Leipzig, Germany welcomes DEFIANCE as the QUARTERBACK Immobilien ARENA is hyped for DEFtv 197! Pyro explodes from the top of the rampway as the camera reveals there's a giant FIST logo to walk out from colored in the German flag.

Signs and excitement, as always, are everywhere!

And the scene goes to the announce team, Darren Keebler and Lance Warner.

**DDK:**

Welcome everyone! A loaded show tonight! We are going to get started, though, by hearing from this man...

## NAME A TIME AND A PLACE

The first few chords of the ragtime classic “The Entertainer” by pianist Scott Joplin is all it takes to get each and every member of The Faithful on their feet. A man of fifty, the Bombastic Bronson Box has become a man unburdened with the need for unnecessary pomp. The Original DEFIANT marches out onto the stage dressed for war in his ring gear. He’s wearing a particularly faded and wartorn version of his usual brown and gray striped wrestling singlet. If the large faded bloodstain on the front of the singlet is any indication- Boxer went to hell and back in this particular gear.

**DDK:**

Looks like some previously worn ring gear Boxer’s got on-

**Lance:**

That’s- kind of nasty to be honest, Keebs.

**DDK:**

I have no doubt they bear some significance, Lance.

**Lance:**

Still- eww.

By the time the announcers are done bantering back and forth about Boxer’s particularly grizzly fashion choice for this evening The Original DEFIANT is already stomping his way up the ring steps. All Bronson has to do is cast his steely gaze to ringside and Darren Quimbey is scrambling over himself to hand The Wargod a microphone from his position at ringside.

**DDK:**

Been a tick since we’ve heard from Bronson like this.

**Lance:**

He’s been decidedly more- I want to say mellow, but that’s the wrong word- less murderous than he has been, historically? That sounds more apt.

The DEF Hall of Famer takes a few moments, tossing the microphone lightly about in his huge hand as he breathes a deep contemplative breath before beginning-

**Bronson Box:**

Gettin’ old has been a bastard- that’s the honest truth of it. I’m man enough to be able to stand here- language barrier be damned- and be honest with you lot. Faithful- *[he sniffs and shakes his head with a strange little smile]* you lot are indeed that. While I’ve had very very little faith in myself the last number of years you lot never once lost faith in ol’ Bronson Box-

Between DEF production doing their best to translate on the tron and enough English speakers in the crowd the Faithful respond with a loud round of supportive applause.

**Bronson Box:**

Aye- neither did one other stubborn bastard-

“Dare to Tame Me” by TRIDDANA

RAAAAAAAAAAAAAAAH!

With his shoulder in a sling, looking far less poisoned than the last time the DEFIANCE fans laid eyes on him, Gage Blackwood pushes through the curtain to a riotous reaction from The Faithful. He makes his way down the ramp taking time to interact with as many of the fans as he can on his way towards the ring.

**Bronson Box:**

Such a wee *[censored]* babyface prick, this one- just look at him-

Gage finally rolls under the bottom rope and pops up with a shrug as he joins his tag team partner.

**Bronson Box:**

Gage Blackwood pulled me away from a darkness I was quite eager to head right to the heart of- he helped steer my ship back towards this place, to you people and for that- well I'm still looking for the right way to pay him back for that kindness.

Gage nods.

**Gage Blackwood:**

Malak, aye. I would be really worried if I were you.

The typically emotionless Blackwood can't help but sport a smirk across his face.

**Gage Blackwood:**

Get ready.

**Bronson Box:**

Ned reform pulled up his big boy drawers for a brief moment and managed to outfox me, bully to him- I'm STARMAKER, it's what I do, I'm blasted patient zero when it comes to greatness here in DEFIANCE. The wars I've waged for good or for ill are the wars that laid the original planks of that ring you all wrestle in- I distribute the kind of permanent, enshrined greatness you all salivate over. Win or lose, you cross swords with Bronson Box there's only one outcome- punishment. Through that punishment some competitors- some very special competitors find something in themselves they never knew was there. A razor sharp version of themselves- honed on the whetstone of the Original DEFIANT. Eugene Dewey, Cayle Murray-

Boxer pauses for a moment, he runs a hand down the enormous dried and faded blood stain on the front of his obviously wartorn old singlet.

**Bronson Box:**

Lindsay Troy.

No translation needed for that one, the reaction from the fans is immediate.

OOOOOOOOOOH!

**Bronson Box:**

Seven years ago- Lindsay Troy and I were at one another's throats. Seven years and not a lot has changed, her and her *[censored]* mouth and her *[censored]* friends. She'd pushed me to the brink- now I might have pushed first, and admittedly more viciously- but still, the fact remains. Things weren't going to get settled between she and I in any old match, in any old ring. I wanted to maim this insufferable woman- to silence her endless prattling on permanently. The horror show that followed- she overcame. Bronson Box lost- not only the match, but a number of my teeth and nearly my right eye-

He runs a finger down across the grizzly, healed scar.

**Bronson Box:**

Malak- you and your *[censored]* mouth and your *[censored]* friends have pushed, and joked, and talked and talked AND TALKED AND TALKED AND TALKED- the talkin', sunshine?! It's over- beyond over. Ned Reform might have endlessly *[censored]* around, but at the end of the day he stood there and took his beatin' like a man and discovered he might just be a more canny competitor than he ever gave himself credit for-

Boxer scowls.

**Bronson Box:**

I want to maim you, you little snow white prick. That's why as we speak something very large and dangerous is winging its way here from the DEFIANCE warehouse in New Orleans. I'm going to put you through the same human meat grinder I put Lindsay Troy through seven years ago, Malak, knowing full well you aren't even a TENTH of the competitor she was- if you have the balls, boy- you'll meet ol' Boxer in *THE WARCHAMBER*!

The crowd ROARS after Box name drops one of the most vaunted, vile and violent match stipulations in the history of wrestling.

**DDK:**

Did Box just say WARCHAMBER!? He wants to maim Malak inside a steel construct!?

**Lance:**

I think he can challenge the Snowflake Superstar as much as he wants. Scare him with whatever threats, whatever match stipulations he yearns for but I think the more he pokes and prods, the less likely Garland is going to show his face here tonight.

Seething at the teeth, Box lowers the microphone from his lips. The crowd is at full throat over the thought of the Bare Knuckle Brawler separating Malak's soft little teeth from his dainty gums one by one in an inescapable cage only on pay-per-view. Suddenly, the lights dim. Cyrus Bates walks out on stage to a chorus of boos.

**DDK:**

To your point, Lance, we aren't graced with the presence of Malak Garland at all. Instead, we get his heavy right hand man in Cyrus Bates.

Bates bounces his large pectorals in an intimidating display of dominance. Cyrus points a finger at Box and mutters some promises of destruction only he can hear. Box ain't playing though and doesn't care who he gets into a fight with so he promptly exits the ring and begins to make his way up the ramp until Malak Garland appears on the big screen, stopping Box in his tracks.

**Malak Garland:**

Bronson Box. Stop right there. Do not lay a finger on my defenseless friend, Cyrus Bates.

**DDK:**

Bates can probably handle himself but in all honesty, a fired up Bronson Box could possibly put him in the grave.

Malak looks like his usual shook self. He holds a box of tissues as he pats his cheekbones dry.

**Malak Garland:**

Listen, I never wanted things to go this way. Everything got out of hand after I permanently injured Gage Blackwood to retain my lucious Paper Title even though he's standing right there in the ring! Gage, I know you're contemplating retirement and let me help you out with that decision-go for it! But listen, hey, one thing happened after another and now I'm standing here, in the safety of an undisclosed witness protection room, literally shaking to the bone because you want to do perverse things to me in a WARCHAMBER match at DEFROAD!? Wow, okay. LOTS TO UNPACK HERE! Firstly, I'm not built like you. I can't withstand that kind of ogre-like punishment. Nonsense.

Garland has to take a breath to collect himself.

**Malak Garland:**

Now, I have to spend the next week or two in captivity because the rules of this place are silly. You can't just come and go as you please when you feel unsafe and I've already used three of my five free monthly check-ins here and I always want to keep a buffer of one in my back pocket for an emergency. That said, in theory, I would be discharged in time to attend DEFROAD and your proposed match.

The Keyboard King pauses, enabling the rabid fans to shout obscenities at the screen.

**Malak Garland:**

But alas, I cannot graciously accept your challenge. It's too much for me. My bucket is full right now. I'm here at the safe point, getting my tools in my toolbox sharpened and I simply don't have the capacity right now to entertain your snuff film challenge, you rotten, piss soaked ditch licker.

The fans hate his response.

**Lance:**

Jeeze, for a guy talking through a screen, Malak sure is brave with his "carefully" selected words.

Box is fuming. Bates laughs atop the ramp.

**Malak Garland:**

Besides, I just checked my phone and I've already got a Teams meeting invite in my calendar for that date and I simply cannot move it. I'll share my schedule with everyone on DEFCOM later to prove I'm not a liar.

The Original DEFIANT has obviously heard enough.

**Bronson Box:**

ENOUGH! You *[censored]* child- this is all there is to you, isn't it?! You shallow, yellow little coward?! Everything about you is as paper thin as that embarrassing "title" you carry around, you bloody cartoon-

Blackwood can't help but intervene.

**Gage Blackwood:**

Garland, you are the antithesis of DEFIANCE. You would have the original creators of this company rolling in their graves had THEY signed your contract. You present no good qualities whatsoever. Now, I don't know what a Twitter is, I don't do that online nonsense but your comments eventually find me. So if you want to take your "talents" elsewhere, be gone. You don't belong here, aye.

Blackwood starts laughing.

**Gage Blackwood:**

Why don't you PROVE you finally do.

Malak's gaze drops slightly and we see his lip curl into a little angry snarl before the mask drops back down.

**Malak Garland:**

Okay, okay, okay. You know what? Fine. I can cancel my restorative yoga. Heck, I can face you in a WARCHAMBER match at DEFROAD BUT- first, you have to beat Cyrus Bates at the year end Uncut show. Only then will you get this delectable opportunity to be made famous by yours truly. Now, if you'll excuse me, they are about to serve orange flavored jell-o at the safety shelter I am inconspicuously located at. Best of luck, Bronson. Best of luck indeed.

The video feed of Malak of the tron cuts just as Box is left staring down Bates with about ten feet of ramp between the two. Suddenly, Siobhan Cassidy jumps on Box's back from behind. Bronson is quick to lightly twirl her off but it distracts him just long enough for Bates to come barrelling in with his high quality axe kick to the face! Gage can't really get involved due to his injuries but that doesn't stop The Noble Raider from shouting at Bates.

**Lance:**

Keyboard Kick! Bates just ousted a distracted Box with his finisher!

Cyrus raises his arms for a moment before collecting Cassidy and heading to the back. Box, briefly stunned, shakes the cobwebs free before racing to the back himself.

**DDK:**

IT'S BATES VERSUS BOX AT UNCUT AND IF BOX WINS, HE GETS MALAK GARLAND IN A WARCHAMBER MATCH AT DEFROAD! LET'S GO!

## BRAZEN WOMEN'S CHAMPIONSHIP: OPHELIA SYKES (C) vs. LINDSAY TROY

**DDK:**

We are kicking off tonight's in-ring action with a championship match

**Lance:**

For the first time ever, the BRAZEN's Women's Championship will be defended on DEFtv when the champion, Ophelia Sykes, defends against Lindsay Troy.

**DDK:**

As much heart and promise as Ophelia has been showing, on paper this is a mis-match for the ages. Vae Victis took advantage of Ophelia's relative inexperience to get her to agree to this.

**Lance:**

Not only that, but at DEFIANCE Road Troy will team with bestie Henry Keyes to take on Sykes AND her boyfriend Pat Cassidy. A match that Cassidy is less than thrilled about.

♪ "Va Va Voom" by Nicki Minaj ♪

As the DEFiatron plays a video showing highlights of Ophelia's many recent successful championship defenses, the champ herself marches through the curtain dressed in her usual ring gear. Behind her, looking stoic and wearing a maybe forced expression of determination, is "Black Out" Pat Cassidy dressed in jeans and black SNS t-shirt. Sykes stops at the top of the ramp and raises the BRAZEN Women's Championship in the air as the cam zooms in on her face. She looks into the camera and winks before bringing the belt down and beginning her march to the ring as Pat walks behind her massaging her shoulders like a handler in a boxing movie.

**Darren Quimbey:**

The following contest is scheduled for ONE FALL and is for the BRAZEN Women's Championship... introducing first, being accompanied by Pat Cassidy... the champion: OPHELIA SYYYYYYYKES!

Sykes marches up the steps and stops on the apron. She grabs hold of the top rope and leans back, dancing in tune with the song before stepping into the ring. She jumps up to the top rope and holds the title high as her music dies out.

And that's when the doom piano begins its ominous symphony.

Lindsay Troy has entered the ring and given the DEFIANCE Faithful a photo op or two from the turnbuckles before hopping off and shrugging out of her jacket. She stretches her back out against the ropes and grins across the ring at Ophelia, who looks ready to go.

“Stranger Fruit” dies out and Carla Ferrari calls for the bell.

Before she can get tossed again, Sykes slips down Troy's leg and hooks it looking for a takedown. This would be a good idea... if it worked. Instead, Lindsay lifts her leg and shakes her off, then grabs and tosses her AGAIN, this time with a release German suplex that sends Ophelia into the ropes and out of the ring!

Ophelia grimaces and gets to her feet, holding the back of her head. Pat's right by her side and the two quickly talk strategy, Ophelia nodding along with whatever Cassidy's suggesting. Carla Ferrari is up to a five count before Lindsay waves her off and walks over to the side of the ring where she threw Sykes. Keyes stands up from his chair and cups his hands to his mouth to shout his own encouragement to the ring.

**Henry Keyes:**

HEY MISS TROY, YOU'RE DOING GREAT, YOU DON'T NEED ANY TIPS AND TRICKS FROM ME BECAUSE YOU'RE THE GREATEST OF ALL TIME! GOOD SPORTSMANSHIP THOUGH, GOOD SPORTSMANSHIP!

In the ring, Lindsay has stopped smashing Ophelia's face at Carla's 4.5 count and has hauled her to her feet.

Lindsay shoots Ophelia into the ropes with an Irish whip and on the return picks her up and over her right shoulder, letting the BRAZEN women's champ hang down her back while holding onto her knees. **Henry Keyes:**

If it's enough, Ophelia should just tap out, shouldn't she, Lance? YOU'RE STILL TOO CLOSE TO THE FLYNN BY THE WAY.

Ophelia's crying out in pain; the ropes are so far away. Lucky for her, she doesn't have to suffer for long, because Pat Cassidy hits the ring and barrels into Lindsay Troy, forcing her to release the hold and for Carla to call for the bell and the disqualification.

Sykes, holding her ribs, frowns and begins to shout something.

Keyes and Cassidy begin to full-on scrum, rolling and turning and trading who's on top!

Eventually, it's Cassidy on top once again! He's about ready to throw more haymakers, when-

**CRACKKKKK!**

Troy comes FLYING in and connects with a blasting dropkick to the side of Cassidy's head! Keyes shakes the cobwebs out, and soon both members of Vae Victis are stomping a big ol' mudhole into The Scrapper from Southie.

Keyes snatches the Flynn Cup and hands it to Troy as they make their exit. Boos rain down from all sides.

Jamie Sawyers.

Let's word some things!

### **Jamie Sawyers:**

Thank you to our loyal DEFIANTs for joining us tonight! We're just a few short weeks away from DEFIANCE Road and my guest at this time has a chance to put himself on that card with a win tonight. Please welcome the promoter Thomas Keeling... and his client, Mil Vueltas!

The cheering is big in the background as Mil Vueltas is in his red, green and white ring gear and mask, along with Thomas Keeling and his gaudy silver suit. Thomas walks up to shake the hand of Jamie.

### **Thomas Keeling:**

Jamie. Pleasure.

### **Mil Vueltas:**

Si.

### **Jamie Sawyers:**

Now, tonight, seems to be make or break for both yourself and Butcher Victorious. As you all agreed to this match with Oscar Burns two weeks ago, the stipulations are this: if Mil wins, he gets Oscar in a rematch at DEFIANCE Road. If Butcher wins, he could potentially be reinstated into Vae Victis. What are your thoughts going into this match?

Mil nods.

### **Mil Vueltas:**

Oscar Burns... he one of the biggest names in DEFIANCE... but he's also the biggest ASSHOLE in DEFIANCE! He's disrespected all of us for too long and needs to be put in place!

That gets cheers in the background from The Faithful! Thomas Keeling elaborates further for his client.

### **Thomas Keeling:**

Week in and week out, we have all seen Oscar Burns and Vae Victis treat Butcher Victorious like a figurative and sometimes like an even LITERAL footstool. We've been trying to reach Butcher for weeks, but if he doesn't want to listen, then Mil has no choice but to go through him tonight in order to get to the root of the problem.

### **Mil Vueltas:**

Si, amigo. I know what it like to be manipulated. Tom Morrow... when he was Junior Keeling and MY manager three years ago... he did to me what Burns doing to you, Butcher. Using you. Esta noche, puedes aceptar mi ayuda o puedes apartarte de mi camino!

That's right! Tonight, you can accept our help or we can go through you to get to the problem head on...

NAH, NAH, NAH!

Everyone stops when approaching the backstage area is none other than Butcher Victorious in his tattered dirty "VV Trainee" t-shirt and purple tights. He looks down at Mil as Jamie holds the microphone up, prompting Butcher to shove his microphone away.

### **Butcher Victorious:**

He reaches into his back pocket to pull out his own custom purple microphone known as...

**Butcher Victorious:**

Thomas looks slightly uncomfortable.

Butcher tunes him out.

**Butcher Victorious:**

Where was MY Thomas Keeling, huh, Mil? Tom Morrow? Madame Melton? Where were ANY of them! Nobody cared about me! NOBODY!

Now starting to get flustered, he continues.

**Butcher Victorious:**  
NOBODY cared about me... OSCAR BURNS was the only man who helped me! OSCAR BURNS was the only man who gave me a chance! OSCAR BURNS was the only person who ever saw anything I could do. So you want to know why I pack bags for Vae Victis? Get them water? Get them Combos? Get them snacks? It was WORTH it! Because I was IN the group! And I had a title! I was SOMEBODY...

He jabs Mil in the chest with a finger, but Mil slaps it away.

**Butcher Victorious:**  
Until your REAL amigo, Uriel Cortez, took MY belt and caused all this! And now, you notice me? NOW you want to be Butch Vic's friend, huh?

After pouring his frustrations out, Butcher is fuming. Mil and Thomas look at one another before addressing his concerns.

**Mil Vuelas:**  
I'm sorry Uriel put you in this spot, amigo... I don't know what's going on with him, but you're right. Until recently, we never crossed paths. Thomas Keeling came back only as favor to me.

**Thomas Keeling:**  
That's right. Sorry you felt this way, young man... but everything this group's been doing to you... that's what you really want? Constantly proving yourself to men and women who view you as nothing more than an errand boy?

Thomas Keeling reaches into his pocket.

The promoter for Mil Vuelas reaches into his pocket and hands him a business card.

Mil extends a hand out to Butcher. He looks at it... then laughs.

## HAPPY HOLIDAYS FROM MI FAMILIA TO YOURS

Standing in front of a fully-decorated Christmas tree, sits a mammoth man in a buttoned-up blue dress shirt, dark blue dress pants and dark rounded sunglasses. Over his left shoulder, he's parading around the Favoured Saints Championship.

That man?

### **Uriel Cortez:**

Hello, friends... and more importantly, hello to Mi Familia. I am Uriel Cortez. YOUR Favoured Saints Champion and of course, The Titan of Industry and Proud Papa of Titanes Familia. Taking a little time from my busy schedule of SUCCESSFULLY making it to four defenses to wish everyone a Happy Holiday season. And in the spirit of camaraderie, I want to extend a very special greeting to those that matter the most to me...

Uriel hoists the title just a little bit higher on his massive shoulder.

### **Uriel Cortez:**

The year 2023 may have been the best yet for Titanes Familia. Mil Vueltas is out there killing it on his own, but still representing the Familia. Dan Leo James is fully recovered from what Madame Melton's Most Precious Gems did to him and he's ready to take them down. And most importantly, Titaness, my lovely wife, is going to bury her heels so far in every one of their narrow asses that they'll be walking funny all through 2024. Familia First. And as for me, I cemented my name among the greats of the Favoured Saints Championship by making it to the four defenses necessary to earn a Southern Heritage Title match at a place and time of my choosing. Call it a little Christmas gift for myself.

A quick pat of the nameplate.

### **Uriel Cortez:**

And while everyone is setting their sights on different New Years Resolutions such as losing weight, eating healthier, working harder, reading more, and anything else to give themselves a better quality of life, I'm setting my sights a little bit higher for Titanes Familia. 2024 won't just be our best year - 2024 is literally going to be OUR year...

The tone in his voice starts gets noticeably lower.

### **Uriel Cortez:**

For anyone that made Titanes Familia a target this year... I'm talking about Doctor Ned Reform, I'm talking about The Most Precious Gems, Tom Morrow, The Devil's Circus, Team HOSS, M4NTRA... I already made a New Year's Resolution to keep the receipts. And I'm telling each and everyone of you that if you see me coming down the hallway, that you best turn around and walk in the opposite direction because if you don't... you are FUCKED. Because I made a promise after what happened to my mother this year...

Uriel bites his lip, trying to hide back rage.

### **Uriel Cortez:**

...that we will NEVER be victims again. That Mi Familia will NEVER be targeted again. With this title, I showed that nice guy Uriel Cortez is a distant memory and all you've got left from here on out is "Zero Fucks Given" Uriel Cortez. With this title, I showed that NO ONE is an exception to these new rules... all the way from a mouthy little bottom-feeding cloud-chaser like Eric Dane Jr. all to the very top with a man that THINKS he's this company like Oscar fucking Burns. NO exceptions...

Now the giant leans a little bit closer in his seat.

### **Uriel Cortez:**

Not even YOU, Corvo Alpha. With respect to whoever challenges you tonight, Corvo, I hope it's you that wins tonight. I don't have any problems with you. Like me, you were manipulated by someone who only had his best interests instead

of yours and when that influence was gone, we both thrived. You didn't do anything wrong. You're just in the wrong place at the wrong time. You're holding something I want to make my life better... and that's the Southern Heritage Championship. Tonight, I'll be watching to see who accepts your challenge.

Uriel looks up.

**Uriel Cortez:**

I have spent years trying to protect Mi Familia and have done everything I can to make the best living for the future of my wife and friends while trying to balance this act as the bigger person. For years, I tried... I really did. I really, really did... but in the year 2024, I am done trying to play nice. I am done trying to be the bigger man...

He finally stands up and reaches his full, towering seven-foot two height. With one kick, he sends the steel chair flying across the set.

**Uriel Cortez:**

Now?

In one more kick, the entire tree behind him gets knocked over, sending lights and ornaments flying! After the tree has been brought down, Uriel turns and looks back to those watching right now.

**Uriel Cortez:**

I'm just going to be the BIGGER man.

## THE CLUCKY SEVENS

Backstage a big reaction is heard from the Faithful watching when Max and Mason Luck are discussing business. DEFIANCE's (Allegedly) Hottest Tag Team march down the hallway.

**Max Luck:**

Ready to stack a few more bodies?

**Mason Luck:**

Damn right. I'll see you in a second ... and got some more artwork cued up. Heh.

Mason and Max bump their fists together and Mason leaves one way. Max heads down the corridor until he reaches a table with water bottles for the talent. He grabs one and twists the cap off he takes a chug of it. Enjoys it for a moment then finishes off the bottle. He looks for a place to dispose of the plastic and tosses it in a recycle container. As he turns around to return to where Mason was he comes face to face with Tom Morrow's newest BFTA member Big Kahuna Ali'i. Ali'i in his wrestling attire slowly removes his shades.

**Max Luck:**

Oh ... you're the inferior product that Tommy dropped us for, right?

**Big Kahuna Ali'i:**

Nah ... I'm the upgrade.

The Beast of the Bright Lights is sizing up the monstrous man.

**Max Luck:**

So you say, shades. Sorry ... what the hell's is your name again? So we know what to tell the coroner when Mase and I take you out.

Big Kahuna Ali'i braces himself for battle ... but he smiles because Max doesn't turn around fast enough!

**Jestal:**

His name is....

Jestal comes from behind Max with Clucky in hand and slams the loaded rubber chicken right into the knee of Max, who shouts in pain as he collapses writhing in pain holding his knee. Big Kahuna Ali'i goes over and pins Max to the ground with both feet! Jestal though is relentless as he continues to slam Clucky down on the injured knee.

**Jestal:**

**Mason Luck:**

The DC quickly look at an oncoming Mason, now with a chair in hand. Ali'i slowly puts his shades back on and follows Jestal as they escape the crime scene and flee down the hallway! Mason reaches his brother, holding his knee in immense pain! He starts to hobble up to his feet and wants to go after them, but stops!

**Mason Luck:**

Hey ... can you walk?

Max is favoring his left leg as he tries to stand.

**Max Luck:**

I ... damn it ... I don't care. I'm gonna beat the [censored] out of that clown, then I'm gonna f[censored] up Jestal, too!

Max starts to hobble next to his twin.

**DDK:**

The DC has just assaulted Max Luck, and they have a match tonight. Could that bounty be collected tonight by the Gentlemen's Agreement?

## COMMERCIAL: DEFIANCE LIVE

## CHALLAAAANGE!!

Backstage Craig Massey is dressed in a checkered professional business suit and holding a microphone. He has horn-rimmed glasses on and a red handkerchief protruding from his front jacket pocket. His hair is slicked back uncomfortably.

Scott Hunter walks into the frame.

He's wearing tight green shorts which show off much more than any man should, and has a blue and yellow vest on over a very visible torso, highlighting his physique and inability to coordinate colors.

### **Announcer Craig:**

Hello everyone, I'm Craig Massey, and tonight I'm talking to Scott Hunter, who is undefeated in December. Scott, DEFIANCE Road 2024 is just around the corner, and I understand you have some plans to announce regarding the big show.

### **Scott Hunter:**

I do indeed, Craig. At DEFIANCE Road 2024, I am planning to wrestle fight someone. I am officially making this open challenge because it is the best way to find someone to fight unless you are willing to use racial slurs, which I am not. So watch your mouth!

### **Announcer Craig:**

I see. Any preferences on who you'd like your opponent to be?

Scott leans in.

### **Scott Hunter:**

No.

### **Announcer Craig:**

None at all?

Scott leans in again.

### **Scott Hunter:**

No.

### **Announcer Craig:**

Alright then. You're known for your unique style in the ring. Care to give the fans a taste of what they can expect?

Scott leans in.

### **Scott Hunter:**

No.

### **Announcer Craig:**

Okay. Any words for your possible opponent then??

Scott straightens up and adjusts his... well, you know.

### **Scott Hunter:**

YES. To whoever is out there watching who wants to wrestle me, I say come on down, you are the next contestant on some game show I saw once. I will lift you up and then place you back on the mat really hard. It'll be great. For me. For you, it will probably suck.

**Announcer Craig:**

How about the people in Berlin? Do you have any words for them?

**Scott Hunter:**

Yes, yes. To Berlin, I want you all to know that I have never been to your city, but based on what I have seen on a five-second Google search, truly, you Take My Breath Away. I'm sorry, but I just have No More Words. I can't wait to hop aboard The Metro and see your lovely city and I really want to see that wall that everyone seems so psyched about.

**Craig Massey:** *[dropping the announcer pretense]*

Come on man, they tore that wall down like thirty years ago.

**Scott Hunter:**

Which wall?

**Craig Massey:**

The Berlin Wall.

**Scott Hunter:**

Berlin has a wall?

**Craig Massey:**

Uh, yes. What other wall could you possibly be talking about?

**Scott Hunter:**

So Berlin has a wall. So.. what, do they perform concerts on top of the wall on a pretty regular basis? I really liked that Top Gun movie, you know, the one where Tom Cruise was a fighter pilot who saved a bunch of orphans or endangered cats or something... and I believe they were in that, like they played fighter pilots or hot dog vendors or something weird.

**Craig Massey:** *[after a facepalm]*

Scott, I'm not talking about Berlin the band. I'm talking about Berlin the city. You know, the place where DEFIANCE Road is taking place? The place where your open challenge will be taking place? And... the Berlin Wall... come on, man. You don't know what the Berlin Wall was?

**Scott Hunter:**

No.

**Craig Massey:** *[sigh]*

Okay whatever. So do you have...?

Scott holds up a scolding finger.

**Announcer Craig:** *[back in character]*

So, do you have any final words before we turn things back over to the boys at ringside?

Scott turns toward the camera, a very stern, serious expression on his face, and points violently in the camera's direction.

**Scott Hunter:**

Only this. I am a very serious professional wrestler person and I demand respect. I am undefeated against people whose first names are longer than three letters and I expect to be treated accordingly. I'm not some Johnny Come Lately. My name isn't even Johnny, so why would you ever call me that?? It doesn't make any sense!! So don't call me that. My name is Scott, Scott Hunter, and on the DEFIANCE Road, I will face whoever is brave enough to face me, and I will break his face with my hands and feet, probably kick him in his knee or upper thigh, and eventually, force him to succumb to my world-famous figure four leg lock, which in case you don't remember, I created from scratch, like a

pancake from Cracker Barrel. In addition, I will happily travel to the city of Berlin, look at any and all walls available, and listen to some kicking 80s new wave if I have enough time.

**Craig Massey:** *[back out of character]*

Like Tears for Fears?

**Scott Hunter:**

Tears for... what?

**Craig Massey:**

Duran Duran?

**Scott Hunter:**

Why did you say that twice?

**Craig Massey:**

Talking Heads?

**Scott Hunter:**

All heads are talking heads? Where do you even get these words from? What is even happening right now??

**Craig Massey:**

The Police.

Scott panics, looking around.

**Scott Hunter:**

WHERE?!?! QUICK, HIDE THIS!

Scott quickly passes Craig a small envelope and then places a hand on his shoulder.

**Scott Hunter:**

I was never here.

...and darts out of frame.

Craig looks into the envelope pensively and sees what appears to be cocaine inside. He leans toward it and realizes it's just sugar.

He sighs, drops the microphone and the envelope, shakes his head, then walks away as well.

## THE LUCKY SEVENS vs. GENTLEMEN'S AGREEMENT

**DDK:**

We've got Gentlemen's Agreement making an attempt to collect on Tom Morrow's bounty by taking on the Lucky Sevens next ... but after that attack earlier today by The Devil's Circus on Max Luck's left knee, will they have the chance to collect?

**Lance:**

They just might! Lord Sewell and Oliver Tarquin Monroe have Earl Roberts at ringside, but they're going in with this disadvantage. There's no doubt that attack on Max's knee was retribution for their part in lighting Tom Morrow's limo on fire.

**Ed White:**

I get the distinct feelin' you haven't been payin' me the kind of attention I deserve, Dexy-

The look that Ed White shoots the camera is as stone cold serious as we've seen him since his return. A coldness, and an intensity that gives anyone new to The Socialite a window into the man behind the sometimes cartoonish bravado.

**Ed White:**

Your focus has been on these cockamamie open challenges you've been bookin' yourself into- preposterous behavior from my perspective, but who am I to judge the actions of an imbecile. Dexy, I am not a man to play second fiddle to the likes of Scott Hunter and that goddamn idiot that walks around here a box on his head- I'm Edward White damn you! You disrespectful not-so-little turd, I deserve ones undivided attention- when I don't get it I- well, I have a tendency to- *overreach*.

He takes a long hard look at his picturesque surroundings.

**Ed White:**

Dex when I said that powerful, canny, ruthless, *RICH* men like me nowadays seem to be able to get away with just about anything? I goddamn meant that-

He raises his hand and snaps his fingers- and the scene around Edward changes so significantly we get an audible gasp from the crowd. Dex Joy takes a helpless step forward, balling up a fist white knuckle tight as he observes every inch of his beloved park back home reduced to a huge construction zone as far as the eye can see. The playground equipment, the grass, and most importantly the people are all long gone. Even the modest looking apartment buildings that surrounded the park look to be being emptied and stripped for future demolition.

**Lance:**

Oh wow- people *lived* there. For God's sake, Ed.

**DDK:**

Ladies and gentlemen, this is sick.

The anger sure, but the hurt- it's written all over the EveryChamp's face as he continues to watch the video, helplessly. Of this piece of his childhood, of his charitable works since coming to prominence here in DEF all obliterated out of sheer spite- we can all tell a part of him almost can't believe what he's seeing.

**Ed White:**

You must not get home much, because all this-

Still sitting on the same bench he was in the obviously older half of the vignette, Ed motions around himself-

**Ed White:**

Started *WEEKS* ago- with enough money you can move mountains, Dexy. And damn fast, too. And boy howdy do I have a *lot* of money.

He leans back and drapes his arms over the back of the bench.

**Ed White:**

And don't worry Dex my boy, I let all the folks who's homes we bought up around this here park know they have you to thank for all this. Silver linin' bud, you and they can all come on back and visit once this soon to be state of the art multi million dollar golf course opens sometime next year. I don't play myself, but I needed a big investment opportunity- to accomplish that financial goal AND break your fat little heart all at the same damned time? I mean come on, kiddo- I couldn't pass an opportunity like that up, now could I?

Ed pauses again. No birds, no children playing. Just the shouts of construction workers and the rumble and clanking of the demolition work going on all around him in all directions.

**Ed White:**

Tell me truly- do I have your full and undivided attention now- *champ*?

Dex hasn't moved, his hands still grip the FIST white knuckle tight- his eyes filled with pain and furious anger. As the vignette ends Dex is left alone in the ring, the crowd not sure how to respond to this intense, real life drama that just played out in front of them.

**DDK:**

All this time ... Jane Katze taking notes ... that business call while Ed White was scouting. White even alluded to this on commentary with us a few weeks ago ...

## SOHER OPEN CHALLENGE: CORVO ALPHA (C) vs. ???

Keebler and Warner smile at the Commentation Station.

**DDK:**

Well, fans... it's been a wild ride tonight but it's time now for the evening's Main Event!

**Lance:**

Corvo Alpha captured the Southern Heritage Championship at ACTS of DEFIANCE and since then he's turned our tour through Germany into a brutal victory lap, winning over the hearts and minds of a truly global audience. Tonight, we are told that he has issued an open challenge to any athlete in the building and there is certainly no shortage of qualified challengers backstage!

**DDK:**

That's absolutely true! A case could be made that several top stars are deserving of a shot. Most interestingly, Uriel Cortez, our Favoured Saints Champion, recently racked up his fourth title defense and could easily make a case for stepping into this Main Event and no one could protest!

**Lance:**

What we saw earlier from him indicates that tonight won't be that night. But! Let's go to the ring and see who it'll be!

We cut to Darren Quimbey in the ring who adjusts his bow tie before nodding to the hard camera.

**Darren Quimbey:**

Ladies and gentlemen, it is now time for our MAIN EVENT! The following contest is an OPEN CHALLENGE for the Southern Heritage Championship! Introducing first...

The crowd buzzes as the lights dim. A lone spotlight scans the arena before resting several tiers up in the rabble where we see a surge of attention and energy.

**Darren Quimbey:**

He is the reigning and defending DEFIANCE Wrestling Southern Heritage Champion! Weighing in at two-hundred and fifty pounds...

Shirtless with just a smear of red warpaint emblazoned across his chest, Alpha stops at the railing - regarding the cheering fans all around him - before leaping over the guardrail and unhooking the pink leather strap from around his waist. He hurls it under the bottom rope and into the ring and slinks in after it.

**Darren Quimbey:**

Call him... CORVO! ALPHA!

Rising to his feet, Alpha's wild eyes peek from behind a more deliberately applied mask of yellow and black face paint. He raises the SOHER high overhead with a single arm to an ovation before bending over to carefully lay it out in front of him on the canvas — an invitation in the very center of the ring. He falls back, seated into his corner; brooding, waiting...

Quimbey steps forward once more, brushing past Referee Rex Knox.

**Darren Quimbey:**

And his OPPONENT... the CHALLENGER!

Anticipation quickly builds once more as the lights slowly dim.

**DDK:**

Who's it gonna be?!

**Lance:**

While Dex Joy has made the FIST a title for EVERYONE, sharing his amazing, heroic journey with the Faithful, on the other side of the coin, Corvo Alpha seeks to put his strap out there for *ANYONE*!

An indecipherable-to-the-english-speaking-ear chant takes hold of the building.

**DDK:**

Who will answer the challenge here in Leipzig?!

Annoyed by the delay, Alpha bolts to his feet, pacing.

**DDK:**

Three huge guitar riffs play and the music pique's the champion's attention. When the music plays...

It's not Uriel...

**Lance:**

TITANESS?!

Sure enough, the wife of the current Favoured Saints Champion is out in full force and gets a reception from the crowd. The serious look on her face is not too different from earlier in the night when confronting The Most Precious Gems. She has a look on her face that's she's about to jump into the fire, but does so with a full march to the ring and gets cheers for her efforts!

**DDK:**

Wait! Uriel Cortez is waiting to announce his title shot?! What if Titaness wins this match?! Then what?!

**DDK:**

Questions for another time! We have a title match to get to!

Once she reaches the ring, Titaness leans down to retrieve Alpha's silent invitation, the prized championship, off the mat and regards it for a long moment before raising it above her head to a cheer from the Faithful. Alpha eyes her handling his belt warily, almost snarling. Handing the title to the official, Knox steps between them both to hold the belt up, showing the world just what is at stake. Flashbulbs burst around the building.

**DDK:**

You can't help but feel the tension!

One of the ANGRIEST kickouts I've seen in some time as this CROWD has come alive!

The hard cam dramatically peels back to show the German Faithful 100% into – and adding to – the moment. In the ring, Alpha rises from one knee to return Titaness' threatening stance and glare, the pair keenly “in the moment” as well.

**Lance:**

Since her debut in 2019, we have all had a proverbial ringside seat to the once and former Princess HOSS' development into one of the most well-rounded, most impressive performers on the roster. All along the way, she has been dreaming of a moment like this. Is *this* that moment?!? Leipzig, Germany, a sold out OVER capacity, standing-room only, RABID crowd! Stepping up for the Southern Heritage Championship in the MAIN EVENT!

Once again, the pair press towards each other - nose to nose. More flashbulbs.

Titaness fires back with a forearm of her own! And ANOTHER!
