLLLEEEEEENN!! This is our MAIN EVE--

Quimbey is abruptly cut off when official Brian Slater bumps into him.

The reason the official bumped into him is because he is trying (and failing) to restrain Rezin from charging out of his corner. Across the ring, Keyes advances out of his own.

DDK:

Oh my, this one looks like it's already getting out of hand!

In the fracas, Quimbey gets tagged by an errant fist and goes down. DEFSec hit the ring from all sides and a mob of

bodies forms in the center of the ring as everyone tries to keep Rezin and Keyes from throttling one another.

LET-THEM-FIGHT!! LET-THEM-FIGHT!! LET-THEM-FIGHT!! LET-THEM-FIGHT!!

Lance:

I know they agreed on a straight match, but I'm not sure they can get around this fight turning into a "Hardcore Hellpocalypse" of its own!

After several moments, the mob parts, trapping both competitors in their respective corners. Quimbey, now sporting a shiner, readjusts his tie and does his duty like the fucking pro that he is.

Members of security remove Henry's SOHER Title and hand it over to Slater, who, despite the circumstances, sticks to the procedure and holds it up to the capacity crowd for a modicum of a few seconds and throws it to the timekeeper.

Slater locks eyes with the security team, who are ready to release the two combatants on his signal. Slowly, he raises his hand...

The air is sucked out of the arena as Henry withdraws his atom-smasher of a fist and crows in triumph. Rezin flops over onto his back, eyes rolling vacantly around in his head in a manner that supersedes his usual state of intoxication. Keyes snags the cuff of his pants to drag him out to the center of the ring.

Lance:

We could be witnessing the shortest Southern Heritage Title match ever, Keebs!

DDK:

I can't believe that one punch was all it took to chase the fire from Rezin's engines, but you may be right, Lance! And Keyes is taking his time here, arrogantly pressing a knee down onto his chest to make the cover!

Rezin's "kickout" looks more like an involuntary spasm, but he nevertheless convulses and pops a shoulder to break the count. Keyes rises up and backs away as the Escape Artist scrambles back to his feet, though it's clear the brain hasn't quite caught up to the rest of the body.

Lance:

Rezin may not be down, but to me, he still looks quite out!

The Goat Bastard's eyes struggle to focus, but through the fog he seems to make out a figure. Without thinking and moving only on instinct, he begins throwing punches at it. Regrettably, it turns out to be the official, Brian Slater.

Lance:

Heads up, Brian! I don't think he knows where he is!

Slater handily sidesteps the flurry of wild and poorly aimed punches from the Goat Bastard, until finding himself in a sloppily applied three-quarter bulldog. Before Rezin can commit to an Into the Void on the official, Slater shoves him off and sends him stumbling back toward Keyes.

DDK:

Here's the Kraken, waiting with another--NO!! REZIN DUCKS THE HOOKS!

Keyes covers his face, but Rezin jumps on the opportunity to switch from fists to feet, landing a sharp roundhouse to the Kraken's ribs! A second one finally doubles him over, prompting Rezin to take a step forward, crouch, and lean forward while pressing the Heavy Punch button.

Rezin:

Rezin was making quite the rally there for a minute, but the Kraken swiftly shuts it down before he can get it rolling.

Rezin staggers back from the clubbing blow, clutching at his head as he goes for the ropes. Keyes steps forward to rain down more strikes until the referee intervenes, as Rezin has become fully entangled in the ropes.

Lance:

DDK:

You're absolutely right, look at him grabbing the legs here!

Keyes has both legs hoisted up, but Rezin's arms are tightly wrapped around the top and middle ropes as the referee continues the five count. At three, Rezin is able to finagle his right leg free and he throws a few wild back kicks that

force Keyes to release the hold. Keyes takes a step back, and in a flash, Rezin gains balance on the ground, springs up, bounces off the middle ropes, and flies towards The Kraken!

RAAAAAAAHHHHHHH!

Lance:

BEAUTIFUL FLYING HEADSCISSORS BY REZIN! Keyes is sent sprawling!

Indeed, Keyes crashes to the mat with a resounding *thud*. The momentum of the maneuver sends him rolling ass over teakettle below the bottom rope to the outside, and miraculously he lands on his feet without crashing down to earth a second time.

Rezin sees that his opponent is a bit dazed, so he sprints back to the opposite ropes, bounces off, and charges forward with full steam!

DDK:

BASEBALL SLI- NOOOO! Keyes blocked the baseball slide?!

Indeed, Keyes's fingers are interlocked in front of his face as he leans forward, grabbing both of Rezin's boots and doing his best impression of an Immovable Object.

Lance:

Rezin's legs can't feel good after being jammed like that!

With a mighty grunt and a heave, Keyes shoves Rezin's boots forward, sending the Goat Bastard back under the ropes and into the ring.

DDK:

Some trademark arrogance from the champion here, Lance - look at him parading around!

Lance:

Indeed, every attempt from Keyes to position his slippery opponent into a press or a slam position or any other angle that might give him some sense of control is countered by a short jab or a thumb to the eye or an unexpected pivot that lets Rezin squirm loose! Frustrated, Keyes is finally able to shove the mass of the two men back to the ring. Rezin stumbles and scrambles to get to his feet on the apron. Keyes looks a bit more gassed after dealing with that whole to-do and gains some space.

Henry Keyes catches Rezin AGAIN, much to the dismay of the Faithful - and this time, he doesn't waste a second. Clutching with all his strength, Keyes sprints towards the ring post and slams Rezin spine-first into the steel.

CLONNNNNG

BOOOOOOOOOOOOOO!

Brian Slater, of all DEFIANCE's referees, might be the most willing to allow to men to duke it out rather than adhere to the strictest letter of every rule - but by now, it's been long enough, and he's forced to demand Keyes re-enter the ring by starting a ten count. Rezin yelps in agony and clutches at his lower back on the outside floor. Keyes poo-poops Slater's request, throws in a few stomps to Rezin for good measure, and aggressively chucks him back under the bottom ropes into the ring.

Lance:

The fans here tonight are not having it! They're letting Henry Keyes know just how much they hate what he's become!

DDK:

There was a time you could ask any wrestler in the locker room, "who would you trust in your corner?", and to a T, just about everyone would have answered "The Airship Pirate". And now? Heartless. Ruthless. A shell of the great man he once was.

Lance:

Vae Victis may be the only people on earth that could still answer that "trust" question with "Henry Keyes" at this point, wouldn't you say?

DDK:

Lindsay Troy can, at least. Hard to say about the rest, what with Keyes turning into *this* maniac.

Keyes is just laughing and laughing now, ignoring the fact that Brian Slater has made it up to a four count inside the ring. Rezin wills himself upright, shaking out some of the pain he absorbed from the shot to the ring post he took.

Henry Keyes:

What have I told you all from the beginning, DEFIANCE? REZIN, CAN'T, SIT, WITH, US!

BOOOOOOOOOO!

Rezin sees Keyes gloating and gloating at ringside, not a care in the goddamn world - not for the months of pain and torment Rezin has suffered since they last faced each other, not for the hard work and the grit and the grind Rezin poured into his four successful defenses of the Favoured Saints Championship, not for the history, the friendship, the wars, the memories, the handshakes, the spider mechs, the DEFRadio call-ins, *none of it*.

It's just more of this Mean Girls crap that's crushed DEFIANCE under this immense hateful pink weight for over a year now.

This *asshole*.

Slater's nearing an eight count at this point - and it's suddenly clear that the Goat Bastard heard that shit Keyes was talkin' just now, and it's not a fire in his eye. It's an inferno.

Rezin rolls out of opposite end of the ring and power-walks around to face Keyes head-on. The power-walk turns into a jog, which turns into a sprint, and suddenly the two men are in a full-on hockey fight on the outside!

RAAAAAAAAAAAAAAAAH!

DDK:

BOTH MEN ARE HAMMERING AWAY!

Brian Slater admonishes both men and is forced to restart his ten count from scratch. It's unclear whether Henry Keyes even heard the first ten count, or is aware at all that it's possible to be counted out in this match - his focus has been forcibly stolen by Rezin. These shots are looking pretty damn stiff, and it looks like a couple welts are beginning to form around each man's right eye.

Keyes absorbs a few stiff jabs while he gathers himself, turns his hips, and unleashes a BIG uppercut that sends Rezin staggering away! He throws another uppercut, and another, each landing with increasing ferocity!

Lance:

Once again, Henry Keyes with the advantage here!

Keyes grabs Rezin by the back of the head and attempts to shove him into the ring steps - but Rezin reverses and slips behind! He's got Keyes by the back of the head now - runs -

CRASHHHH

Bulldog onto the steps!

RAHHHHHHH!

Rezin wastes no time - hops onto the apron in a single bound, and flips -

...

RAAAAAAAAAHHHHHHHHHHHHH!

DDK:

REZINRANAAAAAAAAAAAA!

Keyes crashes HARD on the floor outside! Rezin hops up and slaps his chest twice, then raises his arms and pumps the crowd WAY the fuck up!

Lance:

Just listen to this crowd!

*"FIRE-IT-UP!! FIRE-IT-UP!! FIRE-IT-UP!! FIRE-IT-UP!!
"FIRE-IT-UP!! FIRE-IT-UP!! FIRE-IT-UP!! FIRE-IT-UP!!
"FIRE-IT-UP!! FIRE-IT-UP!! FIRE-IT-UP!! FIRE-IT-UP!!
"FIRE-IT-UP!! FIRE-IT-UP!! FIRE-IT-UP!! FIRE-IT-UP!!"*

Adrenaline flowing through him, the full throat of an arena of fans behind him, and feeling real Punk Rawk, Rezin scurries over to his fallen foe and attempts to heave him into the ring with just as much ease as The Kraken had done to him several times in the last few minutes...only to find that the weight differential is real, and a Deadweight Air Squid Man is not the easiest sack of potatoes to throw around.

Eventually, with great effort, Rezin is able to force Keyes up to the apron and with a mighty shove, Keyes is underneath the bottom rope. Rezin hasn't spent all his energy, however, and with some pep still in his step he jumps into the ring, drags Keyes away from the ropes by his legs, and goes for the cover!

ONE!

TWO!

NOOOOOO!

Rezin doesn't let the nearfall get to him and instead guides Keyes into the corner, throwing a stiff right hand! Another! Another!! ANOTHER!!

DDK:

Rezin had some MUSTARD behind those shots!

Lance:

And he's not done!

Rezin has Keyes backed into the corner with the fourth punch. Turning to the side and striking an intense Karate Master pose, Rezin sharply lifts his right hand up -

Rezin:

E HONDAAAAAAAAA!

- and thrusts a series of short chops squarely into Keyes's chest! They're so fast it's hard to count!

DDK:

Rapid fire strikes here, Keyes has no defense for this!

Lance:

That must have been twenty chops, what a way to follow up those four punches!

DDK:

.....oh of COURSE it was four and twenty!

Rezin's palm is practically smoking from the speed and intensity of his series of strikes! He grabs Keyes by the wrist and with a mighty heave WHIPS him hard into the opposite corner! Keyes crashes into the turnbuckle with a mighty ker-thump! Rezin marches in and leaps to the second ropes in the corner, looking to land some mounted strikes - Keyes finds the energy and wraps his substantial arms around Rezin's waist!

SLAMMMMMMM

Lance:

THUNDEROUS Spinebuster from the champion!

DDK:

He spent a ton of energy on that move! The cover now!

ONE!

TWO!

...

...

TH-NOOOOOOOOOO!

Both men are down, chests heaving - it's been a full sprint for most of this match and there's only so much adrenaline they must have in reserve. Full on sprays of sweat fly off of Keyes's forehead as he whips his head up and rises to his feet. He goes in for a headlock, whips Rezin's free left arm over his head, plants, uses his hips - BIG TIME Vertical Suplex! Another cover!

ONE!

TWO-NOOOOOOOOO!

Keyes scrambles to his feet again, this time lifting Rezin up from behind and locking in a rear waist lock! He forces the pair to take a few steps towards the ropes, then Keyes bends backwards and HEAVES~

CRASHHHHHHHH

DDK:

RELEASE GERMAN SUPLEX!

Lance:

My GOD, did you see the HEIGHT Keyes got on that throw?? Rezin must have been nine feet in the air!

For good measure, Keyes hurries over to the crumpled Rezin and locks in double underhooks. Rezin is barely able to get to his knees, let alone his feet, but Keyes doesn't give a damn. He deadlifts the Goat Bastard over his head by his arms.

SLAMMMMMMMMM

DDK:

GUHHHHH.

Lance:

Ugly landing there for Rezin, he definitely crashed hard on his feet and lower back there!

Keyes pauses for a moment and grins. Brian Slater checks on Rezin, the two exchange a few words, and Slater backs

off - and Keyes figures this may be his cue to end the night early. He goes for another cover!

ONE-KICKOUT!!!!

RAAAAAAAAAAAAAAAH!!!!

DDK:

OH MY GOD!

Lance:

HE KICKED OUT AT ONE!

Keyes is BUG EYED at this, and Rezin may as well be in a fugue state at this point. It's unclear how much of Erik Black is in control of this car, but whoever is in charge has decided to lay into Henry Keyes with a fat, wet, open handed slap to the fucking face.

Rezin:

YOU DON'T EVEN REMEMBER WHAT MADE YOU PUNK RAWK YOU DUMB SUMBITCH, NOW THAT YOU'RE-

Rezin hammers in another disgustingly stiff slap to the cheek.

Rezin:

-RUNNIN' WITH THOSE CRONIES AND THOSE FAKE NORMIES YOU CALL-

ANOTHER slap, and there's no doubt that these slaps a) hurt like hell, and b) are pissing off The Kraken.

Rezin:

-VAE VICTIS, AND BEFORE YOU SAY ANOTHER GODDAMB *BLEARKHG!*

DDK:

Headbutt by Keyes!

Indeed, Keyes throws his forehead forward in desperation and clocks Rezin squarely in the nose! Rezin is forced to back away as he taps his fingers beneath his nostrils, checking for blood that thankfully isn't there yet. Keyes holds his hand to his repeatedly-slapped bright pink cheek and, for a brief moment, we see what we imagine Six Year Old Henry may have looked like when he got a boo boo.

Henry Keyes:

....OWWWWWWW-UH!!

Pockets of Faithful laugh at the petulant pouting of the SOHER, which distracts Keyes for a brief second - Rezin comes FLYING across the ring and sends Keyes crashing into the corner with a shotgun drop kick! He doesn't follow it up with anything fancy - just stomps and kicks and punts and boots until Brian Slater can find a way to force some space between the two once again!

Lance:

Just when we think they might run out of gas, more fire and more fury!

DDK:

Rezin's measuring the Kraken now, what does he have in mind here??

Keyes is seated in the corner as a result of the impact from the drop kick. Rezin takes a few steps back and charges forward, unleashing a hellacious running punt kick squarely into Keyes's chest!

OOOOOOOOOH!

Any strength Keyes may have had in the tank to keep vertical has been diverted to survival mode as he crumples to the ground. Rezin pulls Keyes out of the corner with all his might and locks in a Cobra Clutch!

Lance:

Rezin looking for the submission here!

DDK:

He doesn't have this hold locked in exactly how he usually does, he has to navigate the large frame of the champion to get the leg scissors - wait! He's doing it! He's got one leg wrapped around the waist of the champ - now the other! BOTH LEGS ARE LOCKED IN! CABRO CLUTCH! CABRO CLUTCH!

Rezin SQUEEZES with all his might as Brian Slater checks for the submission!

TAP! TAP! TAP! TAP! TAP! TAP! TAP! TAP!

Keyes's eye is HUGE as the Cabro Clutch sinks deeper and deeper!

Lance:

THREE HUNDRED SEVENTY DAYS AS CHAMPION, WILL IT END RIGHT NOW WITH A SUBMISSION TO HIS GREATEST RIVAL??

TAP! TAP! TAP! TAP! TAP! TAP! TAP! TAP!

Keyes's eye fades in intensity and slowly blinks as the chokehold takes effect. Rezin bares his teeth and nods his head frantically as he squeezes as hard as he can to choke out this Impostor Pirate, the Bluevocateur he once called his friend!

DDK:

He's fading here! Referee Brian Slater is checking now to see if Keyes is still able to fight!

Weakly, but consciously, Keyes is able to shake his head when asked by Slater if he wants to submit. The Kraken is aware that this situation is completely untenable and reaches for a body part, any body part, that he can attack. The legs are closest, so he starts with the left one and throws a 12 to 6 elbow directly in the kneecap! Rezin reacts like his leg was just struck by lightning, and Keyes delivers another! Rezin's left leg releases its grip! Keyes strikes Rezin's right knee in a similar fashion once - Rezin YELPS out in pain and immediately releases the remainder of the hold.

Lance:

Some desperation defense there from the champion, he looks like he found a way to hurt Rezin from that precarious position!

Both men find themselves in opposing corners, sweating profusely, bruised, scratched up, in obvious pain. The Faithful roar their approval for the war between these men.

DDK:

Which one of these men has that little bit more left in the tank?

Lance:

Henry Keyes has had Rezin's number throughout much of their rivalry, but you can feel it in the air, Keebs - the winds of change are coming!

Both men slowly, painfully, will themselves vertical with assistance from the ropes. They stare at each other with - well, there's too many emotions to list, aren't there. Pick one. Any of them. As long as its intensity is maxed out, there's a good chance you're correct.

As if on instinct, both men step towards the center of the ring and find themselves pressed hard forehead-to-forehead, nose-to-nose, spewing untold vitriol and hatred towards the other as the Faithful cheer in anticipation. After a few moments of this. Keyes sneers and rears back with his right fist -

Rezin:

YOINK THE CLOWN!

AHHHHHHHHHHHHHHH!

It's immediate pandemonium. Chaos. The Unknown Factor cranked to 11.

For you see...

Rezin has just snatched the eyepatch off the Kraken.

And it's...well, how do we paint this picture?

It's actually not as bad as you'd think it would be. It's not as bad as it *should* be, for someone so dedicated to wearing the damn thing for over a year.

Some scarring, sure - some proof of major trauma. But the eye is still there. That wasn't a guarantee after the events of the Balcony Bulldog.

The eye may not look too bad...however...Keyes's facial expression as a whole is hard to define. It's a murder-rage-fear-insecurity-panic-embarrassment type of fury that washes over Keyes in wave after confusing and distressing wave.

DDK:

Ohhhhhhhhhhhhhhhhhhhhh no, what's going to happen??

Lance:

Your guess is as good as mine!

Keyes reaches forward and grabs Rezin bodily, heaving him across the ring with a huge Biel Throw! He rushes back over as Rezin scrambles to his feet and throws a wild Propellor Edge Chop - Rezin ducks it and connects with an enzuigiri to the exposed left eye! Keyes stumbles and throws a wild elbow that somehow connects, then another, and soon, he's got Rezin hoisted into the air -

DDK

URANAGE SLAM!

Lance:

Keyes pulling that one out of pure instinct!

Rezin is flat on his mat in the center of the ring. Keyes checks his eye and, thankfully, finds that it is still in fact inside his head cavity. It takes him a few moments to center himself and choose a plan of attack. After some mental calculations, he heads to a corner and begins slowly, painfully climbing the ropes.

DDK:

We've seen this before, he sometimes likes to go for a big diving knee drop...Keyes, all alone on the top... REZIN POUNCES UP TO HIS LEVEL!

Rezin bursts up from the ground after recovering some energy due to Keyes's indecision! Keyes is ready to catch the Escape Artist, but doesn't expect his erstwhile frienemy to corkscrew around into a legscissor around his middle and cazadora himself right straight...

DDK:

INTO THE VOOOIIID TO THE OUTSIDE! GOOD GOD, NO!! NOOO!!!

Bodies topple in all the wrong ways as the somersault inverted DDT carries both men off the top rope, down the post, and crashing violently on the steel steps below them. The crowd cringes in unison at the sight of both competitors ragdolling either way.

Then a scream pierces the air. Rezin is clutching his knee.

Rezin:

RRRAAAAAAAAAFFFFUUUUCCCKK!! FFFFUUUCK!!!

DDK:

God almighty, that fall was sickening to watch! What was Rezin THINKING?!

Lance:

The man is going beyond the limits to win the SOHER Title tonight, but as we can clearly see, it may have come at the ultimate price! Rezin is holding his leg right now, and I think Slater senses a problem!

The official hops out of the ring and goes to Rezin first, seeing he's in immediate distress. He's no doctor, but a brief review of the Goat Bastard's state gives him enough cause for concern to cross his arms overhead...

...at least until Rezin reaches up and yanks one of the arms back down.

Rezin:

NNNNNO YOU FUGGIN' DOOON'T, SLAAAATERRRRR!!

DDK:

I think official Brian Slater was about to give the X motion to signal an injury to the medical team! Rezin may legitimately be hurt by now, but even now, he's preventing the official from stopping this match!

Lance:

He's come this far! After everything he's fought through, and all that he's endured, how can he let it all end now over something like this?

DDK:

At this point, one has to ask what kind of champion Rezin would even be if this match left his entire body broken?

Slater yields to Rezin's insistence, and slides back into the ring where he begins the ten count.

ONE...

Rezin attempts to stand, but collapses when the knee buckles. Again, he screams in pain.

TWO...

Face down on the ringside floor, Henry's body finally begins to stir awake.

THREE...

Rezin is biting into his hand to fight through the pain, hard enough to draw blood. Sorry if that spot was already called.

FOUR...

Keyes pushes himself up to his hands and knees. He shakes his head in an effort to regain his senses.

FIVE...

Rezin grasps at the apron and pulls himself up with all his might.

SIX...

Henry's hands find the steps upon which his head took a bounce, and uses them to find his balance and push himself up to his feet.

SEVEN...

Rezin is up... but nearly hits the floor again when the knee buckles. His hand snags the bottom rope at the last minute to keep him from dropping.

EIGHT...

Still in a daze, Keyes leans from the steps to the apron. His hands find the canvas.

NINE...

Henry crawls under the ropes and back into the ring.

...(point five)...

Rezin's other hand finds the bottom rope, and he uses what strength he has left to roll inside.

RRRRAAAAAAAAAAAAHHHHHHHH!!!!

Keyes, beat up but still with some wherewithal, does his best to start making his way in Rezin's direction for another attack - only to be forced away by Brian Slater, who tells him he's got to check for a possible injury. Keyes throws his arms up in frustration and makes crying-hands motions to the crowd, who are NOT ok with it. Slater checks Rezin's leg - it's not looking good, and we're able to pick up on a bit of their verbal exchange.

Brian Slater:

I'm calling this match, Erik, we need to get this looked at-

Rezin:

You stop this match and I'll KILL YA!

Brian Slater:

Don't go through with this, Erik! Hey! HEY!

Keyes has lost his patience entirely and brushes past the referee, locking in Rezin's wrists, and thrusting a knee forward with the most unceremonious, unclean, and distressing looking Coin we've seen maybe ever. Rezin crumples as Slater gets in Keyes's face, berating him for his actions.

BOOOOOOOOOOOOOOOO!

DDK:

That was COMPLETELY uncalled for! Rezin may be seriously hurt out there, and Henry Keyes does not give a DAMN about him or anyone else!

Lance:

We might need some extra help out here, guys!

After a few more idle threats from Slater, Keyes cracks a wry smile and lifts his hands palms-forward as if he was an innocent man simply Trying His Best To Win A Match. The Kraken turns his attention to the still-booing Faithful, royally upset at the recent turn of events. Slater checks in on Rezin once again and the two appear to be in a heated, yet concerned, conversation. Whatever it is Slater's trying to convince Rezin to do, he isn't having it for a fucking second.

DDK:

If there's one man who will never say "die" in DEFIANCE, it's Rezin!

Keyes makes a motion to continue the attack, only for Brian Slater to intervene and deliver some sharp words to the SOHER. Keyes can only smirk once again in disbelief.

Henry Keyes:

END THIS, then!

Keyes parades around the ring once more to a cascade of boos and jeers from the crowd. Slater goes over to Rezin one more time, only to find that the Goat Bastard has found a way to hobble himself up to one leg, hop over, hop again, and reach through Keyes's five-hole!

Lance:

IT'S A SCHOOLBOY!!

ONE!

TWO!

...

THREEENOOOOOOOOOOOOOOO!

DDK:

AW HELL, I THOUGHT REZIN PULLED IT OFF!

Lance:

He caught The Kraken by surprise, but it wasn't enough!

Realizing just how close he just got to losing his Forever Reign as Southern Heritage Champion, Keyes rises to his feet coldly, sternly. He locks both eyes on his opponent, now unable to get to even one foot. In a fluid motion, he locks both wrists.

CRACKKKKKKKKKKKKKK

The second Coin.

...

But he doesn't go for the cover.

Instead, he marches behind Rezin, who is now out cold. He locks Rezin's arms behind his back and lifts him bodily so his head is pointed to the mat...and he winks with his left eye. Keyes drops down.

CRASHHHHHHHHH

DDK:

THY. KINGDOM. COME. Oh God...

Keyes stares down the barrel of the camera **HARD**.

Lance:

Could this be it??

ONE!

TWO!

...

.....

THREE!

DING DING DING

BOOO

We didn't get to hear it before, but it's here again - the damn doom piano riffs of Stranger Fruit. If you can even hear it over the cacophony of boos. Unbelievably, drink cups are being thrown into the ring - and souvenir **MAXIMUM DEFIANCE** Reusable Popcorn Bags. Keyes rolls out of the ring in a fucking huff and power struts his way to the nearest cameraman.

Darren Quimbey:

Here is your winner, and **STILLLLLLL**....the **DEFIANCE** Southern Heritage Champion...

Henry Keyes:

YOU THOUGHT YOU KNEW HOW THE STORY WAS GOING TO END, DIDN'T YOU, DEFIANCE? YOU THOUGHT THIS WAS ALL LINED UP PRETTY AS A PICTURE, DIDN'T YOU? GUESS WHAT, BLUE SKY?? / RUN THIS PLACE! I'M THE MAN ON TOP! I'M THE FOREVER CHAMP!

Darren Quimbey:

"The Kraken".....Henryyyyyyyy KEEEEEEEEEEEEEEEEEEYES.

Henry Keyes:

DO YOU SEE WHAT YOU GET, DEFIANCE?? DO YOU SEE WHAT YOU GET WHEN YOU MESS WITH THE KRAKEN???

BOOO!

Brian Slater is finally able to get the "X" up as Iris Davine and the rest of DEFMed come down to the ring. Rezin's right leg is...not looking good. He can't seem to move the lower half of it. Rezin is doing everything in his power to get vertical and find a way to make it back up the ramp under his own power, but he can't put an ounce of weight on it.

DDK:

What an unfortunate end to this match, Lance...despite everything, despite the heroic journey Rezin has taken over the last year, after everything he's done to prove himself OVER AND OVER as one of the very best DEFIANCE has to offer...what a tragedy that THIS is how his night ends.

Lance:

Our medical team is the best in the industry, we know that they'll do everything they can to take care of...whatever this injury may be, I hate to speculate. I really do believe, Keebs, that Rezin was on his way to winning this thing up until that Into The Void to the outside. Let's see if we can get a quick replay...

The camera feed cuts to a slow-mo action replay of the fateful Into The Void spot from the top rope to the outside, and in the span of a handful of frames, we see the bottom half of Rezin's right leg compress and buckle and turn in an angle that legs aren't meant to bend. The Faithful let out a sickening groan as the camera feed promptly cuts off the replay feed.

DDK:

We will get updates on Rezin as soon as we have them...what a dark way to cap off what has otherwise been a monumental Night One of MAXIMUM DEFIANCE, as - oh, for the love of - will SOMEONE GET THIS MAN OUT OF HERE?

Henry Keyes:

THERE WAS A GODDAMN REASON I IGNORED REZIN'S PUSH TO THIS SPOT FOR WEEK AFTER WEEK, YOU DAMN FOOLS, AND THAT'S BECAUSE I. AM. UNTOUCHABLE! NO ONE CAN STOP VAE VICTIS! NO ONE CAN STOP THIS TRAIN! NO ONE CAN STOP-

...

The feed cuts.

...

YOU.

CAN'T.

SIT WITH US.
